

IDANCE SeDJ-800

IDANCE SeDJ-800 Wired Over-Ear Headphones User Manual

1. INTRODUCTION

Thank you for choosing the IDANCE SeDJ-800 Wired Over-Ear Headphones. This manual provides essential information for the proper setup, operation, and maintenance of your headphones. Please read this manual thoroughly before use to ensure optimal performance and longevity of your product.

2. SAFETY INFORMATION

- Avoid prolonged listening at high volumes to prevent hearing damage.
- Do not use the headphones while driving, cycling, or in situations where inability to hear ambient sounds could be dangerous.
- Keep the headphones away from water, moisture, and extreme temperatures.
- Do not attempt to disassemble or modify the headphones. This will void the warranty.
- Clean the headphones with a soft, dry cloth only.

3. PACKAGE CONTENTS

The IDANCE SeDJ-800 package includes:

- 1 x IDANCE SeDJ-800 Wired Over-Ear Headphones

4. PRODUCT OVERVIEW

The IDANCE SeDJ-800 headphones are designed for comfortable, high-quality audio playback. They feature durable aluminum brackets, contoured ear cups, and an adjustable headband for a secure fit. An integrated in-line microphone allows for hands-free communication.

Figure 1: IDANCE SeDJ-800 Wired Over-Ear Headphones in black and pink. A pair of IDANCE SeDJ-800 wired over-ear headphones, featuring black earcups and an adjustable pink headband with the IDANCE logo and sound wave graphics. The headphones are shown from a slight angle, highlighting the earcups and the connecting cable.

Figure 2: Multiple IDANCE SeDJ-800 headphones in various colors. A line of five IDANCE SeDJ-800 headphones, each in a different color (red, blue, pink, orange, green), showcasing the design and color variations of the model.

5. SETUP

The IDANCE SeDJ-800 headphones are designed for simple plug-and-play operation.

1. **Identify the Audio Jack:** Locate the 3.5mm audio jack on your audio source device (e.g., smartphone, tablet, laptop, MP3 player).
2. **Connect the Headphones:** Insert the 3.5mm connector of the headphone cable firmly into the audio jack of your device.
3. **Adjust Fit:** Place the headphones over your ears. Adjust the headband to ensure a comfortable and secure fit. The earcups should fully cover your ears for optimal sound isolation.

6. OPERATING INSTRUCTIONS

Once connected, your headphones are ready for use. The in-line controls provide convenient management of audio and calls.

6.1 Audio Playback

- **Volume Control:** Use the volume controls on your connected device to adjust the audio level.
- **Track Control:** The in-line controls may allow you to skip tracks (functionality depends on the connected device and application).

6.2 Using the In-Line Microphone

The integrated in-line microphone allows for hands-free communication.

- **Answering/Ending Calls:** Press the multi-function button on the in-line control to answer an incoming call or end an ongoing call.

- **Muting Audio:** The in-line controls may include a mute function (functionality depends on the connected device).

7. MAINTENANCE

Proper care will extend the life of your headphones.

- **Cleaning:** Wipe the earcups and headband with a soft, dry, lint-free cloth. Do not use liquid cleaners or solvents.
- **Storage:** When not in use, store the headphones in a clean, dry place, away from direct sunlight and extreme temperatures. Avoid tangling the cable.
- **Cable Care:** Do not pull on the cable to disconnect the headphones. Always grasp the plug.

8. TROUBLESHOOTING

If you encounter issues with your IDANCE SeDJ-800 headphones, refer to the following common solutions:

- **No Sound:**
 - Ensure the 3.5mm jack is fully inserted into your device.
 - Check the volume level on your device and ensure it is not muted.
 - Test the headphones with a different audio source device to rule out device-specific issues.
- **Microphone Not Working:**
 - Ensure the headphones are fully connected.
 - Check your device's audio input settings to ensure the external microphone is selected.
 - Test with a different application or device.
- **Distorted Sound:**
 - Lower the volume on your device.
 - Ensure the audio source is of good quality.
 - Check for any damage to the cable or connector.

9. SPECIFICATIONS
