Zenna Home 2723HB

Zenna Home No Tools SlideFit Over-the-Toilet Spacesaver

Model: 2723HB

Brand: Zenna Home

INTRODUCTION

The Zenna Home No Tools SlideFit Over-the-Toilet Spacesaver is designed to provide efficient storage in your bathroom by utilizing the space above your toilet. This unit features a patented SlideFit design for easy, tool-free assembly and a durable bronze finish that resists rust. It offers three spacious shelves for organizing towels, bath items, and decorative accessories.

SAFETY INFORMATION

- Read all instructions carefully before assembly and use.
- Do not exceed the recommended weight capacity for each shelf. Place heavier items on lower shelves for stability.
- Ensure the spacesaver is stable and level before placing items on it. Wall mounting hardware is included and recommended for enhanced stability.
- Keep small parts away from children during assembly.
- Avoid climbing on or hanging from the unit.

PACKAGE CONTENTS

Verify that all components are present before beginning assembly. If any parts are missing or damaged, please contact customer support.

- Spacesaver Frame Components (vertical supports, crossbars)
- 3 Shelf Panels
- Wall Mounting Hardware (screws, anchors)
- Assembly Instructions

ASSEMBLY INSTRUCTIONS

The Zenna Home SlideFit Spacesaver features a tool-free assembly process, typically completed in about 15 minutes.

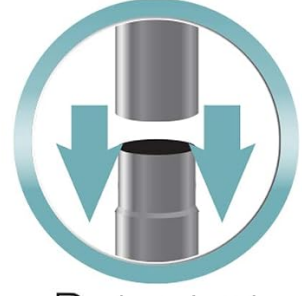

1. **Prepare Components:** Unpack all parts and lay them out on a clean, soft surface to prevent scratching.
2. **Assemble Frame:** Connect the vertical support pieces by sliding them together until they click into place. Ensure all connections are secure.
3. **Install Bottom Shelf:** Slide the bottom shelf onto the designated slots on the back support of the assembled frame.
4. **Install Middle and Top Shelves:** One at a time, slide the middle and top shelves onto their respective slots on the back support. Ensure all shelves are securely in place.
5. **Position Spacesaver:** Carefully lift the assembled spacesaver and position it over your toilet. The unit is designed with 36 inches of clearance from the floor to the bottom shelf to accommodate most standard and taller modern toilets.
6. **Secure to Wall (Recommended):** For optimal stability, use the included wall mounting hardware to secure the top of the spacesaver to the wall. This will prevent wobbling and potential tipping.

OPERATING INSTRUCTIONS

Once assembled and securely placed, the spacesaver is ready for use. Its three shelves provide ample storage for various bathroom essentials.

- **Placement:** Position the spacesaver directly over your toilet. Ensure the base is stable on the floor and does not interfere with toilet operation.
- **Loading Shelves:** Distribute weight evenly across the shelves. The unit is suitable for linens, toiletries, and decorative items. Avoid placing excessively heavy objects on the shelves.
- **Clearance:** The design provides 36 inches of clearance from the floor to the bottom shelf, allowing it to fit over most toilet tanks without obstruction.

MAINTENANCE AND CARE

To maintain the appearance and longevity of your spacesaver, follow these simple care instructions:

- **Cleaning:** Wipe clean with a soft, damp cloth. Avoid using abrasive cleaners or harsh chemicals, as these can damage the bronze finish.
- **Rust Resistance:** The bronze finish is designed to resist rust, making it suitable for bathroom environments. However, prolonged exposure to excessive moisture should be avoided.
- **Regular Inspection:** Periodically check all connections and wall mounts to ensure they remain tight and secure.

TROUBLESHOOTING

- **Unit is Wobbly:**

- Ensure all SlideFit connections are fully engaged and secure.
- Verify the unit is on a level surface.
- It is highly recommended to use the provided wall mounting hardware to secure the spacesaver to the wall for maximum stability.

