## CARE AND MAINTENANCE

- **Handling:** Always hold the DVD by its edges or by placing a finger through the center hole to avoid touching the playing surface.
- **Storage:** Store the DVD in its original case when not in use to protect it from dust, scratches, and direct sunlight.
- **Cleaning:** If the disc becomes dirty, gently wipe the playing surface from the center outwards with a soft, lint-free cloth. Do not use abrasive cleaners or solvents.
- **Avoid Extremes:** Do not expose the DVD to extreme temperatures or humidity, as this can cause warping or damage.

## TROUBLESHOOTING

### Disc not playing or loading:

Ensure the disc is inserted correctly. Check for visible scratches or smudges on the disc surface and clean if necessary. Verify your DVD player is functioning correctly and is compatible with standard DVD format.

### No audio or video during playback:

Confirm that all audio and video cables are securely connected between your DVD player and TV/audio

system. Check the input source on your TV and ensure the volume is turned up on both your TV and audio system.

**Skipping, freezing, or pixelation:**

Clean the disc thoroughly. Minor scratches can sometimes cause playback issues. If the problem persists, try playing the disc on another DVD player to determine if the issue is with the disc or your player.
