S100 LEPAZA1124

S100 Total Cycle Cleaner 1 L Deluxe Kit User Manual

Model: LEPAZA1124 | Brand: S100

PRODUCT OVERVIEW

The S100 Total Cycle Cleaner 1 L Deluxe Kit is a comprehensive cleaning solution designed for motorcycles and bicycles. This kit provides everything needed for a thorough and effective cleaning, helping to maintain the appearance and integrity of your cycle's surfaces. The cleaner is formulated to dissolve tough dirt, grime, and road film without harming sensitive finishes.

SAFETY INFORMATION

Always read and understand all safety warnings and instructions before using this product. Failure to do so may result in injury or damage.

- **Eye Protection:** Wear appropriate eye protection (e.g., safety glasses) to prevent contact with eyes. In case of eye contact, flush immediately with plenty of water for at least 15 minutes and seek medical attention.
- **Skin Protection:** Avoid prolonged skin contact. Use gloves if sensitive skin. Wash hands thoroughly after handling.
- **Ventilation:** Use in a well-ventilated area. Avoid breathing mists or sprays.

- **Ingestion:** Do not ingest. If swallowed, do not induce vomiting. Call a poison control center or doctor immediately.
- **Storage:** Store in a cool, dry place, away from direct sunlight and out of reach of children and pets. Keep container tightly closed when not in use.
- **Surface Compatibility:** Test on an inconspicuous area first to ensure compatibility with all surfaces, especially painted or delicate finishes.

Refer to the "Legal Disclaimer" section for additional important information.

SETUP

Before beginning the cleaning process, ensure proper preparation:

1. Ensure the cycle is cool to the touch and out of direct sunlight. Cleaning a hot surface can lead to streaking or rapid drying of the cleaner.
2. Remove any loose dirt or debris from the cycle using a gentle rinse with water.
3. Shake the S100 Total Cycle Cleaner bottle well before each use to ensure the formula is properly mixed.

OPERATING INSTRUCTIONS

Follow these steps for optimal cleaning results:

1. **Apply Cleaner:** Spray S100 Total Cycle Cleaner evenly over the entire cool, dry cycle, starting from the bottom and working your way up. Ensure all dirty areas are thoroughly covered.
2. **Allow to Dwell:** Let the cleaner dwell on the surface for 5-10 minutes. Do not allow the cleaner to dry on the surface. For heavily soiled areas, you may gently agitate with the provided sponge or a soft brush.
3. **Rinse Thoroughly:** Rinse the entire cycle thoroughly with a strong stream of water, again starting from the bottom and working your way up. Ensure all cleaner residue is completely washed away.
4. **Dry:** Dry the cycle immediately with a clean, soft towel or a blower to prevent water spots.

MAINTENANCE

Proper care of your S100 Total Cycle Cleaner kit ensures its longevity and effectiveness:

- **Bottle and Sprayer:** After use, ensure the spray nozzle is clean and free of blockages. If the nozzle becomes clogged, rinse it with warm water.
- **Sponge:** Rinse the provided sponge thoroughly with clean water after each use and allow it to air dry completely before storing.
- **Storage:** Store the S100 Total Cycle Cleaner bottle in its original container, tightly closed, in a cool, dry place away from extreme temperatures.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Cleaner leaves streaks.	Cleaner dried on surface; insufficient rinsing; applied to hot surface.	Ensure cycle is cool before application. Do not let cleaner dry. Rinse thoroughly and dry immediately.
Nozzle is clogged.	Residue buildup in sprayer.	Remove nozzle and rinse under warm water. If persistent, soak in warm water.

Problem	Possible Cause	Solution
Dirt not fully removed.	Heavily soiled area; insufficient dwell time; not enough agitation.	Increase dwell time (up to 10 minutes). Gently agitate stubborn areas with sponge. Reapply if necessary.

SPECIFICATIONS

- Brand:** S100
- Item Model Number:** LEPAZA1124
- Item Form:** Spray
- Item Volume:** 1 Liters
- Unit Count:** 1 Count
- Number of Items:** 1 (Deluxe Kit)
- Package Dimensions:** 7.8 x 4.7 x 4.5 inches
- Item Weight:** Approximately 3.02 Pounds
- Manufacturer:** S100
- ASIN:** B004KA84QI
- Date First Available:** January 21, 2011
