Lamborghini Matt Black Aventador LP 700-4 1:38 5" Pull Back Diecast Car

INSTRUCTION MANUAL

Product Overview

This manual provides essential information for the operation and maintenance of your Lamborghini Matt Black Aventador LP 700-4 1:38 5" Pull Back Diecast Car. This officially licensed 1:38 scale model is a meticulously detailed replica, designed for both display and interactive play.

Key features include:

- **Authentic Replica:** Officially licensed 1:38 scale die-cast Lamborghini Aventador LP700-4 model with precise exterior detailing and matte black finish.
- **Interactive Features:** Functioning doors that open and close, allowing detailed viewing of the interior cabin design.
- **Play Value:** Pull-back motor action provides engaging play experience - simply pull back and watch it zoom forward.
- **Display Quality:** Meticulously crafted with attention to detail, from the signature Aventador body lines to the distinctive wheel design.
- **Specifications:** Compact 5-inch size perfect for collecting and display, constructed with durable die-cast metal and plastic components.

Setup

The Lamborghini diecast car is ready for use directly out of its packaging. No assembly or batteries are required.

1. **Unboxing:** Carefully remove the diecast car from its packaging. Retain packaging for future storage if desired.
2. **Initial Inspection:** Inspect the car for any visible damage or manufacturing defects. Ensure all parts, including the wheels and doors, move freely.
3. **Placement:** Place the car on a flat, clean surface for display or play.

Operating Instructions

This diecast model features a pull-back action mechanism and functional doors.

Pull-Back Action:

1. Place the car on a smooth, flat surface.
2. Gently pull the car backward along the surface. You will feel a slight resistance as the internal mechanism winds up.
3. Release the car. It will propel forward on its own.
4. For optimal performance, ensure the surface is clean and free of debris.

Image 2: Front-side view of the diecast car, illustrating its readiness for the pull-back mechanism.

Functional Doors:

- The doors on both sides of the model can be opened to reveal the detailed interior.
- To open, gently lift the door from the bottom edge.
- To close, gently push the door back into its closed position until it sits flush with the car body.
- Avoid forcing the doors, as this may cause damage to the hinges.

Image 3: Rear-side view of the diecast car with the driver's side door open, highlighting the detailed interior.

Maintenance

Proper care will ensure the longevity and appearance of your diecast model.

- **Cleaning:** Use a soft, dry cloth to gently wipe down the car. For stubborn dust, a slightly damp cloth can be used, followed immediately by a dry cloth. Avoid abrasive cleaners or harsh chemicals, as these can damage the paint finish.
- **Storage:** Store the diecast car in a cool, dry place away from direct sunlight and extreme temperatures. Prolonged exposure to sunlight can cause fading of the paint.
- **Handling:** Handle the model by its body, avoiding excessive pressure on delicate parts like mirrors or spoilers.

Troubleshooting

If you encounter any issues with your diecast car, refer to the following common solutions:

Problem	Possible Cause	Solution
Pull-back mechanism not working smoothly.	Debris on wheels or mechanism; rough surface.	Clean wheels and underside of car. Use on a smooth, clean surface.
Doors are stiff or do not close properly.	Minor misalignment or dust in hinges.	Gently wiggle the door to realign. Clean hinges with a soft brush if dust is present. Do not force.
Paint fading or discoloration.	Prolonged exposure to direct sunlight or harsh chemicals.	Store the car away from direct sunlight. Avoid using chemical cleaners.

Specifications

Brand	Lamborghini (Manufactured by KiNSMART)
Model	Aventador LP 700-4
Scale	1:38
Product Dimensions	4.8 x 4.41 x 0.71 inches
Item Weight	0.64 ounces
Material	Die-cast metal and plastic components
Recommended Age	3 years and up
Model Number	SG_B004VH4RAM_US
