OttLite 15ED420

OttLite 15ED420 15 Watt HD Edison Swirl Screw Bulb User Manual

INTRODUCTION

This manual provides instructions for the safe and efficient use of your OttLite 15ED420 15 Watt HD Edison Swirl Screw Bulb. Please read this manual thoroughly before installation and retain it for future reference.

The OttLite 15ED420 bulb is designed to provide natural daylight illumination, offering clear details and crisp colors. This 15-watt bulb is engineered to replace a 60-watt incandescent bulb, offering energy efficiency.

SAFETY INFORMATION

WARNING: To reduce the risk of electric shock, fire, or injury to persons, observe the following precautions:

- Ensure power is turned OFF at the switch and the main circuit breaker before installing, replacing, or cleaning the bulb.
- This bulb is dimmable. Ensure your dimmer switch is compatible with incandescent bulbs.
- Do not use in wet locations or where directly exposed to water. This bulb is intended for indoor use only.
- Do not disassemble the bulb. There are no user-serviceable parts inside.
- Avoid touching the bulb with bare hands immediately after use, as it may be hot. Allow sufficient time for cooling.
- Use only in light fixtures rated for the bulb's wattage (15 Watts) and voltage (120 Volts).

SETUP AND INSTALLATION

Follow these steps to properly install your OttLite 15ED420 bulb:

1. **Step 1: Power Off.** Ensure the power to the light fixture is turned off at the wall switch and the main circuit breaker.
2. **Step 2: Remove Old Bulb (if applicable).** Carefully unscrew the old bulb from the socket. Allow it to

cool if it was recently in use.

- Step 3: Install New Bulb.** Gently screw the OttLite 15ED420 bulb into the compatible light fixture socket. Turn clockwise until snug. Do not overtighten.
- Step 4: Restore Power.** Turn the power back on at the circuit breaker and then at the wall switch.

OPERATING INSTRUCTIONS

The OttLite 15ED420 bulb operates like a standard incandescent bulb:

- **Turning On/Off:** Use the light fixture's switch to turn the bulb on or off.
- **Dimming:** This bulb is dimmable. If your fixture is connected to a compatible dimmer switch, you can adjust the light intensity to your preference.
