1. INTRODUCTION

The Mega Bloks Chuggington Roundhouse Racing set provides an engaging building and racing experience for children aged 4 to 8 years. This set allows for the construction of a Chuggington-themed roundhouse with tracks, racing flags, and launchers, featuring buildable characters Calley and Brewster. The design supports 2-in-1 build and rebuild possibilities, encouraging creative play and storytelling.

2. SAFETY INFORMATION

WARNING: CHOKING HAZARD - Small Parts. Not for children under 3 years.

- Always supervise children during play to prevent accidental ingestion of small parts.
- Ensure all parts are securely connected during assembly and play.
- Keep packaging materials away from children to avoid suffocation risks.
- This product is non-toxic and made from plastic materials.

3. INCLUDED COMPONENTS

The Mega Bloks Chuggington Roundhouse Racing set includes 71 pieces for assembly. Please verify all components are present before beginning construction.

- 1 x 5-part buildable Calley (with flashing light)
- 1 x 8-part buildable Brewster (with mouth-movement)
- 3 x Buildable Roundhouses with opening doors
- Tracks for racing
- Racing flags
- 2 x Cool launchers
- Assorted Mega Bloks pieces for construction
- 2 x Product-specific batteries (included for Calley's flashing light)

4. SETUP AND ASSEMBLY

Assembly of the Mega Bloks Chuggington Roundhouse Racing set is required. Follow the step-by-step instructions provided in the included assembly guide (if separate) or use the visual cues from the product images to construct the roundhouses, tracks, and trains.

1. **Unpack Components:** Carefully remove all pieces from the packaging and lay them out on a clean, flat surface. Refer to the "Included Components" section to ensure all 71 pieces are present.
2. **Assemble Roundhouses:** Begin by connecting the base pieces for the three roundhouses. Then, attach the wall and roof sections, ensuring the opening doors are correctly installed.
3. **Construct Tracks:** Connect the track pieces to form the racing layout, integrating the turntable in the center. Ensure all track connections are secure.
4. **Install Launchers and Flags:** Attach the two launchers at the designated starting points of the tracks and place the racing flags in their respective holders.
5. **Build Calley and Brewster:** Assemble the 5-part Calley and 8-part Brewster figures according to their specific designs. Ensure Calley's flashing light mechanism is correctly installed and functional (requires 2 product-specific batteries, included).
6. **Final Placement:** Position the assembled roundhouses around the central track system.

5. OPERATING INSTRUCTIONS

Once assembled, the Mega Bloks Chuggington Roundhouse Racing set offers various play possibilities:

- **Racing Action:** Place Calley and Brewster on the launchers. Press the launchers to send the trains racing down the tracks.
- **Roundhouse Play:** Utilize the opening doors of the three roundhouses for imaginative play, allowing the trains to "rest" or "prepare" for their next race.
- **Turntable Functionality:** Rotate the central turntable to change the direction of the trains or to move them between different track sections.
- **Character Interaction:** Engage with Calley (flashing light) and Brewster (mouth-movement) for enhanced storytelling and role-play scenarios.
- **Rebuild Possibilities:** The set supports 2-in-1 build and rebuild options. Encourage children to experiment with different track layouts and roundhouse configurations to create new play experiences.

6. MAINTENANCE AND CARE

- **Cleaning:** To clean the plastic components, wipe them with a damp cloth and mild soap. Avoid harsh chemicals or abrasive cleaners. Ensure all parts are completely dry before storage.
- **Storage:** Store the set in a clean, dry place away from direct sunlight and extreme temperatures to prevent material degradation.
- **Battery Replacement:** If Calley's flashing light dims or stops working, replace the two product-specific batteries. Refer to the battery compartment for correct polarity and type. Dispose of used batteries responsibly.
- **Inspection:** Periodically inspect all parts for wear and tear, especially connections and moving components. Replace any damaged parts to ensure safe play.

7. TROUBLESHOOTING

Problem	Possible Cause	Solution
Trains do not race smoothly.	Tracks are not properly connected or are dirty.	Ensure all track pieces are securely snapped together. Clean tracks with a damp cloth if necessary.
Calley's light is not flashing.	Batteries are depleted or incorrectly installed.	Replace the two product-specific batteries, ensuring correct polarity.
Parts do not fit together.	Incorrect orientation or incompatible pieces.	Refer to the assembly instructions or product images to ensure correct part identification and orientation. Do not force pieces together.
