Pocket Bottles CS2001

Pocket Bottles CS2001 Freezable Wine Tote Instruction Manual

Model: CS2001

INTRODUCTION

The Pocket Bottles CS2001 Freezable Wine Tote is designed to maintain the temperature of your 750ml wine bottles, ensuring they remain chilled during transport and outdoor activities. This tote features integrated freezable liquid on all four sides and durable carrying straps for convenience.

SETUP

Before initial use, and prior to each use, prepare your Freezable Wine Tote by following these steps:

1. Ensure the tote is clean and dry.
2. Place the entire wine tote into a freezer. For optimal cooling performance, allow the tote to freeze for a minimum of **4-6 hours**. The internal freezable liquid on all four sides will solidify, preparing the tote to keep your wine cold.

OPERATING INSTRUCTIONS

To use your Freezable Wine Tote:

1. Remove the frozen wine tote from the freezer.
2. Carefully insert a standard 750ml bottle of wine into the tote. For best results, ensure the wine bottle is already chilled before placing it into the tote.
3. Utilize the durable straps for easy and comfortable carrying to your desired location, such as a party, picnic, or outdoor event. The tote will help maintain the wine's cold temperature for an extended period.

MAINTENANCE

Proper care will extend the life of your wine tote:

- **Cleaning:** Hand wash the exterior of the tote with mild soap and cold water. Do not submerge the entire tote in water for extended periods.
- **Drying:** Air dry thoroughly before storing or refreezing. Ensure no moisture is trapped inside.
- **Storage:** Store in a clean, dry place when not in use.

TROUBLESHOOTING

- **Wine not staying cold:**
 - Ensure the tote was frozen for the recommended 4-6 hours.
 - Start with an already chilled bottle of wine for best results. The tote is designed to maintain cold temperatures, not to rapidly chill warm liquids.
 - Avoid prolonged exposure to direct sunlight or high ambient temperatures.
- **Leakage:** If you observe any leakage, discontinue use immediately and contact customer support.

SPECIFICATIONS

- **Model Number:** CS2001
- **Product Dimensions:** 14 x 3.5 x 4 inches
- **Item Weight:** 3.5 ounces
- **Manufacturer:** Pocket Bottles
- **Capacity:** Designed for most 750ml wine bottles
