Zinus Sleep Master Memory Foam 6 Inch Mattress User Manual

Brand: Zinus | Model: M-FMS-600Q

INTRODUCTION

Welcome to enhanced sleep comfort with your new Zinus Sleep Master Memory Foam Mattress. This mattress is engineered with high-quality foam layers, including green tea and charcoal infused memory foam, designed to conform to your body's shape, provide pressure relief, and promote a fresh sleeping environment. This manual provides essential information for setup, care, and maintenance to ensure optimal performance and longevity of your mattress.

SETUP INSTRUCTIONS

Your Zinus mattress is conveniently compressed and rolled into a box for easy shipping and handling. Follow these steps for proper setup:

1. Step 1: Prepare the Area

Place the mattress box in the room where it will be used. Ensure you have enough clear space around your bed frame or foundation.

2. Step 2: Remove from Box

Carefully open the outer carton. Gently pull the rolled mattress out of the box and place it onto your bed frame or foundation.

3. Step 3: Unroll the Mattress

Unroll the compressed mattress. It will still be encased in clear plastic.

4. Step 4: Cut the Plastic Wrapping

Carefully cut one side of the clear plastic wrapping. Be cautious not to cut the mattress fabric. The mattress will begin to decompress immediately.

5. Step 5: Allow for Full Decompression

Remove all plastic wrapping. Allow 24 to 48 hours for the mattress to fully expand to its original size and shape. While sleeping on the mattress will not affect the recovery process, full expansion ensures optimal comfort.

Please open your mattress box within 72 hours of receipt and follow these tips to help your mattress recover from compression:

Walk, crawl or jump on your mattress.

Gently press or pull corners to encourage it back to its full shape.

Adjust room temperature to >70F.

Be patient, your mattress may take 72+ hours to full decompress.

PRODUCT FEATURES AND DESIGN

The Zinus Sleep Master Memory Foam Mattress is crafted with multiple layers for optimal comfort and support:

- **Top Layer:** 1.5 inches of Green Tea Memory Foam, infused with green tea and charcoal to maintain freshness and conform to your body for pressure relief.
- **Base Layer:** 4.5 inches of High-Density Base Support Foam, providing durability and foundational support.
- **Cover:** A soft and deluxe Jacquard cover for a smooth touch and feel.
- **Certifications:** All foams are CertiPUR-US certified for durability, performance, and content. The cover is OEKO-TEX certified, ensuring no harmful chemicals.

GENERAL USE

The Zinus Sleep Master Memory Foam Mattress is designed for daily use, providing consistent comfort and support. It is suitable for various sleeping positions, adapting to your body's contours to alleviate pressure points. For optimal performance, ensure the mattress is placed on a sturdy, flat bed frame or foundation.

CARE AND MAINTENANCE

To maintain the quality and longevity of your Zinus mattress, follow these care instructions:

- **Cleaning:** Spot clean only. Use a mild detergent and a damp cloth to gently clean any spills or stains. Avoid saturating the mattress with water.
 - **Protection:** Consider using a mattress protector to shield against spills, stains, and allergens, extending the life of your mattress.
 - **Ventilation:** Allow your mattress to air out periodically by removing bedding. This helps maintain freshness and prevents moisture buildup.
 - **Rotation:** Rotate your mattress every 3-6 months to promote even wear and extend its lifespan. This mattress does not need to be flipped.
-

TROUBLESHOOTING

If you encounter any issues with your Zinus mattress, refer to the following common solutions:

- **Slow Expansion:** If the mattress is not fully expanding after 48 hours, ensure the room temperature is above 70°F (21°C). Walking or gently pressing on the mattress can also help encourage expansion. Full expansion may take up to 72 hours.
 - **Odor:** A new mattress may have a slight "new foam" odor upon unboxing. This is normal and harmless. Allow the mattress to air out in a well-ventilated room for a few days. The green tea and charcoal infusion helps minimize odors.
 - **Comfort Issues:** Ensure the mattress is placed on a suitable, supportive foundation. Uneven support can affect the mattress's feel and performance.
