

Dr. Beckmann 7804

Dr. Beckmann Power Brush Stain Remover

INSTRUCTION MANUAL

1. Product Overview

The Dr. Beckmann Power Brush Stain Remover is a highly effective solution designed to tackle over 100+ stubborn stains, including grease, sauce, chocolate, and baby food. Its unique combination of cleaning agents, stain-dissolving activators, and bio-alcohol, along with a specialized brush applicator, ensures powerful stain removal while remaining gentle on colors and fabrics. This product is ideal for delicate laundry and is a household essential, formulated without perfumes, colorants, or bleaching agents to minimize allergic reactions.

- Specially formulated to fight over 100+ stains.
- Removes even stubborn stains thanks to the powerful formula and the unique brush applicator.
- Fast, easy application, while still being gentle on fabrics. Ideal for collars and cuff grime.
- Suitable for all white and color-fast everyday fabrics.
- Dermatologically tested.

2. Setup and First Use

Before first use, ensure the brush applicator is clean. No assembly is required for this product. Simply uncap the bottle and it is ready for application.

3. Operating Instructions

Follow these steps for effective stain removal:

1. **Apply Formula:** Apply the Dr. Beckmann Power Brush Stain Remover directly onto the stain. The integrated brush helps to work the solution evenly into the fabric.
2. **Allow to Work:** Leave the formula to work on the stain for up to 10 minutes. For very stubborn or dried-in stains, you may extend this time slightly, but do not exceed 10 minutes without re-evaluating.
3. **Wash as Normal:** After the recommended working time, wash the garment as normal, following the fabric care instructions on the garment label.

4. Maintenance

For optimal results and product longevity:

- Always follow the fabric care instructions on your garment's label.
- After use, ensure the cap is securely replaced to prevent drying out.
- Store the product in a cool, dry place, away from direct sunlight and out of reach of children.

5. Troubleshooting

If stains persist after the first application:

- **Stubborn or Old Stains:** For particularly stubborn or set-in stains, a single application may not be sufficient. Repeat the application process as described in Section 3.
- **Color Fastness:** Always test for color fastness and material compatibility on an inconspicuous area of the fabric before full application. This is crucial to prevent potential damage or discoloration.

6. Important Information and Safety

Please read the following important information before using the product:

- **Ingredients:** 5-15% Non-Ionic Surfactants, Less than 5% Anionic and Amphoteric Surfactants, Soap, 2-Bromo-2-Nitropropane-1, 3-Diol, Methylisothiazolinone, Benzisothiazolinone.
- **Safety Precautions:** Keep out of reach of children. Avoid contact with eyes. In case of contact with eyes, rinse immediately with plenty of water and seek medical advice. If swallowed, seek medical advice immediately and show this container or label.
- **Fabric Compatibility:** Always follow fabric care instructions. Test for color fastness and material compatibility on an inconspicuous area before use. Repeat process for every new garment.
