1. INTRODUCTION

This manual provides essential instructions for the safe and effective use of your Casio CTK-4200 61-Key Touch Sensitive Personal Keyboard. Please read this manual thoroughly before using the product and retain it for future reference.

The Casio CTK-4200 is a versatile electronic keyboard featuring 61 piano-style, touch-sensitive keys. It offers a wide range of musical possibilities with 570 high-quality tones, including stereo grand piano tones, and 180 rhythms, including 74 ethnic rhythms and 20 patterns for piano play. The keyboard also includes a 48-note polyphony, built-in lesson functions, and a sampling feature for enhanced musical expression. A USB port allows for easy connection to a computer.

2. SETUP

Follow these steps to set up your Casio CTK-4200 keyboard.

2.1 Unpacking

Carefully remove all components from the packaging. Ensure the following items are present:

- Casio CTK-4200 Keyboard unit
- AC Power Adapter
- Music Stand attachment
- User Manual (this document)

If any items are missing or damaged, please contact your retailer.

2.2 Power Supply

The CTK-4200 can be powered using the included AC adapter or by batteries.

Using the AC Adapter:

1. Connect the AC adapter to the DC 9V jack on the rear panel of the keyboard.
2. Plug the AC adapter into a standard wall outlet.

Using Batteries (Optional):

The keyboard can operate on six AA-size alkaline batteries. Open the battery compartment on the underside of the keyboard and insert the batteries, ensuring correct polarity (+/-).

Caution: Do not mix old and new batteries, or different types of batteries. Remove batteries if the unit will not be used for an extended period.

2.3 Music Stand Attachment

Insert the tabs of the included music stand into the slots located on the top rear of the keyboard.

2.4 Connecting Headphones

To practice privately, connect a pair of stereo headphones (with a 6.35mm jack plug) to the PHONES/OUTPUT jack on the rear panel. Connecting headphones will mute the internal speakers.

2.5 USB Connection

The CTK-4200 features a USB port for connecting to a computer. This allows for MIDI data transfer, enabling the keyboard to be used as a MIDI controller or to exchange song data with music software.

Connect a standard USB cable (Type A to Type B, not included) from the keyboard's USB port to an available USB port on your computer.

3. OPERATING INSTRUCTIONS

This section covers the basic operation of your CTK-4200 keyboard.

3.1 Power On/Off and Volume

- **Power On:** Press the POWER button located on the left side of the control panel. The display will light up.

- **Power Off:** Press and hold the POWER button until the display turns off.
- **Volume Adjustment:** Use the VOLUME slider to adjust the overall output level of the keyboard.

3.2 Tone Selection

The CTK-4200 features 570 built-in tones. To select a tone:

1. Press the TONE button.
2. Use the number pad or the [+] and [-] buttons to enter the desired tone number.
3. Alternatively, use the CATEGORY buttons to browse tones by instrument type.

The currently selected tone number and name will appear on the display.

3.3 Rhythm Selection

The keyboard includes 180 rhythms to accompany your playing. To select a rhythm:

1. Press the RHYTHM button.
2. Use the number pad or the [+] and [-] buttons to enter the desired rhythm number.
3. Press the START/STOP button to begin or end the rhythm playback.
4. Adjust the rhythm tempo using the TEMPO buttons.

3.4 Touch Response

The CTK-4200's touch-sensitive keys allow for expressive playing, where the volume changes based on how hard you strike the keys. You can adjust the sensitivity or turn it off:

- Refer to the "Function" section of the full manual for detailed instructions on adjusting touch response levels (2 sensitivity levels, off).

3.5 Lesson Function

The built-in lesson system helps you learn to play. It includes 152 songs for practice.

1. Press the LESSON button.
2. Select a song using the number pad or [+] and [-] buttons.
3. Follow the on-screen prompts and key guides to practice.

3.6 Sampling Function

The sampling function allows you to record short audio clips (up to 10 seconds) and play them back on the keyboard keys.

1. Connect an audio device to the AUDIO IN jack.
2. Press the SAMPLING button.
3. Follow the on-screen instructions to record your sample.
4. Once recorded, the sample can be assigned to keys and played.

4. MAINTENANCE

Proper care will ensure the longevity and optimal performance of your keyboard.

4.1 Cleaning

- Wipe the keyboard's surface with a soft, dry cloth.

- For stubborn dirt, slightly dampen the cloth with water and a mild, non-abrasive detergent, then wipe dry immediately.
- Do not use abrasive cleaners, waxes, or solvents (e.g., benzene, alcohol) as they can damage the finish.

4.2 Storage

- Store the keyboard in a cool, dry place away from direct sunlight, extreme temperatures, and high humidity.
- Avoid placing heavy objects on the keyboard.
- If storing for an extended period, remove the batteries to prevent leakage.

5. TROUBLESHOOTING

If you encounter issues with your CTK-4200, refer to the following common problems and solutions.

Problem	Possible Cause	Solution
No sound from speakers or headphones.	<ul style="list-style-type: none"> • Volume is too low. • Headphones are connected. • Power is off. 	<ul style="list-style-type: none"> • Increase the VOLUME slider. • Disconnect headphones if you want sound from speakers. • Ensure the keyboard is powered on.
