Yonanas Classic Frozen Fruit Soft Serve Maker User Manual

Brand: **Yonanas** | Model: **IC902ESV23**

1. PRODUCT OVERVIEW

The Yonanas Classic Frozen Fruit Soft Serve Maker transforms frozen fruit into a delicious, healthy, and dairy-free soft serve dessert in minutes. This innovative appliance allows you to enjoy sweet treats without added sugars, fats, or preservatives, making it an ideal choice for health-conscious individuals and families.

Key features include:

- **Quick and Easy Operation:** Turn frozen fruit into soft serve rapidly.
- **Healthy & Versatile:** Create vegan, keto, and dairy-free desserts.
- **BPA-Free Construction:** Ensures food safety.
- **Easy to Clean:** Removable parts are dishwasher safe.

The Yonanas Classic Frozen Fruit Soft Serve Maker, ready to create healthy desserts.

A recipe book with 36 ideas is included to inspire your creations.

2. SAFETY INFORMATION

Please read all instructions carefully before using your Yonanas machine to ensure safe operation and optimal performance. Keep this manual for future reference.

- Always unplug the appliance from the power outlet when not in use, before assembling or disassembling parts, and before cleaning.
- Do not operate any appliance with a damaged cord or plug, or after the appliance malfunctions or has been damaged in any manner.
- Avoid contact with moving parts.
- Do not immerse the motor base in water or other liquids.
- Use only frozen fruit as directed. Do not process nuts, ice cubes, or other hard, non-fruit items, as this may

damage the machine.

- Keep hands and utensils out of the chute during operation to prevent injury.
- This appliance is for household use only.

3. COMPONENTS

Familiarize yourself with the parts of your Yonanas Classic Frozen Fruit Soft Serve Maker:

- **Motor Base:** The main power unit.
- **Chute:** Where the frozen fruit is inserted.
- **Plunger:** Used to push fruit down the chute.
- **Blade:** The rotating component that processes the fruit.
- **Cone:** Directs the processed fruit into your bowl.

4. SETUP

Before first use, wash all removable parts (chute, plunger, blade, cone) in warm, soapy water or on the top rack of your dishwasher. Rinse thoroughly and dry.

1. Place the motor base on a clean, stable, and dry surface.
2. Insert the blade into the motor base, ensuring it is seated correctly.
3. Place the cone over the blade, aligning the tabs and twisting to lock it into place.
4. Attach the chute assembly to the cone, twisting until it clicks securely into position.
5. Insert the plunger into the top of the chute.
6. Plug the power cord into a standard electrical outlet.

5. OPERATING INSTRUCTIONS

Follow these steps to create delicious frozen fruit soft serve:

1. **Prepare Fruit:** Peel and freeze your desired fruits. Over-ripe bananas are highly recommended as a creamy

base for most recipes. Cut larger fruits into pieces that fit easily into the chute.

2. **Thaw Slightly:** Allow frozen fruit to thaw at room temperature for 7-10 minutes. The fruit should be slightly soft to the touch, not rock-hard. This is crucial for smooth processing and to prevent motor strain.
3. **Position Bowl:** Place a serving bowl directly under the chute opening.
4. **Turn On:** Flip the power switch to the 'ON' position.
5. **Insert Fruit:** Drop the slightly thawed fruit into the chute. Use the plunger to gently push the fruit down. Do not force the fruit; let the machine do the work. Alternate between different fruits if making a mixed flavor.
6. **Enjoy:** Once all fruit is processed, turn off the machine and serve immediately for the best soft serve consistency.

HOW IT WORKS

FREEZE

Peel & freeze over-ripe bananas and other fruit.

YO.

Insert FROZEN fruit into the chute.

ENJOY!

Yonanas tastes just like soft serve ice cream!

Simple steps to use your Yonanas machine: Freeze, Insert, Enjoy!

The Yonanas machine is simple and fun for all ages to use.

Making healthy treats can be a fun activity for the whole family.

6. CLEANING AND MAINTENANCE

Cleaning your Yonanas machine is quick and easy:

1. **Unplug:** Always unplug the machine before cleaning.
2. **Disassemble:** Disassemble the chute, plunger, blade, and cone immediately after use.
3. **Wash Removable Parts:** All removable parts are top rack dishwasher safe. Alternatively, wash them by hand in warm, soapy water. Use a brush to clean the blade thoroughly.
4. **Clean Base:** Wipe the motor base clean with a damp cloth. Do not immerse the motor base in water.
5. **Dry and Store:** Ensure all parts are completely dry before reassembling or storing the machine.

7. TROUBLESHOOTING

If you encounter any issues with your Yonanas machine, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Machine does not turn on.	Not plugged in; improper assembly.	Ensure the power cord is securely plugged into a working outlet. Check that all parts are correctly assembled and locked into place.
Fruit is not processing smoothly or machine struggles.	Fruit is too frozen; too much fruit inserted at once.	Allow frozen fruit to thaw for the recommended 7-10 minutes until slightly softened. Insert smaller quantities of fruit at a time. Do not force the plunger.
Low yield of soft serve.	Some soft serve remains inside the unit.	After processing, disassemble the unit and scrape out any remaining soft serve from the blade, cone, and chute.
Soft serve is too runny.	Fruit was too soft or thawed for too long.	Ensure fruit is adequately frozen before thawing. Reduce thawing time slightly for a firmer consistency.

8. SPECIFICATIONS

- **Brand:** Yonanas
- **Model Name:** Yonanas Classic Frozen Fruit Soft Serve Maker
- **Model Number:** IC902ESV23
- **Color:** Silver
- **Power:** 200 Watts
- **Material:** Plastic, Stainless Steel (BPA Free)
