Litex E-WOD52WW5C 52-Inch Indoor/Outdoor Ceiling Fan Instruction Manual

Model: E-WOD52WW5C

1. INTRODUCTION AND OVERVIEW

This manual provides detailed instructions for the safe installation, operation, and maintenance of your Litex E-WOD52WW5C 52-inch Indoor/Outdoor Ceiling Fan. Please read all instructions carefully before beginning installation to ensure proper function and safety.

The Litex All Weather Collection ceiling fan is designed for versatile use in both indoor and outdoor environments. It features five white ABS blades and a single light kit with frosted glass, offering both functionality and a modern aesthetic. This fan is engineered for reliable performance and quiet operation.

Image 1.1: Litex E-WOD52WW5C 52-inch Indoor/Outdoor Ceiling Fan. This image displays the complete ceiling fan assembly, including the motor housing, five white ABS blades, and the integrated light kit with frosted glass.

2. SAFETY INFORMATION

WARNING: To reduce the risk of fire, electric shock, or personal injury, always follow these safety guidelines:

- Disconnect power at the circuit breaker or fuse box before installation or servicing.
- All wiring must be in accordance with national and local electrical codes. If you are unfamiliar with wiring, consult a qualified electrician.
- Ensure the installation site can support the weight of the fan (approximately 18 pounds).
- Do not operate the fan with damaged blades or housing.
- Avoid placing objects in the path of the fan blades.
- Ensure all connections are secure and properly insulated.

3. PACKAGE CONTENTS

Carefully unpack your ceiling fan and inspect the contents. Ensure all items listed below are present and undamaged. If any parts are missing or damaged, contact customer service.

- Ceiling Fan Motor Housing
- Five (5) White ABS Blades
- Light Kit with Frost Glass
- Two (2) Candelabra Bulbs (60W max each)
- 6-Inch Down-rod
- Mounting Bracket and Hardware
- Remote Control and Receiver
- Instruction Manual

4. SETUP AND INSTALLATION

This ceiling fan supports dual-mount installation: flush-mount for lower ceilings or down-rod mounting. The included 6-inch down-rod accommodates ceiling slopes up to 30 degrees.

4.1 Pre-Installation Steps

1. **Turn off Power:** Locate the circuit breaker or fuse box and turn off the power to the fan location.
2. **Prepare Mounting Location:** Ensure the electrical box is securely mounted and capable of supporting the fan's weight.

4.2 Mounting the Fan

1. Attach the mounting bracket to the electrical box using the provided screws.
2. Assemble the down-rod (if using) to the fan motor housing.
3. Carefully lift the fan assembly and hang it from the mounting bracket.

4.3 Wiring Connections

1. Connect the fan's electrical wires to the household wiring according to the wiring diagram in the full manual (not provided here). Ensure all connections are secure with wire nuts.
2. Install the remote receiver into the canopy.

4.4 Attaching Blades and Light Kit

1. Attach the five white ABS blades to the blade arms, then secure the blade arms to the motor housing.
2. Install the light kit to the bottom of the fan motor housing.

3. Insert the two candelabra bulbs into the light kit sockets and attach the frost glass shade.

Note: The fan's installed dimensions are approximately 11.25 inches from ceiling to blade and 17.75 inches from ceiling to the bottom of the light kit glass.

5. OPERATING INSTRUCTIONS

Your Litex E-WOD52WW5C ceiling fan can be operated using the included remote control or the integrated pull chain.

5.1 Remote Control Operation

- **Fan Speed:** Use the speed buttons to cycle through 3 fan speeds (Low, Medium, High).
- **Fan On/Off:** Press the fan button to turn the fan on or off.
- **Light On/Off:** Press the light button to turn the light kit on or off.

5.2 Pull Chain Operation

- **Fan Speed:** Pull the fan chain to cycle through the 3 fan speeds and off.
- **Light On/Off:** Pull the light chain to turn the light kit on or off.

The high-performance motor delivers powerful air movement with quiet performance, creating a comfortable breeze.

6. MAINTENANCE

Regular maintenance helps ensure the longevity and optimal performance of your ceiling fan.

- **Cleaning:** Use a soft, damp cloth to clean the fan's surfaces. Do not use abrasive cleaners or solvents, as they may damage the finish or blades.
- **Blade Cleaning:** Wipe the fan blades regularly to prevent dust buildup, which can affect balance and air circulation.
- **Tighten Fasteners:** Periodically check and tighten all screws and connections to ensure they are secure.
- **Light Bulbs:** Replace light bulbs with candelabra-base bulbs, not exceeding 60 watts per bulb.

7. TROUBLESHOOTING

If you experience issues with your ceiling fan, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Fan does not start	No power to the fan; Loose wire connections; Remote control battery low.	Check circuit breaker/fuse; Ensure all wires are securely connected; Replace remote control battery.
Light does not work	Loose wire connection; Faulty bulb; Light switch off.	Check light kit wiring; Replace bulb; Ensure light is switched on via remote or pull chain.
Fan wobbles	Loose blade screws; Unbalanced blades; Loose mounting bracket.	Tighten all blade screws; Use a blade balancing kit (not included); Ensure mounting bracket is secure.

Problem	Possible Cause	Solution
Noisy operation	Loose screws; Motor housing rubbing; Blades hitting an obstruction.	Check and tighten all screws; Ensure no parts are rubbing; Verify blades have clearance.

8. SPECIFICATIONS

Brand	Litex
