## BaBylissPRO BNT053TUC

# BaBylissPRO Nano Titanium Travel Dryer (Model BNT053TUC) User Manual

Your guide to safe and effective use of your BaBylissPRO Nano Titanium Travel Dryer.

## 1. INTRODUCTION

Thank you for choosing the BaBylissPRO Nano Titanium Travel Dryer. This compact and powerful hair dryer is designed for convenience and performance, featuring Nano Titanium technology for efficient drying and a foldable handle for easy portability. This manual provides essential information for the safe operation, maintenance, and care of your device.

## 2. IMPORTANT SAFETY INFORMATION

---

Please read all instructions before using this appliance. Keep away from water. As with most electrical appliances, electrical parts are electrically live even when the switch is off. To reduce the risk of death by electric shock:

1. Always unplug the appliance immediately after using.
2. Do not use while bathing or in a shower.
3. Do not place or store appliance where it can fall or be pulled into a tub or sink.
4. Do not place in or drop into water or other liquid.
5. If an appliance falls into water, unplug it immediately. Do not reach into the water.

For detailed safety guidelines, please refer to the official Safety Information PDF document: [Safety Information \(PDF\)](#)

### 3. PRODUCT FEATURES

---

- **Nano Titanium Technology:** Provides superior heat conductivity and maintains stability in ultra-high temperatures.
- **1000 Watts:** Powerful airflow for efficient drying.
- **Ultra-Lightweight Design:** Reduces arm fatigue during use.
- **Foldable Handle:** For compact storage and travel.
- **Dual Voltage (120V/240V):** Allows for worldwide use.
- **2 Heat/Speed Settings:** Offers versatility for different hair types and styling needs.
- **Removable Rear Filter:** Facilitates easy cleaning and maintenance.
- **Concentrator Nozzle:** Included for precise styling.
- **6 ft. Power Cord:** Provides ample reach.

The perfect dual voltage  
tool for **on the go.**

Figure 2: Key Features of the Travel Dryer

## 4. SETUP

1. **Unfold Handle:** Gently pull the handle away from the dryer body until it locks into place.
2. **Attach Concentrator Nozzle (Optional):** Align the concentrator nozzle with the front barrel of the dryer and push it firmly into place.
3. **Select Voltage (for international travel):** Locate the dual voltage switch, usually on the side of the dryer. Use a coin or screwdriver to slide the switch to the appropriate voltage (120V or 240V) for your region. **Ensure the correct voltage is selected before plugging in the dryer.**
4. **Plug In:** Insert the power cord into a suitable electrical outlet.

## 5. OPERATING INSTRUCTIONS

The BaBylissPRO Nano Titanium Travel Dryer features a simple control switch for power and heat/speed settings.

1. **Power On/Off:** Slide the switch to the 'LOW' or 'HIGH' position to turn the dryer on. Slide to 'OFF' to turn it off.
2. **Heat/Speed Settings:**
  - **LOW:** Provides a gentle airflow and lower heat, suitable for delicate hair or precise styling.
  - **HIGH:** Delivers maximum airflow and heat for faster drying of thicker hair.
3. **Drying Hair:** Hold the dryer approximately 6-8 inches away from your hair. Use the concentrator nozzle for targeted airflow and smoother results. Move the dryer continuously to prevent overheating any single section of hair.

## 6. MAINTENANCE

Regular maintenance ensures optimal performance and extends the life of your hair dryer.

1. **Cleaning the Rear Filter:** The dryer features a removable rear filter. Periodically, unplug the dryer and twist or pull off the rear filter cover. Use a soft brush or vacuum cleaner to remove any accumulated dust or lint. Reattach the filter cover securely before next use.
2. **Cleaning the Exterior:** Wipe the exterior of the dryer with a damp cloth. Do not use abrasive cleaners or solvents.
3. **Storage:** When not in use, unplug the dryer and allow it to cool. Fold the handle for compact storage. Do not wrap the power cord around the dryer, as this can damage the cord. Store in a dry, safe place.

## 7. TROUBLESHOOTING

Problem	Possible Cause	Solution
Dryer does not turn on.	No power, incorrect voltage setting, or internal fault.	Check power outlet. Ensure dual voltage switch is set correctly. If problem persists, discontinue use and contact support.
Weak airflow or overheating.	Blocked air intake filter.	Unplug dryer and clean the removable rear filter as described in Section 6.
Concentrator nozzle falls off.	Loose fit.	Ensure nozzle is pushed firmly onto the barrel. If it continues to fall off, it may be worn.

## 8. SPECIFICATIONS

- **Model Number:** BNT053TUC
- **Brand:** BaBylissPRO
- **Power:** 1000 Watts
- **Voltage:** Dual Voltage (120V/240V)
- **Material:** Ceramic, Titanium
- **Color:** Blue
- **Product Dimensions:** 5.5 x 2.5 x 6.25 inches
- **Weight:** 9.6 ounces
- **UPC:** 074108412775

## 9. WARRANTY AND SUPPORT

This BaBylissPRO Nano Titanium Travel Dryer comes with a **1-Year Limited Warranty** from the date of purchase. This warranty covers manufacturing defects under normal use. It does not cover damage resulting from misuse, accidents, unauthorized repairs, or normal wear and tear.
