

Taurus 908503

Taurus Aromatic Electric Coffee Grinder 150W - Instruction Manual

Model: 908503

1. IMPORTANT SAFETY INSTRUCTIONS

Please read all instructions carefully before using the appliance and retain them for future reference. Incorrect use can lead to injury or damage.

- **Electrical Safety:** Ensure the voltage indicated on the appliance corresponds to your mains voltage before connecting. Do not immerse the motor unit, cord, or plug in water or any other liquid.
- **Blade Safety:** The grinding blades are sharp. Exercise extreme caution when handling the blades, especially during cleaning. Always unplug the appliance before cleaning or attempting to remove contents.
- **Supervision:** This appliance is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the appliance by a person responsible for their safety. Children should be supervised to ensure that they do not play with the appliance.
- **Usage Environment:** Use the appliance on a stable, dry, and level surface. Do not use outdoors.
- **Overheating Protection:** Do not operate the grinder continuously for more than 30 seconds. Allow a short break between grinding cycles to prevent overheating.
- **Maintenance:** Do not attempt to repair the appliance yourself. Contact qualified service personnel for any repairs.

2. PRODUCT OVERVIEW

The Taurus Aromatic Electric Coffee Grinder is designed for efficient and fine grinding of coffee beans, spices, and nuts. Its compact design and stainless steel components ensure durability and ease of use.

Components:

- Motor Unit (Base)
- Grinding Chamber with Stainless Steel Blades
- Transparent Lid with Viewing Window
- Operation Button
- Power Cord with Storage

3. SETUP

1. **Unpack:** Carefully remove the coffee grinder and all its components from the packaging. Retain the packaging for future storage or transport.
2. **Initial Cleaning:** Before first use, wipe the exterior of the motor unit with a damp cloth. Wash the grinding chamber and lid with warm, soapy water, rinse thoroughly, and dry completely. Ensure no water enters the

motor unit.

3. **Placement:** Place the grinder on a stable, dry, and level surface, away from heat sources and water.

4. OPERATING INSTRUCTIONS

4.1 Grinding Coffee Beans

1. **Prepare Beans:** Ensure the grinding chamber is clean and dry.
2. **Fill Chamber:** Add up to 50 grams of whole coffee beans into the grinding chamber. Do not overfill.

Figure 4.1: Filling the grinding chamber with coffee beans. Maximum capacity is 50g.

3. **Secure Lid:** Place the transparent lid securely onto the grinding chamber. The grinder will not operate unless the lid is properly closed.

Figure 4.2: The transparent lid features a viewing window to monitor grinding progress.

4. **Plug In:** Connect the power cord to a suitable electrical outlet.
5. **Grind:** Press and hold the operation button to start grinding. Release the button to stop.

Figure 4.3: The durable stainless steel blades ensure efficient grinding.

- For a coarse grind, press for a few seconds.
- For a medium grind, press for 10-15 seconds.
- For a fine grind, press for 20-30 seconds.

Monitor the fineness through the transparent lid. Do not operate for more than 30 seconds continuously.

• **Unplug and Empty:** Once the desired fineness is achieved, release the button, unplug the appliance, and carefully remove the lid. Pour out the ground coffee.

4.2 Grinding Spices and Nuts

The Taurus Aromatic grinder is also suitable for grinding various dry spices and nuts. Follow the same operating steps as for coffee beans, adjusting grinding time for desired consistency.

Figure 4.4: The grinder can be used for nuts, such as almonds or walnuts.

5. MAINTENANCE AND CLEANING

Regular cleaning ensures optimal performance and extends the life of your grinder.

1. **Always Unplug:** Before cleaning, always ensure the appliance is unplugged from the power outlet.
2. **Clean Grinding Chamber:** Use a small brush (not included) to remove any residual coffee grounds, spices, or nut particles from the grinding chamber and around the blades. Be extremely careful around the sharp blades.
3. **Wash Lid:** The transparent lid can be washed with warm, soapy water. Rinse thoroughly and dry completely before reattaching.
4. **Wipe Exterior:** Wipe the exterior of the motor unit with a soft, damp cloth. Do not use abrasive cleaners or immerse the motor unit in water.
5. **Storage:** Store the grinder in a dry place, away from direct sunlight and out of reach of children. The power cord can be neatly stored in the base of the unit.

6. TROUBLESHOOTING

Problem	Possible Cause	Solution
Grinder does not start	1. Not plugged in. 2. Lid not properly secured. 3. Overheating protection activated.	1. Ensure the power cord is securely plugged into an outlet. 2. Make sure the lid is correctly placed and locked into position. 3. Unplug the grinder and let it cool down for at least 10-15 minutes before attempting to use it again.
Grinding is inconsistent	1. Insufficient grinding time. 2. Overfilling the chamber.	1. Increase grinding time slightly, observing through the lid. 2. Do not exceed the 50g capacity. Grind in smaller batches if necessary.
Burning smell during operation	1. Overheating. 2. Motor strain from grinding hard items or overfilling.	1. Immediately stop operation, unplug, and allow the unit to cool down completely. 2. Reduce the amount of material being ground and ensure it is suitable for the grinder. Avoid grinding excessively hard items.

If the problem persists after attempting these solutions, please contact customer support.

7. SPECIFICATIONS

Feature	Specification
Brand	Taurus
Model Number	908503
Power	150 Watts
Voltage	240 Volts
Material	Stainless Steel (Blades and Reservoir)
Capacity	50 grams (coffee beans)
Dimensions (L x W x H)	10.8 x 10.8 x 18.8 cm
Weight	875 grams
