# Nanoblock NBC-022 Meerkat Construction Set Instruction Manual

Brand: nanoblock | Model: NBC-022

INTRODUCTION

This manual provides detailed instructions for assembling the Nanoblock NBC-022 Meerkat construction set. Nanoblocks are miniature building blocks designed for creating highly detailed models. This set contains approximately 140 pieces to construct a Meerkat figure.

SETUP

1. **Unpack Contents:** Carefully open the product packaging and remove all components.

2. **Verify Parts:** Ensure all approximately 140 pieces are present. Refer to the included instruction sheet for a complete list of parts and their shapes.

3. **Prepare Workspace:** Set up a clean, well-lit, and flat surface for assembly to prevent loss of small pieces.

ASSEMBLY INSTRUCTIONS

Follow the step-by-step visual instructions provided in the included instruction sheet. The general assembly process involves connecting the miniature blocks securely.

1. **Understand the Diagram:** Each step in the instruction sheet will show which blocks to use and where to place them. Pay close attention to the color and shape of the blocks.

2. **Start from the Base:** Typically, Nanoblock models are built from the bottom up. Identify the base pieces and begin constructing the foundation of the Meerkat.

3. **Secure Connections:** Ensure each block is firmly pressed into place. The small studs on top of the blocks should fit snugly into the holes on the bottom of other blocks.

4. **Layer by Layer:** Proceed with assembly layer by layer, carefully following the sequence shown in the instructions.

5. **Detailing:** As you progress, add smaller detail pieces to form the Meerkat's features, such as its head, limbs, and tail.

Note: Due to the small size of the blocks, precision and patience are key for successful assembly.

MAINTENANCE

- **Cleaning:** To clean your assembled Nanoblock model, gently wipe it with a soft, dry cloth. For more stubborn dirt, use a slightly damp cloth with a mild soap solution, then wipe dry immediately. Avoid harsh chemicals or abrasive materials.

- **Storage:** Store the model in a dry, cool place away from direct sunlight to prevent discoloration or material degradation. Keep any unused or spare blocks in a secure container to avoid loss.

TROUBLESHOOTING

- **Missing Pieces:** If you find any pieces are missing from your set, please contact the retailer or Nanoblock customer support for assistance.

- **Difficulty Assembling:** Double-check the instruction sheet to ensure you are using the correct blocks and placing them in the right orientation. Sometimes, rotating a block or re-examining the previous steps can resolve the issue.

- **Loose Connections:** Ensure that blocks are pressed firmly together until you feel a secure connection. If blocks repeatedly come loose, check for any debris or manufacturing imperfections.
