BLANCO TRISONA 6 S Kitchen Sink User Manual

Model: 513766

INTRODUCTION

This manual provides comprehensive instructions for the installation, operation, and maintenance of your BLANCO TRISONA 6 S kitchen sink. Designed with a 3-zone concept, this granite sink offers a spacious main basin, a practical additional basin, a multifunctional stainless steel bowl, and a high-quality chopping board for enhanced kitchen efficiency. Made from Silgranit PuraDur, it boasts exceptional durability, ease of care, and resistance to acids, food stains, breaks, scratches, and heat up to 280 °C. Please read this manual thoroughly before installation and use to ensure proper function and longevity of your product.

SETUP AND INSTALLATION

The BLANCO TRISONA 6 S sink is designed for integrated installation into a 60 cm wide base cabinet. Careful measurement and preparation are crucial for a successful installation.

Dimensions and Cutout

Ensure your cabinet and countertop are prepared according to the following dimensions:

- **External Dimensions:** 1000 mm (length) x 510 mm (width)
- **Countertop Cutout Dimensions:** 980 mm (length) x 490 mm (width)
- **Minimum Base Cabinet Width:** 60 cm

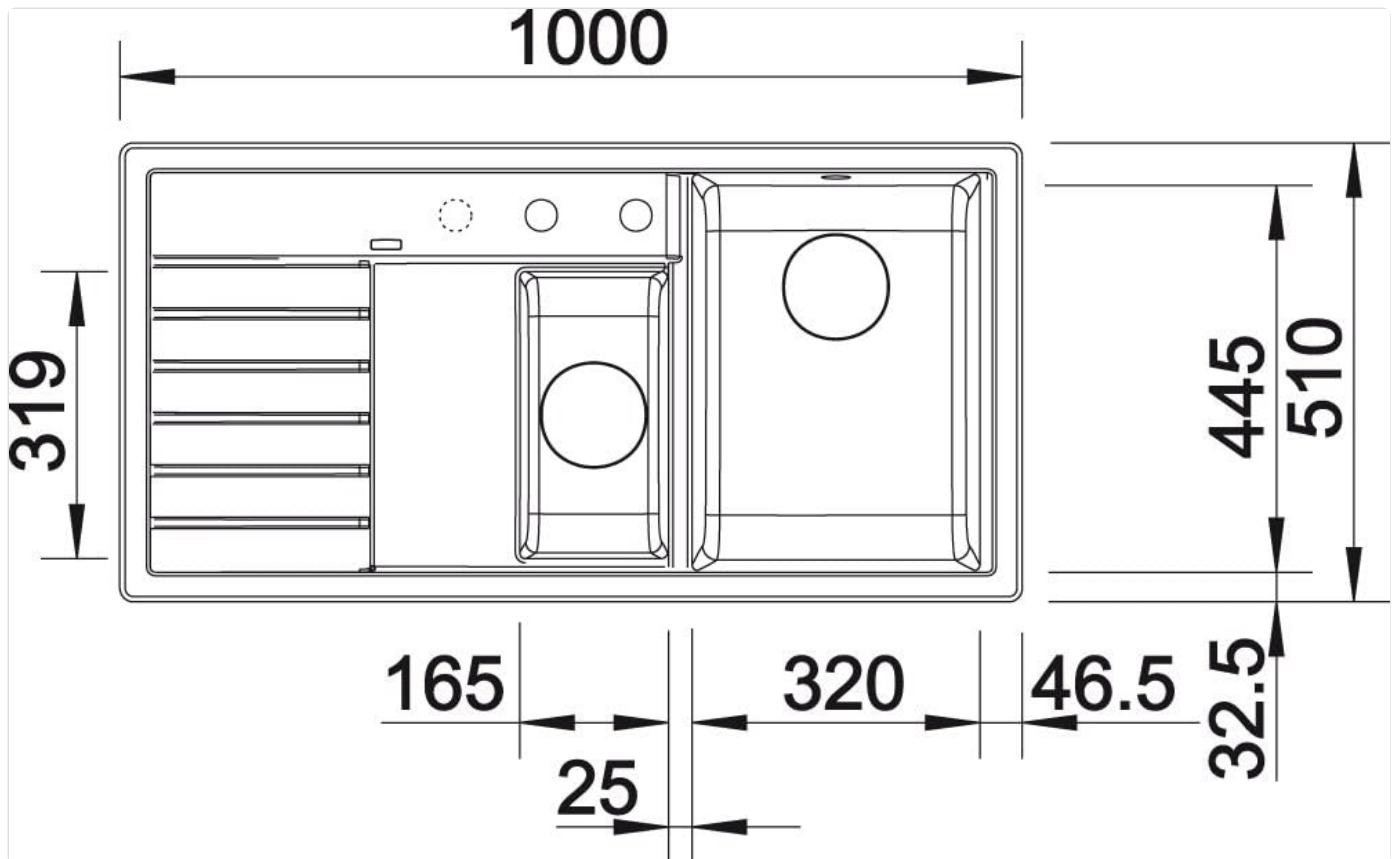

Figure 2: Top-down view with key dimensions for the sink unit, including overall length (1000mm) and width (510mm).

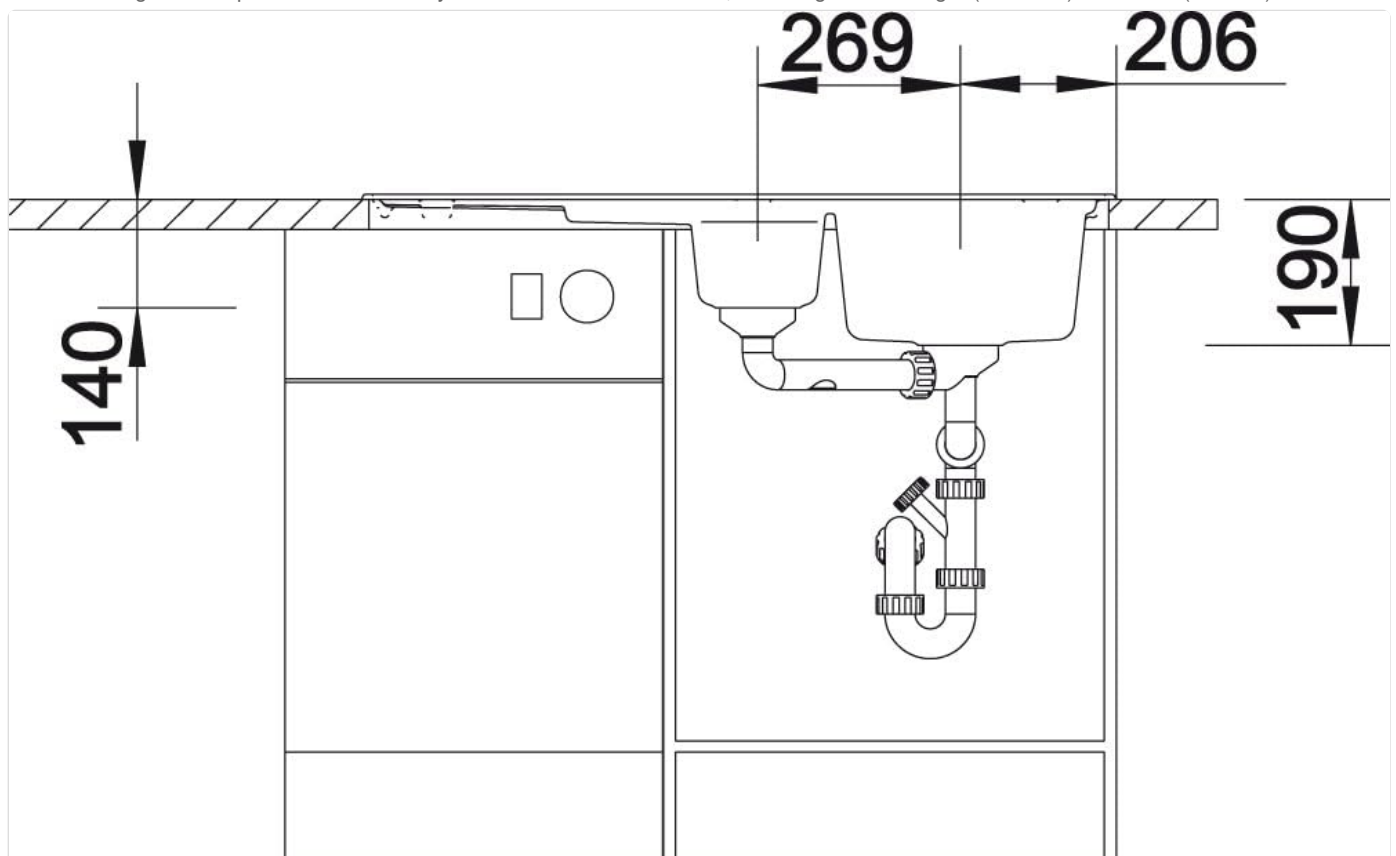

Figure 3: Side view illustrating the sink's depth and clearance requirements, showing a depth of 190mm from the countertop surface.