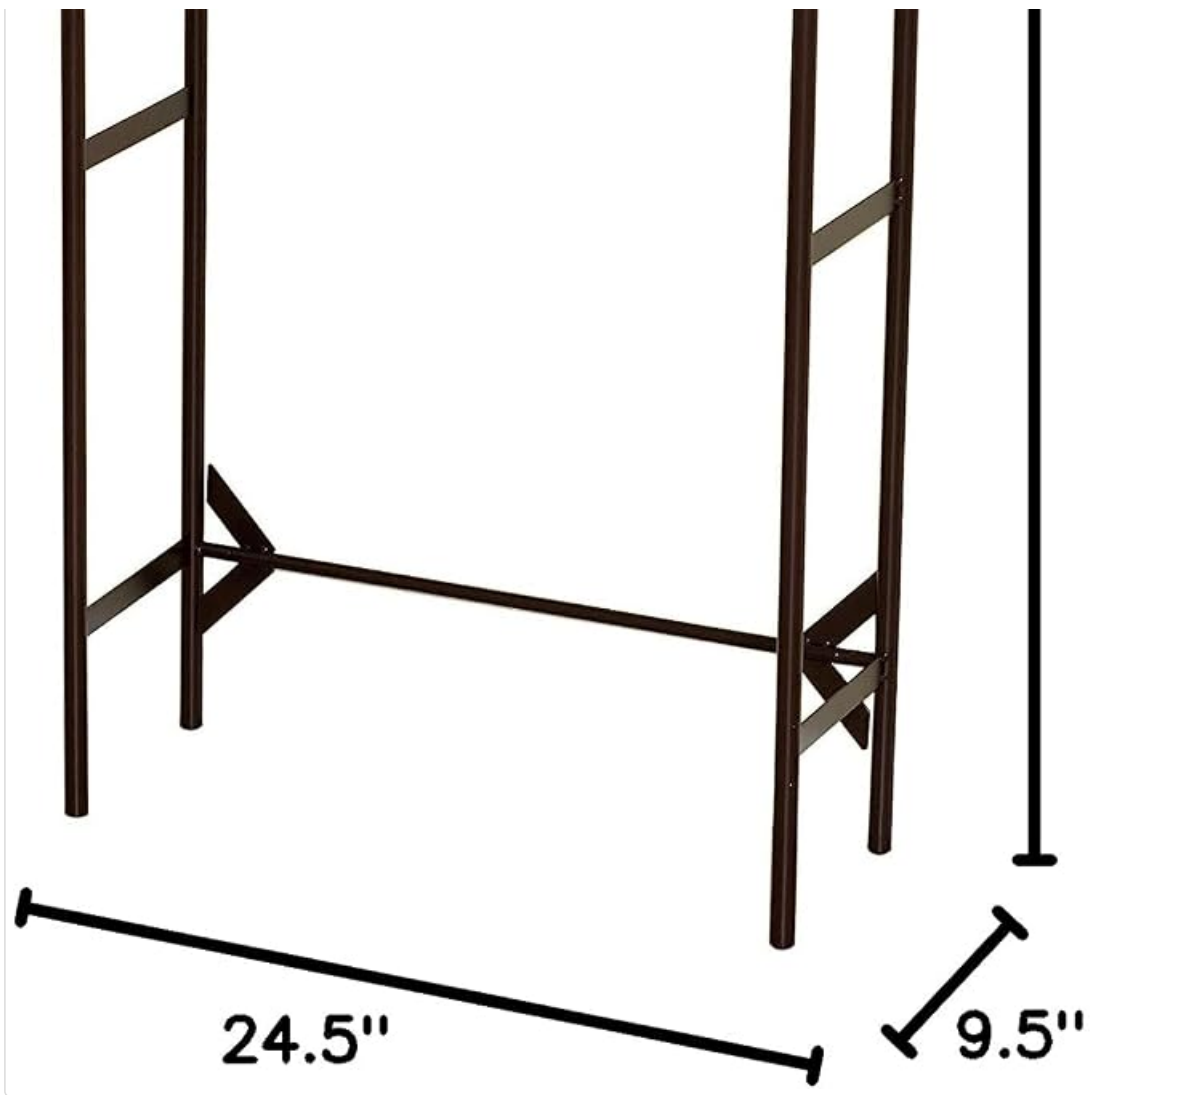

- **Difficulty Fitting Over Toilet:**

- Check the dimensions of your toilet and surrounding area against the spacesaver's dimensions (36 inches clearance from floor to bottom shelf).
- Ensure no plumbing or fixtures are obstructing the placement of the unit's legs.

SPECIFICATIONS

Feature	Detail
