## Energizer E92LP-20

# Energizer MAX AAA Alkaline Batteries User Manual

Model: E92LP-20

## 1. INTRODUCTION

---

The Energizer MAX AAA Alkaline Batteries are designed to provide reliable power for a wide range of everyday devices. These batteries offer long-lasting performance and incorporate features to protect your devices. This manual provides essential information for the safe and effective use of your Energizer MAX AAA batteries.

Image 1.2: Energizer MAX AAA battery emphasizing its leak-resistant design.

Key features include:

- **Long-lasting Power:** Engineered for extended performance in various devices.
- **Leakage Protection:** Designed to protect devices from leakage of fully used batteries for up to two years.
- **Extended Storage Life:** Maintains power for up to 10 years in storage.

## 2. SETUP AND INSTALLATION

Proper installation is crucial for optimal performance and safety. Always refer to your device's instruction manual for specific battery requirements.

### 2.1 Battery Insertion

1. Identify the battery compartment on your device.
2. Observe the polarity markings (+ and -) inside the compartment.
3. Insert the Energizer MAX AAA batteries, aligning the positive (+) end of the battery with the positive (+) terminal in the compartment, and the negative (-) end with the negative (-) terminal.
4. Ensure batteries are seated firmly and correctly.
5. Close the battery compartment cover securely.

## 2.2 Important Safety Information

- Do not mix old and new batteries, or different types of batteries.
- Do not recharge, disassemble, or dispose of batteries in fire.
- Keep batteries out of reach of small children. If swallowed, seek medical attention immediately.
- Remove batteries from devices that will not be used for extended periods.

## 3. OPERATING GUIDELINES

---

Energizer MAX AAA batteries are designed for single-use applications. Once installed correctly, they will power your device until depleted.

- Ensure the device is compatible with AAA alkaline batteries.
- Replace all batteries in a device at the same time to maintain consistent power delivery.
- For best performance, use batteries within their recommended temperature range, typically between -18°C to 55°C (0°F to 130°F).

## 4. MAINTENANCE AND STORAGE

---

## 4.1 Storage

Store unused Energizer MAX AAA batteries in their original packaging in a cool, dry place at room temperature. Avoid extreme temperatures and direct sunlight.

## 4.2 Disposal

Dispose of used batteries responsibly according to local regulations. Many communities offer battery recycling programs. Do not dispose of batteries in household trash or incinerate them.

## 5. TROUBLESHOOTING

If your device is not functioning correctly after installing new Energizer MAX AAA batteries, consider the following:

- **Check Polarity:** Verify that the batteries are inserted with the correct positive (+) and negative (-) orientation.
- **Inspect Terminals:** Ensure battery and device terminals are clean and free of corrosion. Gently clean with a pencil eraser if necessary.
- **Test Batteries:** If possible, test the batteries in another compatible device to confirm they are functional.
- **Device Malfunction:** If batteries are correctly installed and functional, the issue may lie with the device itself. Refer to your device's manual.

## 6. SPECIFICATIONS

Feature	Detail
Model Number	E92LP-20
Battery Type	Alkaline
Battery Size	AAA
Nominal Voltage	1.5V (per battery)
Storage Life	Up to 10 years
Leakage Protection	Up to 2 years from fully used batteries
Dimensions (per battery)	Approximately 1 x 1 x 1 inches (0.41 x 0.41 x 1.75 inches)
Weight (per battery)	Approximately 11.5 grams (0.41 ounces)
Reusability	Single Use

## 7. WARRANTY AND SUPPORT

### 7.1 Leakage Protection Guarantee

Energizer guarantees to repair or replace, at their option, any device damaged by leakage from Energizer MAX Alkaline batteries. This guarantee applies either during the life of the battery or within two years following the full use of the battery. For a claim, the leaking battery and damaged device must be provided to Energizer as proof. Energizer reserves the right to deny claims of damage caused by misuse or modification of the batteries or device.

### 7.2 Contact Information

For further assistance or to inquire about the leakage protection guarantee, please visit the official Energizer website or contact their customer support.
