# DHP 8 Inch Independently Encased Coil Futon Mattress User Manual

Model: 5424096

## INTRODUCTION

---

Thank you for choosing the DHP 8 Inch Independently Encased Coil Futon Mattress. This manual provides essential information for the proper setup, use, and maintenance of your new futon mattress. Please read these instructions carefully to ensure long-lasting comfort and satisfaction.

### Key Features:

- Independently pocketed 15-gauge coils for equal weight distribution and pressure point relief.
- Quality foam and polyester layering for optimal comfort.
- Durable microfiber mattress cover.
- CertiPUR-US certified foam, made without harmful flame retardants, ozone depleters, mercury, lead, and heavy metals.
- Low VOC emissions for improved indoor air quality.

## PRODUCT OVERVIEW

---

The DHP 8 Inch Independently Encased Coil Futon Mattress is designed to provide comfort and support for both sitting and sleeping. Its construction features individually wrapped coils that adapt to your body's contours, reducing motion transfer and enhancing overall comfort. The mattress is covered in a soft, durable microfiber fabric.

## SETUP INSTRUCTIONS

---

- 1. Unpacking:** Carefully remove the mattress from its packaging. The mattress is typically vacuum-compressed and rolled. Avoid using sharp objects that could damage the fabric. It is recommended to unpack in the room where it will be used due to its weight and size once expanded.
- 2. Expansion:** Once unrolled and freed from the vacuum seal, the mattress will begin to expand. Allow up to 48-72 hours for the mattress to fully regain its original shape and firmness.
- 3. Placement:** This mattress is designed to fit any standard full-size futon frame (sold separately). Place the mattress securely onto your futon frame. Ensure it is centered and aligned properly.

## OPERATING (USAGE)

---

The DHP futon mattress offers versatile use as both a comfortable seating surface and a bed. Its independently encased coils provide consistent support whether you are sitting upright or lying flat.

### Converting Futon Frame:

To convert your futon from a sofa to a bed, follow the instructions provided with your futon frame. The mattress is designed to flex and fold with the frame's mechanism.

## **MAINTENANCE**

---

### **Cleaning the Microfiber Cover:**

- For general cleaning, wipe the microfiber cover with a damp cloth.
- For spills, blot immediately with a clean, dry cloth. Avoid rubbing, which can spread the stain.
- Use a mild soap solution if necessary, applying sparingly and wiping clean with a damp cloth. Allow to air dry completely.
- Do not machine wash or dry clean the mattress cover.

### **Foam Care:**

The foam in this mattress is CertiPUR-US certified, meaning it is made without harmful chemicals. To maintain its integrity, avoid exposing the mattress to excessive moisture or direct sunlight for prolonged periods.

## **TROUBLESHOOTING**

---

- **Initial Odor:** A new mattress may have a slight, temporary odor upon unpacking. This is normal and will dissipate within a few days. Ensure good ventilation in the room.

- **Mattress Not Fully Expanded:** Allow 48-72 hours for full expansion. Cooler temperatures can sometimes slow down the expansion process.
- **Difficulty Folding:** Ensure the mattress is correctly positioned on the futon frame. If the frame mechanism is stiff, refer to your futon frame's manual.

If you encounter any issues not covered here, please contact DHP customer support for assistance.

## SPECIFICATIONS

Attribute	Detail
Product Dimensions	75"L x 54"W x 8"H
Item Weight	57 lbs
Item Model Number	5424096
Brand	DHP
Fill Material	Innerspring
Cover Material	Microfiber
Item Firmness Description	Plush
Assembly Required	No (for mattress)

## WARRANTY AND SUPPORT

### Warranty Information:
