HABA 3177

HABA My Very First Games: First Orchard Toddler Game Instruction Manual

Model: 3177 | Brand: HABA

1. INTRODUCTION

The HABA My Very First Games: First Orchard is a cooperative board game designed for toddlers aged 2 and up. This game encourages teamwork and introduces basic game mechanics in a fun, engaging way. Players work together to harvest all the fruit from the orchard before the raven reaches the end of the path.

2. GAME COMPONENTS

The First Orchard game includes the following high-quality, durable components:

- **4 Orchard Trees:** Cardboard pieces representing apple, pear, and plum trees.
- **16 Wooden Fruits:** 4 red apples, 4 green apples, 4 yellow pears, and 4 blue plums. These pieces are sized for small hands.
- **1 Wooden Raven:** A black raven figure that moves along the path.
- **1 Color Die:** A large wooden die with faces showing red, green, yellow, blue, a basket, and a raven.
- **5 Path Cards:** Cardboard pieces that form the raven's path to the orchard.
- **1 Fruit Basket:** A small cardboard box used to collect harvested fruit.

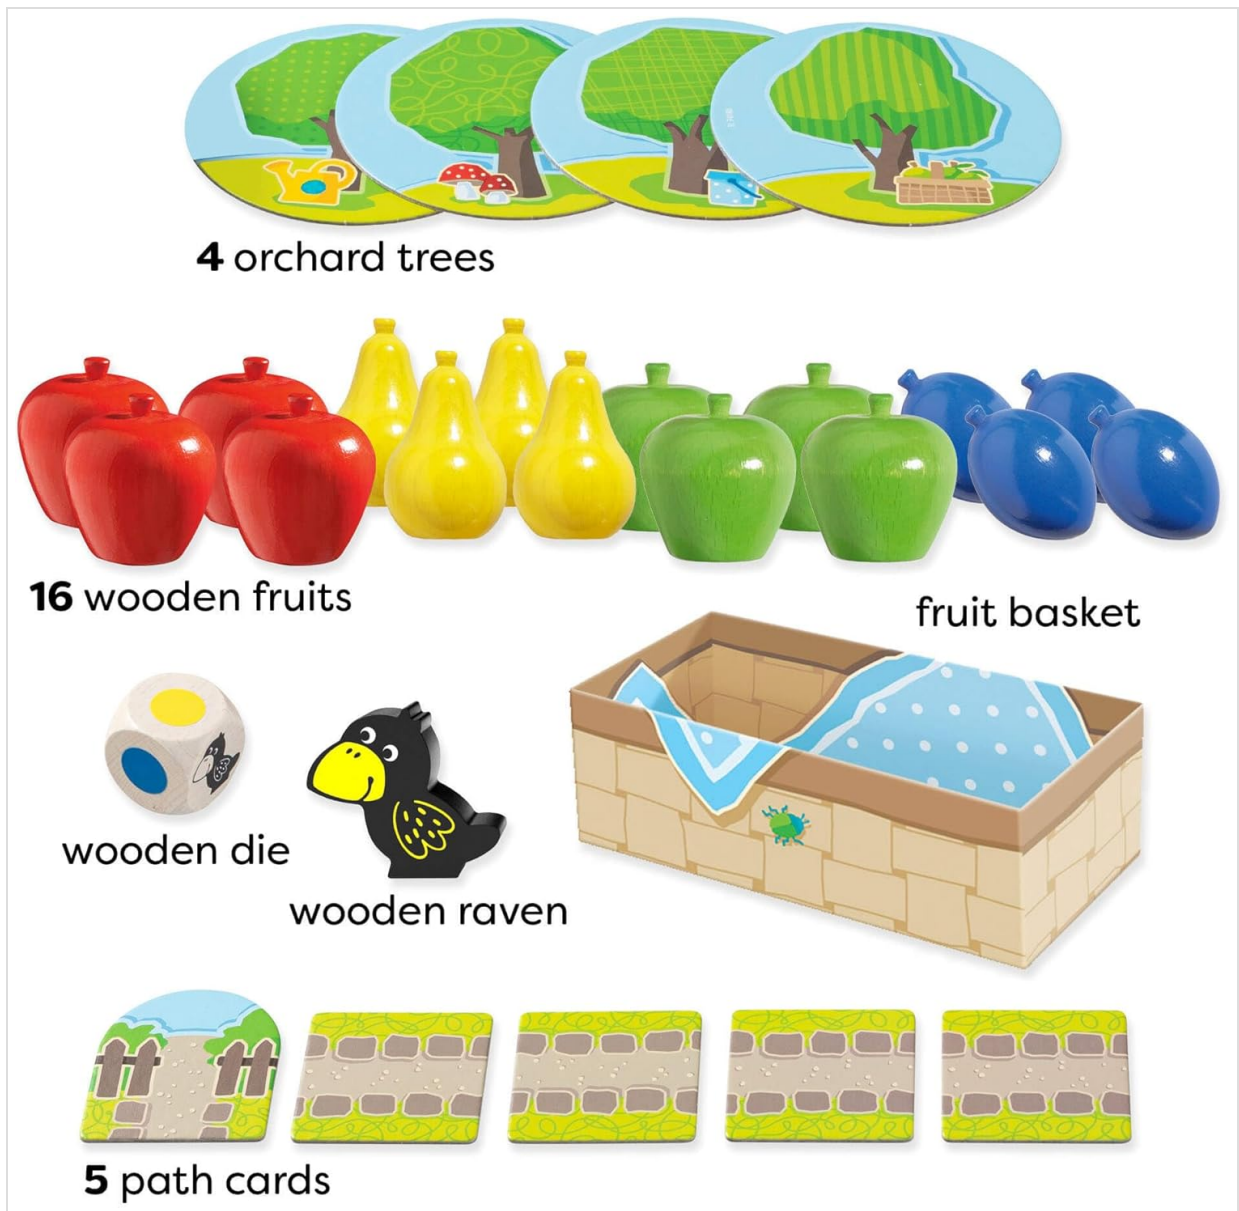

Image 2: All game components, including four orchard trees, 16 wooden fruits (red apples, green apples, yellow pears, blue plums), a wooden die, a wooden raven, five path cards, and a fruit basket.

3. SETUP

1. Place the 4 orchard tree cards in the center of the playing area.
2. Distribute the wooden fruits onto their corresponding trees: 4 red apples on the red apple tree, 4 green apples on the green apple tree, 4 yellow pears on the yellow pear tree, and 4 blue plums on the blue plum tree.
3. Assemble the 5 path cards to form a path leading to the orchard. Place the wooden raven at the beginning of this path.
4. Place the fruit basket nearby. This will be used to collect the harvested fruit.
5. The color die is placed within reach of all players.

Easy rules – perfect for ages 2 and up!

Image 3: The game board set up, showing fruit pieces on their respective tree cards, the raven on the path, and the die ready for play.

4. HOW TO PLAY

Players take turns rolling the color die. The action taken depends on the symbol rolled:

