

Lysol 1920083721

Lysol Automatic In-The-Bowl Toilet Cleaner

INSTRUCTION MANUAL

Introduction

The Lysol Automatic In-The-Bowl Toilet Cleaner is designed to provide continuous cleaning and freshening for your toilet bowl with every flush. It helps maintain a hygienic environment between deep cleanings, fighting toilet rings and preventing staining. Each unit offers long-lasting freshness and contains antimicrobial protection in the hook to resist odor-causing bacteria.

Image: Visual representation of the cleaner's benefits: fights rings & stains, deodorizes with each flush, and lasts up to 4 weeks per unit.

Safety Information

For external use only. No known significant effects or critical hazards. Read label before use. Keep out of reach of children. If swallowed, get medical help or contact a Poison Control Center right away and have product container or label at hand. When using this product: avoid contact with eyes; in case of eye contact, flush with water. Stop use and ask a doctor if: irritation or redness develops.

Ingredients

Sodium Sulfate, Sodium Dodecylbenzenesulfonate, Sodium C14-16 Olefin Sulfonate, Hydrated Silica, Sodium Bicarbonate, Mineral Oil, Titanium Dioxide.

Setup and Installation

Follow these steps for proper installation of your Lysol Automatic In-The-Bowl Toilet Cleaner:

1. **Release First Unit:** Cut the pack open following the red dotted line. Keep the second unit chamber sealed until next usage.
2. **Clip Securely:** Clip the unit securely onto the rim of the toilet bowl, positioning it where the water flow is maximum during a flush.

Operating Instructions

Once installed, the Lysol Automatic In-The-Bowl Toilet Cleaner works automatically with every flush. The water flow activates the cleaning and freshening agents, which are then released into the toilet bowl. This continuous action helps to fight toilet rings, prevent staining, and leave your bathroom with a fresh Atlantic scent.

Maintenance

Each Lysol Automatic In-The-Bowl Toilet Cleaner unit provides up to 4 weeks of freshness and cleaning. When the unit is used up, simply dispose of it in the trash and replace it with a new one. Remember to wash your hands after handling the unit.

For a complete clean, consider using other Lysol products in conjunction with the automatic cleaner:

- **Lysol Disinfecting Wipes:** For cleaning exterior surfaces.
- **Lysol Disinfectant Sprays:** For disinfecting surfaces and air.
- **Lysol All Purpose Cleaners:** For general bathroom cleaning.

Troubleshooting

If you experience issues with the product, ensure it is correctly clipped to the toilet rim where water flow is optimal. If the cleaning or freshening effect diminishes before the expected 4 weeks, the unit may be depleted and require replacement. For persistent issues or concerns, please refer to the contact information in the Support section.

Specifications
