Mehron Makeup Paradise AQ Pro Size Instruction Manual

Brand: Mehron

[Overview](#) [Setup](#) [Application](#) [Maintenance & Removal](#) [Troubleshooting](#) [Specifications](#) [Support](#)

1. PRODUCT OVERVIEW

Mehron Makeup Paradise AQ Pro Size is a professional-grade, water-activated face and body paint designed for high-performance applications in stage, screen, beauty, cosplay, and Halloween. This product is formulated to deliver intense color payoff and is easy to blend, allowing for a wide range of creative looks.

It is infused with skin-soothing ingredients such as Aloe, Avocado Oil, Cucumber, Lemongrass, and Cocoa Seed Butter, ensuring comfort during wear. The water-activated formula allows for customizable consistency, adapting to various application techniques and desired effects.

2. SETUP AND PREPARATION

Before application, ensure your skin is clean and dry. For optimal results and to prevent potential staining, especially with certain colors like Light Blue, it is recommended to apply a barrier spray to the skin prior to makeup application. This product is water-activated. To prepare the paint for use, you can either:

1. Spray the cake directly with water before loading your brush or sponge.
2. Wet your brush or sponge with water before loading it with the face/body paint.

Adjust the amount of water to achieve your desired consistency, from a thin wash to an opaque, thick application.

3. APPLICATION AND USAGE

Once activated with water, the makeup can be applied using a brush or sponge. Its easy-to-blend formula allows for seamless transitions and detailed work. The makeup is designed to move with the skin without cracking, providing a comfortable and long-lasting finish.

The Paradise AQ range is available in a variety of matte finish collections, including Basics, Pastels, Tropicals, and Metallic shades, offering a broad spectrum of colors for diverse artistic needs.

4. MAINTENANCE AND REMOVAL

Mehron Paradise Makeup AQ is designed for easy removal. It can be removed effectively with cleanser and water, minimizing the need for harsh scrubbing. Despite its durable formula during wear, it comes off cleanly without staining the skin.

After use, allow the product to dry completely before replacing the lid to maintain its quality and prevent contamination.

5. TROUBLESHOOTING AND SAFETY INFORMATION

5.1. Safety Precautions

- Not recommended for the immediate eye area.
- If irritation occurs, discontinue use immediately.
- Light Blue shade is not recommended for use on the lips as it may cause staining.

- Not recommended for use on children under 3 years old.

5.2. Product Appearance

Product surface cracking is normal and will not affect performance or product quality. This is a characteristic of the water-activated cake formula.