- **Color (Red, Green, Yellow, Blue):** If a color is rolled, take one fruit of that color from its tree and place it into the fruit basket. If there are no fruits of that color left on the tree, no action is taken.
- **Basket:** If the basket symbol is rolled, you may choose any one fruit from any tree and place it into the fruit basket.
- **Raven:** If the raven symbol is rolled, move the wooden raven one step forward along the path towards the orchard.

Play continues clockwise until either all fruits are harvested or the raven reaches the end of the path.

Image 4: A child rolling the large wooden die during gameplay, with fruit pieces and the raven on the table.

5. WINNING AND LOSING

- **Win Condition:** All players win together if they manage to harvest all 16 fruits and place them into the fruit basket **before** the raven reaches the end of the path.
- **Loss Condition:** All players lose together if the raven reaches the end of the path and enters the orchard **before** all fruits have been harvested.

This cooperative nature teaches children about teamwork and shared goals.

6. SKILL DEVELOPMENT

The HABA First Orchard game is designed by educators to enhance various developmental skills in young children:

- **Social Skills:** Encourages turn-taking, cooperation, and understanding shared objectives.
- **Color Recognition:** Players identify and match colors on the die to the fruits.
- **Counting:** Children can count the fruits as they are harvested.

- **Fine Motor Skills:** Handling the large wooden fruit pieces and rolling the die helps develop dexterity.
- **Rule Following:** Introduces the concept of following simple game rules.

7. CARE AND MAINTENANCE

To ensure the longevity of your HABA First Orchard game:

- Store all game components in the original box when not in use to prevent loss or damage.
- Wipe wooden pieces with a dry or slightly damp cloth if they become dirty. Avoid harsh chemicals or excessive moisture.
- Keep the game away from direct sunlight and extreme temperatures to prevent warping or fading of wooden and cardboard components.
