## 4. USAGE AND CARE

### 4.1. Proper Usage

- **Door Operation:** The wardrobe features soft-close hinged doors. Open and close doors gently to engage the soft-close mechanism and prolong hinge life.
- **Shelf Loading:** Distribute weight evenly on shelves. Avoid placing excessively heavy items on upper shelves to maintain stability.
- **Hanging Rod:** Use the metallic hanging rod for clothing. Do not exceed the recommended weight capacity to prevent bending or detachment.
- **Ventilation:** Periodically open wardrobe doors to allow for air circulation, especially if storing clothes for extended periods.

### 4.2. Maintenance and Cleaning

- **Cleaning Panels:** Wipe laminated panels with a soft, damp cloth. Use a mild, non-abrasive cleaner if necessary, then dry immediately with a clean cloth. Avoid harsh chemicals, abrasive pads, or excessive moisture.
- **Hardware Check:** Periodically check all screws, bolts, and fittings to ensure they are tight. Retighten if necessary to maintain structural integrity.
- **Hinge Care:** The soft-close hinges are designed for durability. If door alignment changes, adjust the hinges as per standard furniture hinge adjustment procedures.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight can cause fading or discoloration of the finish.
- **Avoid Extreme Temperatures:** Keep the wardrobe away from direct heat sources or areas with extreme temperature fluctuations to prevent material warping.