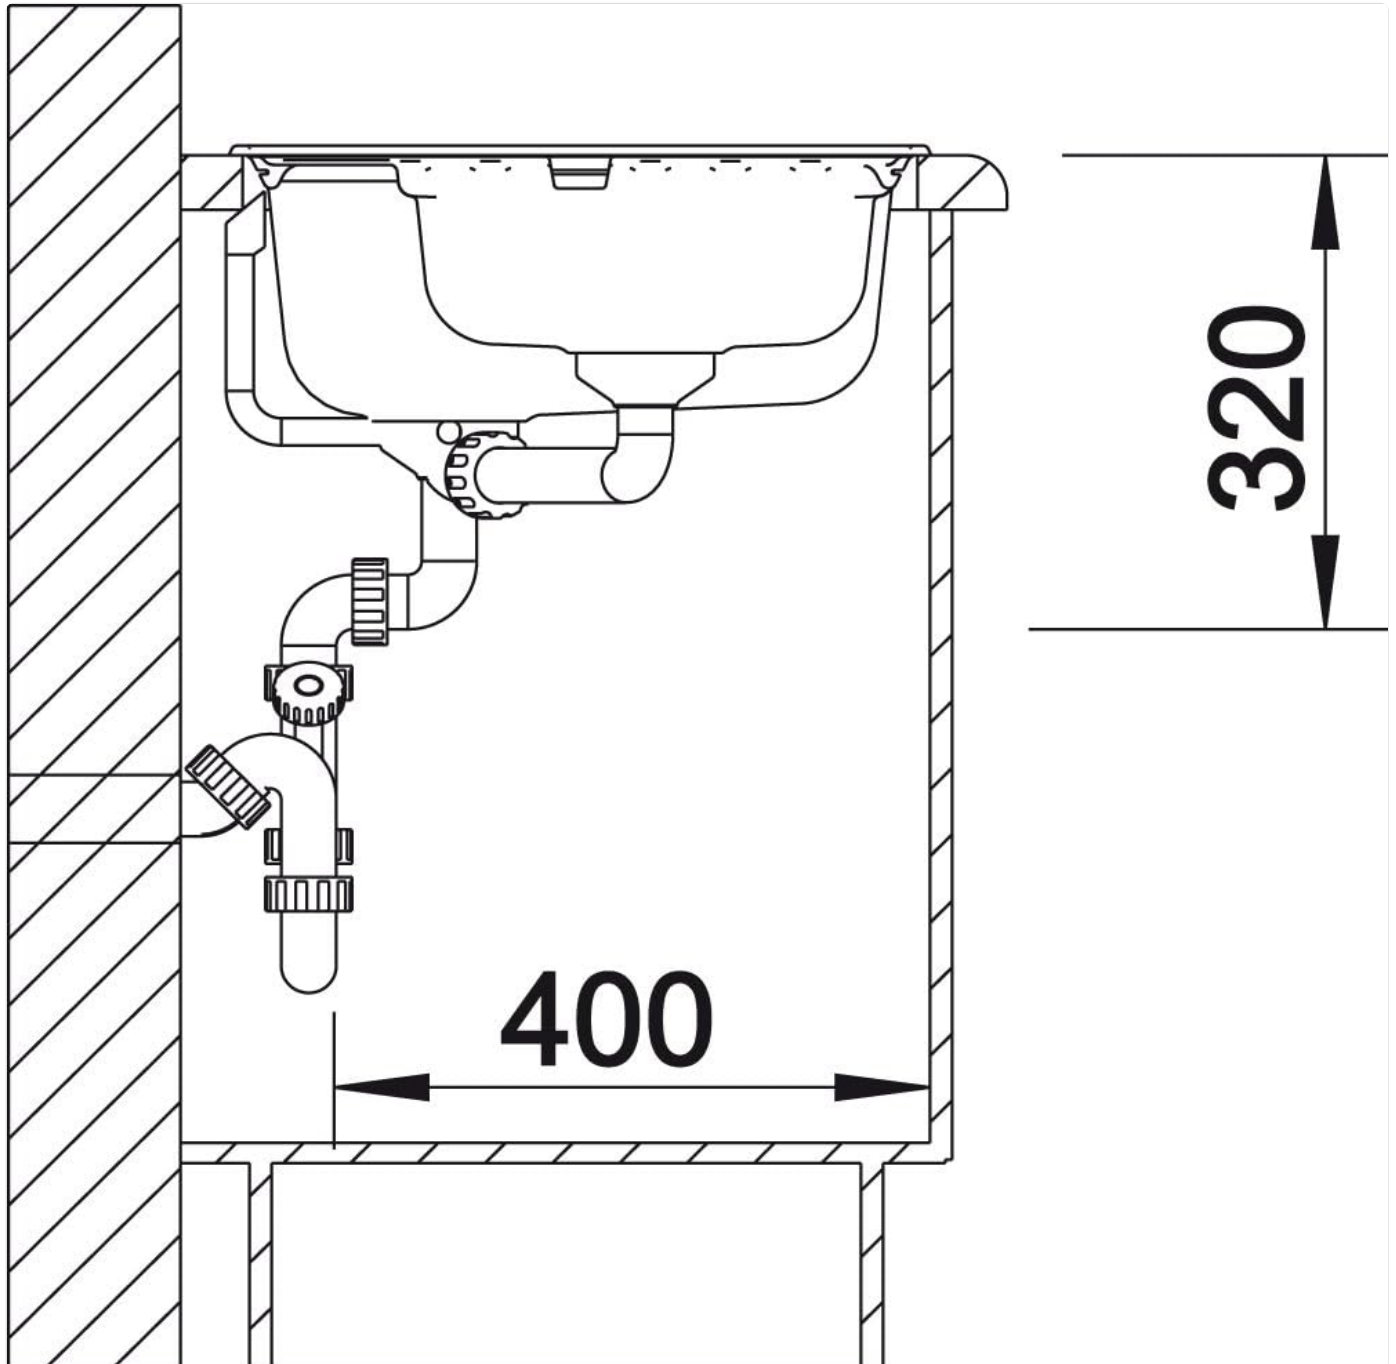

Figure 4: Detailed side view showing the sink's overall height and the required space below the countertop for plumbing, indicating a total height of 320mm from the bottom of the sink to the top edge.

