2. SETUP

The Aquaphor Lip Repair Ointment is ready for immediate use upon opening. No assembly or special preparation is required.

1. Remove the product from its packaging.
2. Twist off the cap to expose the applicator tip.

3. OPERATING INSTRUCTIONS

For optimal results, follow these simple steps for applying Aquaphor Lip Repair Ointment:

1. Ensure lips are clean and dry.
2. Gently squeeze the tube to dispense a small amount of ointment onto the applicator tip.
3. Apply the ointment liberally to your lips, covering all dry or chapped areas.
4. Reapply as often as needed throughout the day, especially in dry, cold, or windy conditions.

IMMEDIATE RELIEF FOR SEVERELY
DRY LIPS

Image 4: Visual guide demonstrating how to apply the lip repair ointment liberally and frequently, especially in harsh weather.

Application Tips:

- A small amount is often sufficient due to the product's concentrated formula.
- The ointment creates a protective barrier, sealing in moisture.

4. MAINTENANCE

To maintain the quality and effectiveness of your Aquaphor Lip Repair Ointment:

- Always replace the cap tightly after each use to prevent contamination and drying.
- Store the tube in a cool, dry place away from direct sunlight and extreme temperatures.
- Avoid sharing the product with others to maintain hygiene.

5. TROUBLESHOOTING

Potential Issues and Solutions:

- **Irritation:** If skin irritation develops, discontinue use immediately. Consult a healthcare professional if irritation persists.
- **Product Consistency:** If the product appears separated or has an unusual texture, it may have been exposed to extreme temperatures. Discard and replace with a new tube.
