

## Franke EDDB33229-1

# Franke Ellipse EDDB33229-1 33-inch Dual Mount Granite Double Bowl Kitchen Sink Instruction Manual

Model: EDDB33229-1 | Brand: Franke

## 1. PRODUCT OVERVIEW

The Franke Ellipse EDDB33229-1 is a 33-inch dual mount double bowl kitchen sink crafted from durable composite granite. This versatile sink can be installed as either a topmount or undermount unit, adapting to various kitchen designs. It features Franke's exclusive Sanitized technology, a built-in protective barrier that inhibits bacterial growth, enhancing hygiene between cleaning cycles. The sink includes one pre-drilled faucet hole, with provisions for up to four additional knock-out holes to accommodate various faucet and accessory configurations.

## 2. SAFETY INFORMATION

---

Please read all instructions carefully before installation and use. Failure to follow these instructions may result in property damage or personal injury.

- Always wear appropriate personal protective equipment, such as safety glasses and gloves, during installation.
- Exercise caution when handling the sink, as it is heavy (approximately 42 pounds). Use proper lifting techniques or seek assistance to prevent injury.
- Ensure all plumbing connections are secure and watertight to prevent leaks.
- Verify that the countertop material and cabinet structure can adequately support the weight of the sink and its contents.
- Keep children and pets away from the work area during installation.

### 3. PACKAGE CONTENTS

---

Verify that all components are present and undamaged before beginning installation:

- Franke Ellipse EDDB33229-1 Double Bowl Kitchen Sink
- Installation Template
- Mounting Hardware

### 4. INSTALLATION INSTRUCTIONS

---

The Franke Ellipse sink offers dual installation options: topmount or undermount. Refer to the included installation template and hardware for detailed steps specific to your chosen method.

#### 4.1. Countertop Preparation

- Use the provided template to accurately mark the cutout area on your countertop.
- Carefully cut the opening according to the template. For undermount installations, ensure the edges are polished and sealed as required by your countertop material.

#### 4.2. Faucet Hole Preparation

The sink comes with one pre-drilled faucet hole. If additional holes are required for accessories (e.g., soap dispenser, hot water dispenser), carefully knock out the designated areas from the underside of the sink using appropriate tools. Consult a professional if unsure.