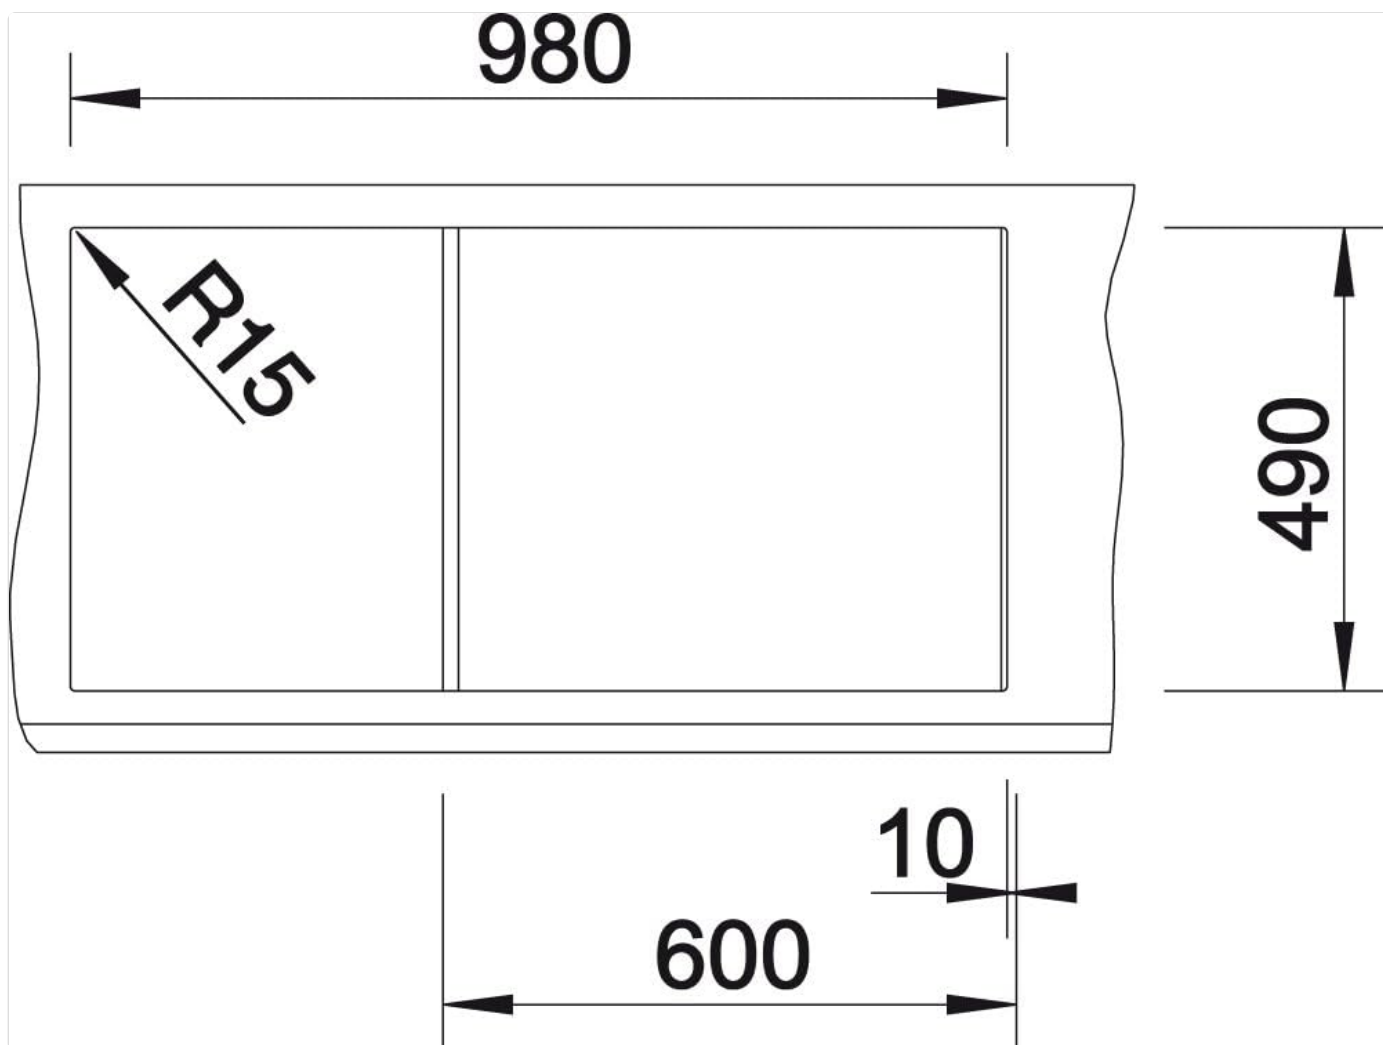

Figure 5: Diagram detailing the countertop cutout dimensions (980mm x 490mm) and corner radius (R15) required for installation.

