CLOROX Commercial Solutions

Clorox Commercial Solutions Hand Sanitizer Dispenser Refill Pouch 1L User Manual

CLOROX - Commercial Solutions

PRODUCT OVERVIEW

Clorox Commercial Solutions Hand Sanitizer is formulated with 71% ethyl alcohol and provides broad spectrum activity, removing greater than 99.999% of dirt in as little as 15 seconds. This liquid hand sanitizer refill pouch contains premium emollients to keep hands soft instead of leaving them sticky or greasy like gels and foams can. From Clorox Commercial Solutions, this sanitizer refill pouch is perfect for refilling hand sanitizer dispensers. Use it in office break rooms, lobbies, classrooms, restaurants and healthcare facilities.

- **GREAT FOR COMMERCIAL USE** – From Clorox Commercial Solutions, this hand sanitizer refill is perfect for high traffic areas including offices, reception areas, day care centers, schools and hospitals

IMPORTANT SAFETY INFORMATION

WARNING:

- Keep away from fire or flame. For external use only.
- Do not use on open skin wounds.
- When using this product, avoid contact with eyes. In case of contact, rinse eyes thoroughly with water.
- Stop use and ask a doctor if irritation or redness develops and persists for more than 72 hours.
- Keep out of reach of children. If swallowed, get medical help or contact a Poison Control Center immediately.

SETUP AND INSTALLATION

This product is a refill pouch designed for use with compatible Clorox Hand Sanitizer Dispensers. Always refer to your specific dispenser's manual for detailed installation instructions.

1. **Prepare the Dispenser:** Ensure the existing dispenser is empty and clean.
2. **Open the Pouch:** Carefully open the Clorox Commercial Solutions Hand Sanitizer Refill Pouch.
3. **Insert into Dispenser:** Follow the specific instructions for your Clorox Hand Sanitizer Dispenser model to properly insert the refill pouch. Ensure the nozzle is correctly aligned and secured.
4. **Prime the Dispenser (if necessary):** Some dispensers may require priming after a refill. Refer to your dispenser's manual for details.

OPERATING INSTRUCTIONS

For effective hand sanitization, follow these steps:

1. **Dispense:** Dispense one pump of hand sanitizer onto clean, dry hands and nails.
2. **Apply:** Wet hands thoroughly with the product.
3. **Rub:** Rub hands together for no less than 15 seconds, paying particular attention to interdigital spaces, fingernails, and cuticles.
4. **Dry:** Allow hands to dry without wiping. Rub hands together briskly until completely dry.

MAINTENANCE

This product is a consumable refill. No specific maintenance is required for the pouch itself.

- **Storage:** Store the refill pouch in a cool, dry place, away from direct sunlight and heat.
- **Disposal:** Dispose of empty pouches according to local regulations for plastic waste.
- **Dispenser Cleaning:** Regularly clean and sanitize the external surfaces of your hand sanitizer dispenser to maintain hygiene. Refer to your dispenser's manual for cleaning instructions.

TROUBLESHOOTING

Problem	Possible Cause	Solution
No sanitizer dispenses.	Pouch is empty or incorrectly installed.	Replace the pouch or re-install it correctly. Ensure the nozzle is fully engaged.
Sanitizer dispenses slowly.	Partial blockage in dispenser nozzle or air lock.	Check dispenser nozzle for blockages. Prime the dispenser if necessary.
Irritation or redness occurs.	Allergic reaction or excessive use.	Discontinue use immediately and consult a medical professional.
