

Zadro LED10X

Zadro Compact 10X Magnification LED Lighted Suction Cup Mount Beauty Makeup Mirror

Model: LED10X

INTRODUCTION

The Zadro Compact 10X Magnification LED Lighted Suction Cup Mount Beauty Makeup Mirror is designed to provide a crystal clear, magnified reflection with powerful LED lighting for precise beauty applications. Its compact size and suction cup mounting make it ideal for both home use and travel.

Key features include:

- **Crystal Clear Reflection:** High definition optical quality glass mirror ensures the clearest reflection without distortion.
- **10X Detail Magnification:** Powerful 10X magnification is perfect to zoom in and clearly see every detail.
- **Powerful LED Lighting:** Bright LED lighting allows for easy application in any lighting or setting. Eco-friendly LED bulbs never need replacing.
- **Home and Travel:** Use at home for precision viewing, or easily pack in a handbag or luggage for on-the-go touch-ups.
- **Easy Mounting:** Mounts to most flat, smooth surfaces for hands-free use using the three individual suction cups.

SETUP AND INSTALLATION

Battery Installation

The mirror requires 4 CR2 batteries (not included). To install:

1. Locate the battery compartment cover on the back of the mirror.
2. Use a small Phillips head screwdriver to remove the screw securing the cover.
3. Carefully remove the cover.
4. Insert 4 CR2 batteries, ensuring correct polarity (+/-) as indicated inside the compartment.
5. Replace the battery compartment cover and secure it with the screw.

Mounting the Mirror

The mirror features three suction cups for easy mounting to smooth, flat surfaces such as bathroom mirrors, tiles, or glass.

1. Ensure the surface where you intend to mount the mirror is clean, dry, and smooth.
2. Slightly moisten the suction cups for better adhesion.
3. Press the mirror firmly against the desired surface, applying pressure to each suction cup to expel air.
4. Verify that the mirror is securely attached before releasing it.

OPERATING INSTRUCTIONS

Using the LED Light

The mirror is equipped with bright LED lighting for enhanced visibility.

- To turn the LED light ON, locate the power button on the side of the mirror and press it once.
- To turn the LED light OFF, press the power button again.

Utilizing 10X Magnification

The 10X magnification is designed for detailed tasks such as applying makeup, tweezing, or inserting contact lenses.

- Hold the mirror close to your face, typically within a few inches, to achieve the clearest and most magnified view.
- Adjust the distance until the image is in sharp focus.

MAINTENANCE

To ensure the longevity and optimal performance of your Zadro mirror, follow these maintenance guidelines:

- **Cleaning the Mirror Surface:** Use a soft, lint-free cloth and a non-abrasive glass cleaner. Spray the cleaner onto the cloth, not directly onto the mirror, then wipe gently.
- **Cleaning the Frame:** Wipe the mirror frame with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners.
- **Suction Cups:** Periodically clean the suction cups with mild soap and water to remove any residue that might reduce their grip. Allow them to air dry completely before re-mounting.
- **Battery Replacement:** Replace batteries when the LED light dims or stops working. Always use new batteries of the specified type (CR2).

TROUBLESHOOTING

Problem	Possible Cause	Solution
LED light does not turn on or is dim.	Batteries are dead or incorrectly installed.	Replace the 4 CR2 batteries, ensuring correct polarity.
Mirror does not stay mounted with suction cups.	Surface is not clean, smooth, or dry; suction cups are dirty or dry.	Clean the mounting surface and the suction cups. Slightly moisten suction cups before pressing firmly onto the surface.
Reflection is blurry or distorted.	Mirror is too far from your face for 10X magnification.	Move the mirror closer to your face (typically within a few inches) until the image is clear.

SPECIFICATIONS

Feature	Detail
Model Number	LED10X
Magnification	10X
Lighting Type	LED
Power Source	4 CR2 Batteries (not included)
Product Dimensions	0.75"L x 4.5"W (0.75 x 4.5 x 4.5 inches)
Weight	0.48 ounces
Material	Glass (Frame Material)
Mounting Type	Suction Cup
Color	Pink
UPC	705004419604

SAFETY INFORMATION

WARNING: Exposure to direct sunlight may cause fire. Use with caution.

Do not leave the mirror in direct sunlight, especially near windows, as the magnified reflection can concentrate sunlight and pose a fire hazard.

WARRANTY AND SUPPORT

Zadro products are manufactured to the highest quality standards. For warranty information or technical support, please visit the official Zadro website or contact their customer service department. Keep your purchase receipt as proof of purchase.

For further assistance, please refer to the contact information provided on the product packaging or the official Zadro website: www.zadroinc.com