Included Components

Verify that all the following components are included in your package:

- High-quality plastic chopping board
- Multifunctional bowl made of stainless steel
- Drain fitting with space-saving pipe
- 3 1/2 inch basket valve
- Drain remote control for the main pool

For detailed installation steps, please refer to the separate installation template and instructions provided with your sink. Professional installation is recommended.

OPERATING INSTRUCTIONS

The BLANCO TRISONA 6 S sink is designed for versatile use in your kitchen. Its 3-zone concept enhances functionality for various tasks.

Key Features and Usage

- **Spacious Main Sink:** Ideal for washing larger pots, pans, and dishes. The drain remote control allows for convenient draining without reaching into the water.
- **Practical Additional Basin:** Suitable for smaller tasks such as rinsing vegetables, draining cutlery, or as a secondary prep area.
- **Multifunctional Stainless Steel Bowl:** This bowl can be hung in the main sink, providing a dedicated space for rinsing

small items, thawing food, or collecting food scraps.

- **High-Quality Chopping Board:** Designed to fit securely over the large basin, this plastic chopping board provides an additional valuable work surface, allowing you to prepare food directly over the sink.

Utilize these features to streamline your kitchen workflow, from food preparation to cleaning.

MAINTENANCE AND CARE

Your BLANCO TRISONA 6 S sink, made of Silgranit PuraDur, is highly durable and easy to maintain. Following these guidelines will ensure its lasting beauty and functionality.

Daily Cleaning

- The smooth, fine-pored surface of Silgranit PuraDur naturally repels water and liquids, reducing dirt and limescale buildup.
- For daily cleaning, simply wipe the sink with a microfibre cloth and a small amount of mild detergent.
- Rinse thoroughly with clean water and dry with a soft cloth to prevent water spots.

Addressing Stains and Deposits

- **Stubborn Stains:** Even strong coloring agents like berries or beetroot will not harm the sink. For persistent stains, use a scouring pad with a mild detergent.
- **Limescale Deposits:** Any existing limescale deposits can be easily removed with a standard limescale cleaner. Follow the cleaner's instructions and rinse thoroughly.
- **Hygiene+Plus:** The patented Hygiene+Plus protective formula provides an additional shield against dirt and bacteria, contributing to the sink's antibacterial effect and ease of care.

Material Properties and Durability

- **Heat Resistance:** Silgranit PuraDur is heat-resistant up to 280 °C, allowing you to place hot pans directly on the sink surface without damage.
- **Scratch and Break Resistance:** The material is highly resistant to scratches and breaks, making it suitable for direct food preparation, such as chopping vegetables.
- **Acid and Food Safety:** The sink is acid-resistant and food-safe, ensuring it remains hygienic and unaffected by common kitchen substances.
- **Color Stability:** Silgranit PuraDur is completely dyed and 100% non-fading, meaning the sink will retain its original color permanently, even under sunlight exposure.

TROUBLESHOOTING

This section provides general guidance for common issues. For complex problems or issues not listed here, please contact BLANCO customer support.

Problem	Possible Cause	Solution
Water spots or film on surface	Hard water deposits (limescale)	Clean with a standard limescale cleaner and rinse thoroughly. Dry the sink after each use.
Stains from food or liquids	Residue from highly pigmented foods (e.g., berries, coffee)	Clean with a microfibre cloth and mild detergent. For stubborn stains, use a scouring pad.
Drainage issues	Blockage in drain fitting or pipe	Check the basket valve for debris. If necessary, inspect the space-saving pipe for blockages. Consult a plumber if the issue persists.
