LINEAGE LIW-M610D-1AJF

Casio Lineage Multiband 6 Watch User Manual

Model: LIW-M610D-1AJF

PRODUCT OVERVIEW

The Casio Lineage Multiband 6 LIW-M610D-1AJF is a solar-powered radio-controlled analog watch featuring a full metal case and a 5-motor chronograph module. It combines elegant design with high-performance functionalities such as a stopwatch, world time, timer, and alarm, all within a slim 10.6mm profile. Its radio reception function supports standard radio signals from Japan, China, the United States, and Europe, ensuring accurate timekeeping.

SETUP

Initial Charge

Before first use, expose the watch face to light for several hours to ensure a full charge. This watch utilizes a solar charging system, converting light from sources like sunlight or fluorescent lamps into power.

時刻合わせと電池交換の手間が軽減。

マルチバンド6(電波受信機能)

世界6局の標準電波を受信。
日本、北米、欧州、中国での自動時刻修正を実現。
つねに正しい時刻を表示*。

※時刻修正機能が正常に作動している場合。

タフソーラー(ソーラー充電システム)

太陽光はもちろん、蛍光灯などの光を動力に変換する
カシオ独自のソーラー充電システム。

5気圧防水

5気圧防水なので、水仕事、水泳などでご使用頂けます。
また汗ばんだり、汚れたりした時などは、さっと水で
流していただけるので、気持ちよくお使い頂けます。

Figure 2: Diagram highlighting the Multiband 6 radio reception and Tough Solar charging system. The Multiband 6 feature automatically corrects time by receiving standard radio waves from 6 global stations (Japan, China, USA, Europe). The Tough

Solar system powers the watch using light, reducing the need for battery replacement.

Time Calibration (Multiband 6)

The watch automatically receives time calibration signals. For optimal reception, place the watch near a window at night. The Multiband 6 feature ensures accurate timekeeping by synchronizing with atomic clocks in Japan, China, the United States, and Europe.

If automatic reception is not successful, manual time adjustment may be required. Refer to the detailed English PDF manual for specific instructions on manual time setting and signal reception.

OPERATING THE WATCH

Basic Timekeeping

The watch displays the current time (hour, minute, second) and date. The analog display provides a classic look while integrating advanced digital functionalities.

Chronograph (Stopwatch)

To use the stopwatch function, navigate to the chronograph mode. Press the appropriate button to start, stop, and reset the timer. The watch features a 5-motor chronograph module for precise measurement.

World Time

The world time feature allows you to view the current time in various major cities around the globe. Consult the full manual for instructions on how to select and display different time zones.

Timer and Alarm

Set countdown timers for specific durations or configure daily alarms. These functions are accessible through the watch's mode button and adjusted using the side pushers.

MAINTENANCE

Cleaning

Wipe the watch regularly with a soft, dry cloth to remove dirt and smudges. For the metal band, a slightly damp cloth can be used, followed by immediate drying.

Water Resistance

The watch features 5-bar water resistance, making it suitable for daily use, hand washing, and light rain. It is

not intended for diving or prolonged submersion.

Charging

Ensure the watch is regularly exposed to light to maintain its charge. Avoid prolonged storage in dark places, which can lead to power depletion.

TROUBLESHOOTING

Time Not Synchronizing

- Ensure the watch is placed in an area with good radio signal reception, ideally near a window, especially overnight.
- Check for sources of interference such as electronic devices, large metal objects, or buildings.
- Verify that the home city setting on the watch is correct for your region.
- Attempt a manual time calibration. Refer to the full English PDF manual for detailed steps.

Watch Not Charging

- Expose the watch face directly to bright light (sunlight is best) for an extended period.
- Ensure the watch face is clean and free of obstructions that might block light.
- If the power reserve indicator shows low charge, allow more time for charging.

SPECIFICATIONS

Feature	Detail
Model Number	LIW-M610D-1AJF
Brand	LINEAGE (Casio)
Dimensions	1.64 x 0.42 x 1.82 inches
Weight	4.47 ounces
Water Resistance	5 Bar (50 meters)
Power Source	Tough Solar (Solar Powered)
Time Synchronization	Multiband 6 (Radio Controlled)
Functions	Chronograph, World Time, Timer, Alarm
