## Orbit 10360

# Orbit 10360 Flex Cobra Portable Mist Stand Instruction Manual

Model: 10360

## 1. PRODUCT OVERVIEW

The Orbit 10360 Flex Cobra Portable Mist Stand is designed to provide refreshing cooling outdoors. This flexible and mobile misting system connects to a standard garden hose and can lower ambient temperatures by up to 20 degrees Fahrenheit. Its adjustable design allows for precise mist direction, making it suitable for various outdoor activities.

### Key Features:

- **Cooling Mist On-Demand:** Transforms a standard water hose into a misting system.
- **Customizable Misting Experience:** Adjustable design allows for directing mist precisely.
- **Temperature Reduction:** Capable of lowering temperatures by up to 20 degrees Fahrenheit.
- **Portable and Flexible:** Malleable tube holds its shape for versatile placement.
- **Easy Connection:** Attaches to any standard garden hose.

## 2. SETUP INSTRUCTIONS

1. **Unpack Components:** Carefully remove the Flex Cobra Mist Stand and any accessories from its packaging. Ensure all parts are present, including the flexible stand, misting nozzles, and any

interchangeable heads.

2. **Attach Misting Nozzles:** Screw the brass and stainless steel misting nozzles into the designated ports on the misting head. If using the flower-shaped head, attach it securely.
3. **Connect to Water Source:** Attach the threaded end of the Flex Cobra Mist Stand to a standard garden hose. Ensure the connection is tight to prevent leaks.

### 3. OPERATING INSTRUCTIONS

1. **Turn on Water Supply:** Slowly turn on the water supply to the garden hose. Adjust the water pressure to achieve the desired mist intensity.
2. **Direct the Mist:** Reposition the flexible stand as needed to direct the cooling mist to your preferred area. The mist will help lower the ambient temperature, providing relief from heat.

Image: The Cobra Mist System in operation, illustrating the fine mist it produces.

3. **Enjoy Cooling:** The fine mist will evaporate, creating a cooling effect. This system is ideal for patios, gardens, outdoor events, or personal cooling.

Image: A user enjoying the cooling mist while gardening, demonstrating a practical application.

4. **Turn Off:** When finished, turn off the water supply at the faucet.

## 4. MAINTENANCE

- **Nozzle Cleaning:** Periodically inspect the misting nozzles for mineral buildup or clogs. Unscrew the nozzles and clean them with a small brush or by soaking them in a descaling solution if necessary.
- **Storage:** During colder months or extended periods of non-use, disconnect the mist stand from the hose, drain any remaining water, and store it in a dry, protected area to prevent damage from freezing or

prolonged sun exposure.

- **Material Care:** The mist stand is made of durable plastic. Avoid exposing it to harsh chemicals or abrasive cleaners that could damage the material.

## 5. TROUBLESHOOTING

Problem	Possible Cause	Solution
Water leaks at connection point	Loose connection; worn washer.	Ensure the connection to the hose is tight. Check the rubber washer inside the connector and replace if worn.
No mist or weak mist	Low water pressure; clogged nozzles.	Increase water pressure at the faucet. Clean the misting nozzles as described in the Maintenance section.
Missing parts upon arrival	Packaging error.	Contact Orbit customer support for assistance.

## 6. SPECIFICATIONS

Feature	Detail
Brand	Orbit
Model Number	10360
Material	Plastic
Item Dimensions (L x W x H)	17.01 x 12.01 x 2.78 inches
Item Weight	16 ounces
Installation Method	Freestanding
Operation Mode	Automatic
GTIN / UPC	718455103602

## 7. WARRANTY
