Doc Johnson 0340-02-AM

Doc Johnson Velvet Touch Vibe Instruction Manual

Model: 0340-02-AM

Introduction

This manual provides essential information for the safe and effective use of your Doc Johnson Velvet Touch Vibe. This classically styled vibrator features a smooth texture and a tapered shape, designed for various types of stimulation. It is constructed from non-porous, hygienic, and body-safe ABS plastic. The device is waterproof and includes a simple dial control for adjusting vibration speed.

Safety Information

- **Age Restriction:** This product is intended for individuals 18 years of age and older.
- **Material Safety:** The vibrator is made from Phthalate-Free, Body-Safe ABS plastic.
- **Lubricant Compatibility:** For optimal results and product longevity, use only water-based lubricants. Avoid silicone-based lubricants as they may degrade the product material.
- **Waterproof Use:** The device is waterproof and suitable for use in the bath or shower. Ensure the battery cap is securely tightened before water exposure.
- **Storage:** Store the product in a cool, dry place, away from direct sunlight and extreme temperatures. Keep separate from other toys to prevent material reactions.

Product Features

- Powerful Multi-Speed Vibrations
- Simple Twist-Base Control
- Luxurious Velvet-Touch Finish
- Waterproof Design
- Phthalate-Free, Body-Safe Material (ABS Plastic)

Setup

Battery Installation

1. Locate the twist-base control at the bottom of the vibrator.
2. Gently twist the base counter-clockwise to open the battery compartment.
3. Insert two (2) AA batteries (not included) into the compartment, ensuring correct polarity (+/-) as indicated inside.
4. Twist the base clockwise until it is securely closed. Ensure a tight seal for waterproof functionality.

Operating Instructions

1. To turn on the vibrator, twist the base control clockwise.
2. Continue twisting the base clockwise to increase the vibration speed.
3. To decrease the vibration speed, twist the base control counter-clockwise.
4. To turn off the vibrator, continue twisting the base control counter-clockwise until it clicks off.

Maintenance

Cleaning

- Always clean the vibrator before and after each use.
- Wash the product with warm water and a mild soap.
- Pay attention to keeping the rubber seal intact and ensuring mechanical components remain dry during cleaning to prevent damage.
- Rinse thoroughly with clean water.
- Pat dry with a lint-free cloth or allow to air dry completely before storage.

Storage

- Store the vibrator in a clean, dry place, away from direct sunlight and extreme temperatures.
- It is recommended to store the product separately from other toys made of different materials to avoid potential reactions or damage.
- Remove batteries if the device will not be used for an extended period to prevent corrosion.

Troubleshooting

- **Device does not turn on:**
  - Ensure batteries are inserted correctly with the proper polarity.
  - Replace old batteries with fresh AA batteries.
  - Check if the battery cap is twisted securely to make proper contact.
- **Weak vibrations:**
  - Replace batteries with new ones.

- Ensure the twist-base control is fully turned to the desired speed setting.

- **Unusual noise:**
  - Ensure the battery cap is securely fastened.
  - If the noise persists and affects performance, contact customer support.

- **Difficulty twisting the base:**
  - Ensure the device is clean and free of debris or lubricant residue around the twist mechanism.
  - Do not force the mechanism; if it remains stiff, contact customer support.

Specifications

Model Number	0340-02-AM
