Cambro 60271 Replacement Front Slider Lid for IBS27 Ingredient Bin

Instruction Manual

1. INTRODUCTION

This manual provides essential information for the proper installation, operation, and maintenance of your Cambro 60271 Replacement Front Slider Lid. This lid is specifically designed for use with the Cambro IBS27 Ingredient Bin. Please read these instructions thoroughly before use to ensure optimal performance and longevity of the product.

2. PRODUCT OVERVIEW

The Cambro 60271 is a clear, polycarbonate front slider lid engineered to provide a secure and accessible cover for the Cambro IBS27 Ingredient Bin. Its transparent design allows for easy content identification, while the sliding mechanism offers convenient access to stored ingredients. The lid is durable and designed for commercial food service environments.

Image 1: Cambro IBS27 Ingredient Bin shown with the 60271 Front Slider Lid installed. The clear lid allows visibility of contents, and the bin features wheels for mobility.

Key Features:

- **Material:** Durable Polycarbonate
- **Color:** Clear
- **Compatibility:** Designed exclusively for Cambro IBS27 Ingredient Bins
- **Design:** Sliding mechanism for easy access

3. INSTALLATION

The Cambro 60271 Replacement Front Slider Lid is designed for straightforward installation on compatible IBS27 Ingredient Bins.

1. **Unpack:** Carefully remove the new lid from its packaging. Inspect for any damage during transit.
2. **Prepare Bin:** Ensure the top rim of the Cambro IBS27 Ingredient Bin is clean and free of debris.
3. **Position Lid:** Align the lid with the top opening of the ingredient bin. The sliding portion should face the front of the bin, allowing for easy access.

4. **Secure:** Gently press down on the edges of the lid until it sits flush and securely on the bin's rim. The lid should fit snugly to maintain proper sealing.

Note: No tools are typically required for the installation of this replacement lid.

4. OPERATION

Using the Cambro 60271 Front Slider Lid is simple and efficient.

- **Opening:** To access the contents of the bin, grasp the handle or edge of the clear sliding portion of the lid and slide it upwards and backwards. The lid is designed to slide smoothly along its track.
- **Closing:** To close, simply slide the clear portion forward until it covers the opening completely and rests securely in its closed position.
- **Full Access:** For full access to the bin's interior, the entire lid can be lifted off the bin. This is useful for refilling or thorough cleaning.

5. CLEANING AND MAINTENANCE

Regular cleaning and proper maintenance will extend the life of your Cambro 60271 lid and ensure sanitary conditions.

- **Daily Cleaning:** Wipe the lid surface with a damp cloth and mild detergent. Rinse thoroughly and air dry or wipe dry with a clean cloth.
- **Dishwasher Safe:** The lid is dishwasher safe. For best results, place it on the top rack of a commercial dishwasher.
- **Deep Cleaning:** For thorough cleaning, the lid can be easily removed from the bin. This allows for complete access to all surfaces for washing.
- **Avoid Abrasives:** Do not use abrasive cleaners or scouring pads, as these can scratch the polycarbonate surface.
- **Inspection:** Periodically inspect the lid for any signs of wear, cracks, or damage. Replace if necessary to maintain hygiene and functionality.

6. SPECIFICATIONS

Attribute	Value
Part Number	60271135
Material	Polycarbonate
Color	Clear
Dimensions (L x W x H)	20.5 x 16.75 x 1.38 inches
Item Weight	1.54 pounds
Dishwasher Safe	Yes
Manufacturer	Cambro

7. TROUBLESHOOTING

If you encounter any issues with your Cambro 60271 Replacement Front Slider Lid, consider the following common solutions:

- **Lid not fitting securely:** Ensure the lid is correctly aligned with the bin's rim. Check for any obstructions or debris on the rim or the lid's underside. Verify that the bin is a Cambro IBS27 model, as this lid is designed for specific compatibility.
- **Sliding mechanism is stiff:** Clean the tracks of the sliding mechanism and the corresponding grooves on the lid. Food particles or residue can impede smooth operation. Ensure the lid is not warped.
- **Cracks or damage:** Polycarbonate is durable but not indestructible. If the lid is cracked or significantly damaged, it should be replaced to maintain hygiene and functionality.

8. WARRANTY AND SUPPORT

For information regarding product warranty or if you require further assistance, please contact Cambro Customer Service directly. When contacting support, please have your product model number (60271) and any relevant purchase information available.

It is recommended to verify your Model and Serial Number before ordering any replacement part to ensure correct compatibility.
