## SCHLEICH 42047

# SCHLEICH Eventing Horse Set Model 42047 Instruction Manual

Brand: SCHLEICH | Model: 42047

## INTRODUCTION

This instruction manual provides essential information for the SCHLEICH Eventing Horse Set, Model 42047. This set is designed for imaginative play, featuring a hand-painted horse, rider, and a jump obstacle. Please read this manual carefully to ensure proper use and care of your product.

*Image 1: The Schleich Eventing Horse Set, featuring a horse with a rider and a jump obstacle.*

## SETUP

The SCHLEICH Eventing Horse Set (Model 42047) requires no assembly. All components are pre-assembled and ready for immediate play.

- 1. Unboxing:** Carefully remove all components from the packaging. Ensure all parts are present: one horse figure, one rider figure, and one jump obstacle.
- 2. Placement:** Place the figures and jump on a flat, stable surface suitable for play.

## OPERATING INSTRUCTIONS

This set is designed for manual operation and imaginative role-play. No batteries or electronic components are required.

- **Rider Placement:** Position the rider figure on the horse's back. The rider's hands can be placed on the horse's reins for a secure grip.
- **Jump Obstacle:** Place the jump obstacle on a flat surface. The horse and rider can be manually guided over the jump to simulate eventing activities.
- **Creative Play:** Encourage creative storytelling and interaction with other Schleich figures and playsets (sold separately).

## MAINTENANCE AND CARE

To ensure the longevity of your SCHLEICH Eventing Horse Set, follow these simple care instructions:

- **Cleaning:** Wipe figures gently with a damp cloth. Avoid harsh chemicals or abrasive cleaners, as these may damage the paint or material.
- **Storage:** Store the set in a cool, dry place away from direct sunlight to prevent fading or material degradation.
- **Handling:** Handle figures with care to prevent breakage, especially smaller parts.

## TROUBLESHOOTING

This product is a simple toy set with minimal components. Most issues can be resolved with basic inspection.

| Problem                      | Possible Cause                                | Solution   |
|------------------------------|---|--|
| Figure appears dirty         | Accumulation of dust or dirt from play.       | Wipe gently with a damp cloth.   |
| Figure does not stand stably | Uneven play surface or incorrect positioning. | Ensure figures are placed on a flat surface. Adjust positioning as needed.   |
| Small part detached          | Rough handling or accidental impact.          | If a small part detaches, it may be possible to reattach it with a suitable adhesive, depending on the material and break point. Exercise caution. |
