# VARTA Indestructible F10 LED Torch User Manual

Model: 18700101421

## INTRODUCTION

---

This manual provides instructions for the safe and efficient use of your VARTA Indestructible F10 LED Torch. Please read this manual thoroughly before operating the device and retain it for future reference.

The VARTA Indestructible F10 is designed for durability and reliable performance, featuring a robust construction, high-performance LED, and two light modes. It is waterproof, dust-resistant, and built to absorb impact, making it suitable for various indoor and outdoor applications.

## SAFETY INFORMATION

---

- Do not look directly into the LED light.
- Keep out of reach of children.
- Do not mix old and new batteries, or different types of batteries.
- Remove batteries if the torch will not be used for an extended period.
- Dispose of batteries according to local regulations.
- Do not attempt to disassemble or modify the torch.

## PACKAGE CONTENTS

---

## SETUP

---

## 1. Battery Installation

1. Unscrew the tail cap of the torch by turning it counter-clockwise.
2. Insert three (3) AAA batteries into the battery compartment, ensuring correct polarity (+/-) as indicated inside the compartment.
3. Screw the tail cap back on clockwise until it is securely tightened. This ensures the waterproof and dust-resistant seal.