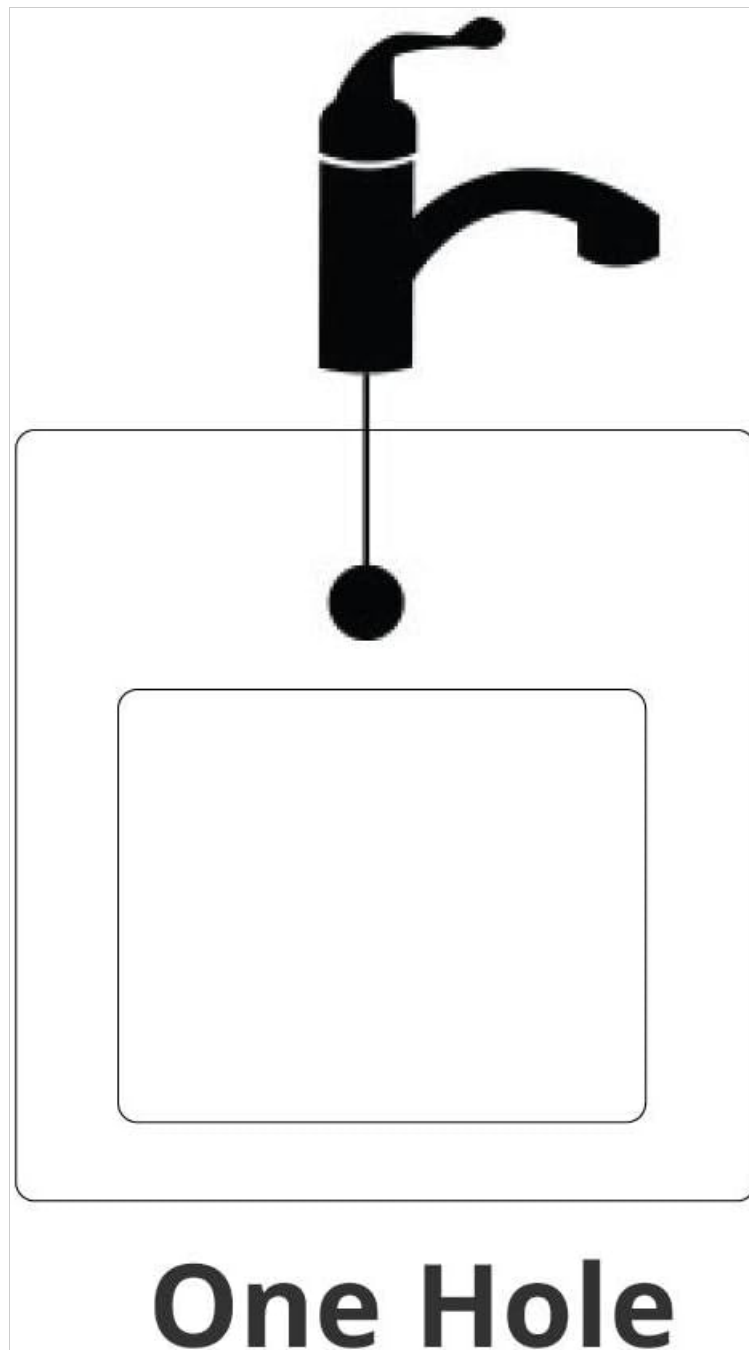

Image 4.1: Illustration showing the standard single faucet hole configuration. Additional knock-out holes are available for customization.

### 4.3. Sink Installation

- **Topmount Installation:** Apply a bead of silicone sealant around the perimeter of the cutout. Carefully lower the sink into the opening. Secure the sink using the provided mounting clips and hardware from underneath the countertop. Tighten evenly to ensure a snug fit.
- **Undermount Installation:** Apply a strong adhesive and sealant to the underside of the countertop cutout. Lift the sink into position and secure it with the provided mounting clips and brackets. Ensure proper alignment and support while the adhesive cures.

### 4.4. Plumbing Connections

- Install the faucet, drain assemblies, and any other accessories according to their respective manufacturer's instructions.
- Connect the water supply lines and drain pipes.
- Test for leaks by running water through the faucet and checking all connections.

Video 4.1: This video from Franke USA highlights key features of Franke granite sinks, including their stain resistance, antibacterial treatment (Sanitized), and the flexibility of topmount and undermount installation options. It provides a visual overview of the product's benefits and versatility.

## 5. OPERATING INSTRUCTIONS

---

The Franke Ellipse kitchen sink is designed for everyday kitchen tasks. Operate your faucet as per its manufacturer's instructions. The dual bowls allow for multi-tasking, such as washing dishes in one bowl while rinsing in the other, or separating food preparation from cleaning.

## 6. MAINTENANCE AND CARE

---

Proper care will ensure the longevity and appearance of your Franke Ellipse granite sink.

- **Daily Cleaning:** Wipe the sink with a dry cloth after each use to prevent water spots and mineral buildup. For general cleaning, use a mild dish soap and a soft sponge or cloth.
- **Sanitized Protection:** The built-in Sanitized protective barrier actively fights bacteria, reducing their growth by up to 99%. This feature works continuously, supporting your regular cleaning routine.
- **Stain Removal:** For stubborn stains, use a non-abrasive cleaner specifically designed for granite composite sinks. Avoid harsh chemicals, abrasive pads, or steel wool, as these can damage the surface.
- **Heat Resistance:** While granite composite is highly heat resistant, it is recommended to use a trivet or hot pad for extremely hot pots and pans to prevent potential thermal shock or discoloration over time.
- **Avoid Impact:** Do not drop heavy or sharp objects into the sink, as this could cause chipping or cracking.

## 7. TROUBLESHOOTING

---

This section addresses common issues you might encounter with your kitchen sink.

- **Slow Drainage:** Check for blockages in the drain assembly or P-trap. Ensure the drain stopper is not obstructed.
- **Water Spots/Mineral Buildup:** This is common in areas with hard water. Regularly wipe the sink dry after use. For existing buildup, use a solution of white vinegar and water, let it sit briefly, then rinse and wipe dry.

- **Surface Discoloration/Stains:** Refer to the maintenance section for appropriate cleaning agents for granite composite sinks. Ensure you are not using abrasive cleaners or pads.
- **Leaks:** Inspect all plumbing connections under the sink. Tighten any loose connections. If the leak persists, a plumber may be required.

## 8. SPECIFICATIONS

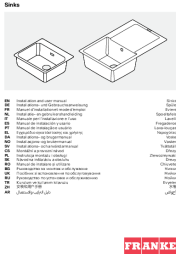

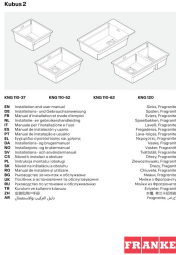

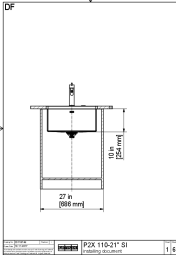

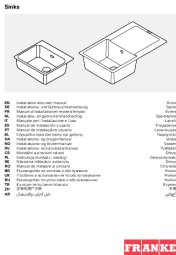

Feature	Detail
Brand	Franke
Model Number	EDDB33229-1
Material	Composite Granite
Color	Mocha
Product Dimensions	23"D x 34"W x 10"H
Installation Type	Dual Mount (Topmount/Undermount)
