POLY CS540

Plantronics CS540 Wireless DECT Headset User Manual

Brand: POLY | Model: CS540

1. OVERVIEW

The Plantronics CS540 Wireless DECT Headset is designed for office and desk-centric workers who use desk phones. It offers clear communication with a noise-cancelling microphone and a versatile convertible design for all-day comfort.

2. WHAT'S IN THE Box

The Plantronics CS540 package includes the following components:

- Wireless Headset
- User Manual
- Adapter
- Charging Base

3. WEARING STYLES

The CS540 headset offers a convertible design with three wearing options to ensure comfort for extended use:

- **Over-the-Ear:** A lightweight earloop style.
- **Over-the-Head:** A traditional headband style.
- **Behind-the-Head:** Requires a separately sold neckband for this style.

Lightweight design comes with three wearing options

4. SETUP

4.1. Connecting to a Desk Phone

1. Connect the provided cable from the CS540 base to your desk phone's headset port.
2. Ensure the base is powered on and the headset is docked.
3. For remote call answering, an optional HL10 lifter (sold separately) can be integrated.

Simple-to-set-up, simple-to-use wireless headset for deskphone calls

4.3. Pairing

The headset is typically pre-paired with its base. If re-pairing is needed, consult the detailed user manual for specific instructions.

5. OPERATING THE HEADSET

5.1. Call Controls

- **Answer/End Call:** Use the one-touch control button on the headset.
- **Volume Adjustment:** Adjust the volume using the dedicated controls on the headset.
- **Mute:** Mute the microphone using the mute button on the headset.

5.2. Noise-Canceling Microphone

The integrated noise-canceling microphone helps to minimize background noise, ensuring clear speech transmission during calls.

5.3. Roaming Range

Enjoy freedom of movement with a roaming range of up to 120 meters (400 feet) from the charging base, allowing

you to multitask during calls.

6. MAINTENANCE

To ensure the longevity and optimal performance of your Plantronics CS540 headset:

- Keep the headset and charging base clean and free from dust.
- Store the headset in a cool, dry place when not in use.
- Avoid exposing the device to extreme temperatures or moisture.

7. TROUBLESHOOTING

If you encounter issues with your CS540 headset, consider the following:

- **No Audio:** Ensure the headset is charged and properly paired with the base. Check all cable connections to the desk phone.
- **Poor Sound Quality:** Verify the headset is within range of the base. Check for any obstructions or interference.
- **Cannot Answer Calls Remotely:** If using an HL10 lifter, ensure it is correctly installed and configured.

- For further assistance, refer to the complete user manual or contact Plantronics support.
