SmartGames SG 520

SmartGames Anti-Virus Logic Game Instruction Manual

Model: SG 520

INTRODUCTION

The SmartGames Anti-Virus is a single-player sliding puzzle game designed to challenge logical thinking and problem-solving skills. The objective of the game is to maneuver the colored virus pieces on the game board to create a clear path, allowing the red virus piece to exit the system. This game is suitable for ages 7 and up and includes 60 challenges of varying difficulty levels.

WHAT'S IN THE BOX

- 1 Game Board
- 8 Colored Game Pieces (Viruses)
- 1 Challenge Booklet with 60 Challenges and Solutions

SETUP

1. Place the game board on a flat, stable surface.
2. Select a challenge from the provided challenge booklet. Challenges are numbered from 1 to 60, increasing in difficulty.
3. Arrange the colored game pieces on the board exactly as depicted in the chosen challenge. Pay close attention to the position and orientation of each piece, especially the red virus.
4. Ensure the white 'healthy cell' pieces are in their fixed positions as indicated by the challenge. These pieces cannot be moved during gameplay.

OPERATING (HOW TO PLAY)

The objective is to slide the red virus piece off the game board through the designated exit opening. Follow these rules for movement:

- **Diagonal Movement:** All colored virus pieces can only be moved diagonally along the grooves on the game board.
- **Group Movement:** Pieces can be moved individually or in connected groups. If multiple pieces are linked together and a diagonal path is clear, they can slide as a single unit.
- **No Lifting:** Pieces must remain on the board at all times. They cannot be lifted or jumped over other pieces.
- **Fixed Pieces:** The white 'healthy cell' pieces are stationary and cannot be moved.
- **Goal:** Continue sliding pieces until the red virus piece can be moved directly off the board through the exit point.

CHALLENGES AND SOLUTIONS

The challenge booklet contains 60 unique challenges, categorized by difficulty. It is recommended to progress through the challenges sequentially to gradually improve your skills. Solutions for all challenges are provided at the back of the booklet. Refer to these solutions if you are stuck or wish to verify your answer.

MAINTENANCE

- **Cleaning:** To clean the game pieces and board, gently wipe them with a soft, dry cloth. Avoid using abrasive cleaners, solvents, or excessive moisture, as these can damage the materials.
- **Storage:** Store all game components in their original packaging or a suitable container to prevent loss or damage. Keep the game away from direct sunlight and extreme temperatures.

TROUBLESHOOTING

- **Challenge Seems Unsolvable:** If you are having difficulty solving a challenge, first double-check your initial setup against the challenge diagram in the booklet. A common error is incorrect placement of pieces.
- **Movement Issues:** Ensure you are adhering to the movement rules: pieces can only move diagonally and cannot be lifted from the board. Verify that connected pieces are moving as a group when appropriate.
- **Consult Solutions:** If you remain stuck, refer to the solutions provided at the back of the challenge booklet. Analyzing the solution can help you understand the logic required for that specific challenge.

SPECIFICATIONS

Model Number	SG 520
Product Dimensions	9.45 x 9.45 x 1.77 inches
Item Weight	15.2 ounces
Recommended Age	7 years and up
Number of Challenges	60
Players	1
