Whitmor 6060-3510

Whitmor 10 Tier Shoe Tower, 50 Pair, Chrome

Instruction Manual - Model: 6060-3510

INTRODUCTION

This manual provides essential information for the assembly, operation, and maintenance of your Whitmor 10 Tier Shoe Tower. Please read these instructions carefully before assembly and retain for future reference.

SAFETY INFORMATION

- Ensure all screws are tightened securely during assembly to prevent instability.
- Distribute weight evenly across the shelves to maintain balance.
- Exercise caution when handling metal components during assembly, as some edges may be sharp.
- If using the optional wheels, ensure they are locked when the unit is stationary to prevent unintended movement.
- This product is intended for shoe storage only. Do not overload or use for purposes other than its intended design.

PACKAGE CONTENTS

Verify that all components are present before beginning assembly:

- Side Frames (2)
- Horizontal Bars (20 for 10 tiers)

- Wheels (4, optional)
- Screws and Fasteners
- Assembly Tool (small wrench/screwdriver)

SETUP AND ASSEMBLY

Assembly is required and can be completed with a Phillips screwdriver (included). Follow these steps:

1. Unpack all components and lay them out on a clean, flat surface.
2. Attach the horizontal bars to the side frames using the provided screws. Ensure each bar is securely fastened.
3. Repeat the process for all 10 tiers.
4. If desired, attach the four smooth-rolling wheels to the base of the unit.
5. Ensure all connections are tight and the unit is stable before placing shoes on it.

OPERATING INSTRUCTIONS

The Whitmor 10 Tier Shoe Tower is designed for efficient and organized shoe storage.

- **Placing Shoes:** Utilize the 10 tiers of non-slip bars to store up to 50 pairs of shoes. The non-slip design helps keep shoes securely in place.
- **Mobility:** The unit features smooth-rolling locking wheels, allowing it to be easily moved from one room to another. Lock the wheels when the rack is in its desired position to ensure stability.
- **Capacity:** The rack can accommodate various shoe types, from loafers and boots to heels and flip-flops. The actual number of pairs may vary based on shoe size and style.

MAINTENANCE

To keep your Whitmor 10 Tier Shoe Tower in optimal condition:

- **Cleaning:** Wipe the chrome finish and non-slip bars with a damp cloth. Towel dry immediately to prevent water spots or rust.
- **Inspection:** Periodically check all screws and connections to ensure they remain tight. Tighten as needed.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Unit is wobbly or unstable.	Loose screws or uneven weight distribution.	Ensure all screws are tightened. Redistribute shoes evenly across tiers.
Shoes slide off bars.	Incorrect placement or excessive weight.	Ensure shoes are placed properly on the non-slip bars. Avoid overloading individual sections.
Wheels do not roll smoothly.	Debris in wheels or locked wheels.	Check for and remove any debris. Ensure wheel locks are disengaged.

SPECIFICATIONS

- **Brand:** Whitmor
- **Model Name:** 10 Tier Shoe Tower
- **Item Model Number:** 6060-3510
- **Color:** Chrome
- **Number of Tiers:** 10
