# Bravilor Bonamat B10 Basket Coffee Filters Instruction Manual

**Brand:** Bravilor Bonamat | **Model:** 225-b2b

## INTRODUCTION

This instruction manual provides essential information for the correct use and handling of Bravilor Bonamat B10 Basket Coffee Filters. These filters are designed for use in Bravilor Bonamat B10 and other compatible bulk brew coffee machines, ensuring optimal coffee extraction and taste. Please read this manual thoroughly before use.

## PRODUCT OVERVIEW

The Bravilor Bonamat B10 Basket Coffee Filters are disposable paper filters specifically sized for large-volume coffee brewing systems. Each package contains 250 filters, crafted from high-quality paper to ensure efficient filtration without imparting any taste to your coffee.

- **Material:** Paper
- **Shape:** Basket
- **Dimensions:** 152/437 mm (referring to the filter's specific measurements for compatibility)
- **Quantity:** 250 pieces per pack

Image 1: A single Bravilor Bonamat B10 basket coffee filter, showing its pleated paper construction and conical shape, designed for bulk coffee brewing machines.

## SETUP

---

1. **Unpack Filters:** Carefully remove the desired number of filters from the packaging. Store unused filters in a dry, cool place to maintain their quality.
2. **Prepare Coffee Machine:** Ensure your Bravilor Bonamat B10 or compatible bulk brew coffee machine's filter holder is clean and free from any residual coffee grounds or debris.
3. **Insert Filter:** Place one basket coffee filter into the designated filter holder of your coffee machine. Ensure the filter sits snugly and evenly within the holder, with no creases that could allow coffee grounds to bypass the filter.

## OPERATING INSTRUCTIONS

---

1. **Add Coffee Grounds:** Measure the appropriate amount of ground coffee for your desired brew volume and add it evenly into the inserted basket filter. Do not overfill the filter, as this can lead to overflow or improper extraction.
2. **Position Filter Holder:** Carefully place the filter holder, with the coffee and filter, back into the coffee machine according to the machine's specific instructions.
3. **Initiate Brewing:** Follow your coffee machine's operating instructions to start the brewing cycle. The filter will effectively separate the coffee grounds from the brewed coffee.
4. **Dispose After Use:** Once brewing is complete and the coffee has been dispensed, carefully remove the filter holder. Dispose of the used coffee grounds and filter responsibly. These filters are single-use and biodegradable.

## MAINTENANCE

---

These coffee filters are disposable and require minimal maintenance. Proper storage is key to maintaining their integrity.

- **Storage:** Store unused filters in their original packaging in a dry, cool environment, away from direct sunlight and strong odors. Humidity can affect the paper's structure and filtration performance.
- **Disposal:** Used filters and coffee grounds should be disposed of in general waste or composted where facilities allow.

## TROUBLESHOOTING

While these filters are straightforward to use, here are solutions to common issues:

- **Coffee Grounds in Brewed Coffee:**
  - Ensure the filter is correctly seated in the filter holder without any folds or gaps.
  - Verify that the filter size (152/437mm) is appropriate for your specific coffee machine model.
- **Slow Filtration or Overflow:**
  - Check if the coffee grounds are too fine, which can clog the filter.
  - Ensure the filter is not overfilled with coffee grounds.
- **Unusual Taste in Coffee:**
  - Confirm that you are using a fresh, unused filter.
  - Ensure the coffee machine's filter holder and brewing components are clean.

## SPECIFICATIONS

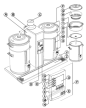

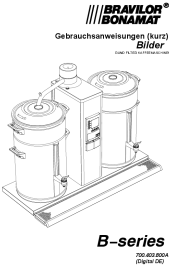

Brand	Bravilor Bonamat
Model Number	225-b2b
Material	Paper
Shape	Basket
Dimensions	152/437 mm
Unit Count	250 Count
Item Weight	4.05 pounds
Package Dimensions	11.81 x 11.42 x 10.63 inches

## WARRANTY AND SUPPORT

As these are disposable paper filters, a traditional product warranty does not apply. For any questions regarding product compatibility, quality, or general support, please contact Bravilor Bonamat directly through their official website or customer service channels. Please refer to your coffee machine's manual for warranty information related to the brewing equipment itself.
