2. KEY FEATURES

- **Powerful Dual Spray Function:** Offers both a steady stream and a powerful spray for versatile cleaning.
- **Durable Construction:** Crafted from solid brass for long-lasting performance and reliability.
- **High-Arc Gooseneck Spout:** Provides ample clearance and rotates 360° for maximum flexibility.
- **Ceramic Disc Cartridges:** Dual ceramic disc cartridges ensure precise water flow and temperature control.
- **Premium Finish:** BLANCO finishes are designed to resist tarnishing and corrosion, maintaining the faucet's appearance.
- **Magnetic Docking Arm:** Securely holds the pull-down handspray in place when not in use.
- **Flexible Coil Hose:** Allows the handspray to reach all corners of the sink.
- **Flow Rate:** 2.2 Gallons Per Minute (GPM).

3. SETUP AND INSTALLATION

The BLANCO CULINA faucet is designed for single-hole, deck-mount installation. Installation hardware is included. For optimal performance and to ensure proper sealing, it is recommended to follow the detailed instructions provided in the separate installation guide or consult a qualified professional.

- **Mounting Type:** Deck Mount
- **Installation Type:** Single Hole
- **Included Components:** Installation Hardware
- **Supply Lines:** Color-coded hot and cold supply lines are provided for correct connection.

4. OPERATING INSTRUCTIONS

This faucet features a single handle for controlling both water temperature and flow, located on the right side. The pull-down handspray offers enhanced functionality.

1. **Water Flow and Temperature:** Lift the single handle to turn on the water. Move the handle left for hot water and right for cold water. Adjust the handle's height to control the water flow intensity.
2. **Activating the Handspray:** Pull the handspray from its magnetic docking arm. Press the button on the handspray to switch between stream and spray functions.
3. **Handspray Flexibility:** The flexible coil hose allows the handspray to extend and reach various areas of your sink.
4. **Docking the Handspray:** After use, guide the handspray back towards the magnetic docking arm until it securely clicks into place.
5. **Spout Rotation:** The high-arc gooseneck spout can rotate 360 degrees, providing flexibility for multi-tasking at the sink.

5. MAINTENANCE

To maintain the appearance and functionality of your BLANCO CULINA faucet, follow these general maintenance guidelines:

- **Cleaning the Finish:** Clean the faucet regularly with a soft cloth and mild soap. Avoid abrasive cleaners, harsh chemicals, or scouring pads, as these can damage the finish.
- **Handspray Nozzles:** Periodically check and clean the handspray nozzles to remove any mineral buildup that may affect spray performance.
- **General Care:** Ensure the magnetic docking arm and flexible coil are free from debris to allow smooth operation.

6. TROUBLESHOOTING

If you encounter any issues with your BLANCO CULINA faucet, consider the following general troubleshooting

steps:

- **Low Water Flow:** Check if the aerator on the handspray is clogged with debris or mineral deposits. Clean or replace as necessary. Ensure water supply valves are fully open.
- **Leaks:** Inspect all connections for tightness. If leaks persist, the internal cartridges may need inspection or replacement.
- **Handspray Not Docking:** Ensure the magnetic docking arm and the handspray's magnetic component are clean and free from obstructions.

For persistent issues or complex repairs, it is recommended to contact BLANCO customer support or a certified plumber.

7. SPECIFICATIONS
