CubicFun MC054H

CubicFun MC054H Notre Dame De Paris 3D Puzzle Instruction Manual

Model: MC054H

INTRODUCTION

Thank you for choosing the CubicFun MC054H Notre Dame De Paris 3D Puzzle. This manual provides essential information for the assembly, care, and maintenance of your puzzle. Please read these instructions carefully before beginning assembly to ensure a smooth and enjoyable experience.

SAFETY INFORMATION

WARNING: CHOKING HAZARD - Small parts. Not for children under 3 years.

This product contains small components that may pose a choking hazard. Adult supervision is recommended, especially for younger users. Keep all packaging materials away from children.

PACKAGE CONTENTS

Before starting, please verify that all components are present. Your CubicFun MC054H puzzle package should contain:

- Pre-cut puzzle sheets (various sizes and shapes)
- Instruction booklet with numbered assembly steps and diagrams

If any parts are missing or damaged, please contact CubicFun customer support.

SETUP AND ASSEMBLY INSTRUCTIONS

Follow these steps to assemble your Notre Dame De Paris 3D Puzzle:

1. **Preparation:** Unpack all puzzle sheets and lay them out on a clean, flat surface. Familiarize yourself with the different sheets and the overall structure of the model by reviewing the instruction booklet.
2. **Identify Pieces:** Each puzzle piece is typically numbered. Locate the corresponding numbers in the

instruction booklet's diagrams.

- 3. Detaching Pieces:** Carefully detach each piece from its sheet. Use a gentle pushing motion. Avoid tearing. If a piece is difficult to remove, a small, blunt tool (like a toothpick) can assist, but exercise caution to prevent damage.
- 4. Follow Numbered Steps:** Assemble the puzzle by following the numbered sequence provided in the instruction booklet. The steps are designed to guide you through the construction logically.
- 5. Interlocking:** Connect pieces by aligning the tabs with the corresponding slots. Apply gentle, even pressure to ensure a secure fit. Do not force pieces together, as this may cause damage.
- 6. Structural Integrity:** As you build, ensure that previously assembled sections remain stable. Some sections may require temporary support until more pieces are added to reinforce the structure.

ASSEMBLY TIPS

- **Patience is Key:** 3D puzzles require patience. Take your time with each step.
- **Refer to Diagrams:** Always cross-reference the physical pieces with the diagrams in the instruction booklet.
- **Gentle Handling:** The puzzle pieces can be delicate. Handle them gently to avoid bending or tearing.

- **Organize Pieces:** Sorting pieces by sheet number or by section of the model can simplify the assembly process.

MAINTENANCE

To preserve the appearance and integrity of your assembled CubicFun Notre Dame De Paris 3D Puzzle:

- **Cleaning:** Gently dust the model with a soft, dry cloth or a soft brush. Avoid using water or chemical cleaners, as these can damage the material.
- **Storage/Display:** Display the puzzle in a stable location away from direct sunlight, high humidity, or extreme temperatures to prevent fading or warping.
- **Handling:** When moving the assembled model, support it from the base to prevent structural stress.

TROUBLESHOOTING

If you encounter issues during assembly, consider the following:

- **Pieces Not Fitting:** Double-check the piece number and orientation against the instruction diagrams. Ensure you are not forcing pieces. Sometimes, a slight adjustment in angle is needed.
- **Missing Pieces:** Carefully re-check all puzzle sheets and the surrounding area. If a piece is genuinely missing, contact CubicFun customer support with details of the missing part (sheet number, piece number).
- **Flimsy Structure:** Ensure all tabs are fully inserted into their corresponding slots. Review previous steps to confirm all connections are secure.

SPECIFICATIONS

Model Number	MC054H
Brand	CubicFun
Product Dimensions (Assembled)	15 x 8 x 5 inches
Item Weight	1 pounds
Recommended Age	5 years and up
Date First Available	March 1, 2009
