## Casdon 64102

# Casdon Dyson Ball Toy Vacuum Cleaner Instruction Manual

Model: 64102

## INTRODUCTION

This manual provides essential information for the safe and effective use of your Casdon Dyson Ball Toy Vacuum Cleaner. Designed for children aged 3 and above, this toy offers a realistic role-play experience, mimicking the functions and appearance of a full-sized Dyson Ball vacuum. Please read these instructions carefully before assembly and operation.

## SETUP

### 1. Unpacking and Component Check

Carefully remove all components from the packaging. Ensure all parts are present:

- Main vacuum unit
- Handle assembly
- Floor head
- Removable debris drawer
- Small screwdriver (for battery compartment)

## 2. Battery Installation

The toy requires 4 x C batteries (not included). Use the provided screwdriver to open the battery compartment located on the main unit. Insert the batteries, ensuring correct polarity (+/-). Close the compartment and secure with the screw.

### 3. Assembly

1. Attach the handle assembly to the main vacuum unit by aligning the connectors and pushing firmly until it clicks into place.
2. Connect the floor head to the bottom of the main unit, ensuring a secure fit.
3. Insert the removable debris drawer into its designated slot at the back of the main unit.

## OPERATING INSTRUCTIONS

### 1. Power On/Off

Locate the power switch on the main unit. Slide the switch to the 'ON' position to activate the toy. Slide to 'OFF' to power down.

## 2. Realistic Features

- **Sounds:** The toy produces realistic vacuum cleaner sounds when powered on.
- **Cyclone Action:** Observe the colorful balls whizzing around in the clear cylinder, simulating the cyclone action of a real Dyson vacuum.
- **Twist and Turn:** The toy is designed with a 'twist and turn' action, allowing for easy maneuverability around obstacles, just like the actual Dyson Ball model.
- **Light Suction:** The foot of the vacuum provides light suction, capable of picking up small pieces of paper waste or poly beads.

## 2. Cleaning

Wipe the exterior of the toy with a soft, damp cloth. Do not immerse the toy in water.

## 3. Battery Replacement

If the toy's sounds or lights become dim, it is time to replace the batteries. Follow the battery installation steps in the Setup section.

## TROUBLESHOOTING

- **Toy does not turn on:** Ensure batteries are correctly installed and are not depleted. Replace batteries if necessary.
- **No sounds or lights:** Check battery installation and charge level.
- **Reduced suction:** Verify that the debris drawer is not full and that there are no blockages in the floor head or suction path.
