EPOS PC 7 USB

EPOS PC 7 USB Wired Headset Instruction Manual

Model: PC 7 USB | Brand: EPOS

1. INTRODUCTION AND OVERVIEW

The EPOS PC 7 USB is a lightweight, single-sided wired headset designed for clear communication and audio. It connects via USB, offering plug-and-play functionality for various computer systems. Its noise-cancelling microphone ensures clear conversations, making it suitable for online calls, gaming, and listening to audio while remaining aware of your surroundings.

2. PRODUCT FEATURES

- **Noise-Cancelling Microphone:** Provides clear audio transmission by filtering out background noise.
- **USB Plug-and-Play:** Simple connection to your computer's USB port for immediate use without additional software installation.
- **Single-Sided Wearing Style:** Allows you to keep one ear free to stay aware of your environment.
- **Lightweight and Comfortable Design:** Engineered for extended periods of use without discomfort.
- **Wideband Audio:** Delivers high-quality sound for both listening and speaking.

3. SETUP

1. **Connect to USB Port:** Locate an available USB-A port on your computer (Windows, macOS, or Chromebook). Insert the headset's USB connector firmly into the port.

2. **Automatic Recognition:** Your operating system should automatically detect and install the necessary drivers for the headset. This process typically takes a few moments.

3. **Verify Audio Settings:** After connection, check your computer's sound settings to ensure the EPOS PC 7 USB is selected as the default input (microphone) and output (speaker) device.

The headset is designed for immediate plug-and-play functionality, requiring no complex installation steps.

4. OPERATING INSTRUCTIONS

4.1 Microphone Adjustment

- **Positioning:** Gently adjust the flexible boom arm to position the microphone approximately 1-2 inches from your mouth for optimal voice pickup.
- **Noise Cancellation:** The microphone features noise-cancelling technology to reduce ambient sounds, ensuring your voice is heard clearly.

4.2 Inline Controls

The headset features an inline control unit for convenient management of calls and audio.

- **Volume Control:** Use the '+' and '-' buttons to increase or decrease the listening volume.
- **Microphone Mute:** Press the microphone icon button to mute or unmute your microphone.
- **Call Management:** Use the call button (phone icon) to answer or end calls in compatible applications (e.g., Skype, Zoom, Teams).

5. COMFORT AND DESIGN

The EPOS PC 7 USB is engineered for user comfort during prolonged use.

- **Lightweight Construction:** The headset's minimal weight reduces pressure on the head and ears.
- **On-Ear Earpad:** The single earpad rests comfortably on one ear, allowing for situational awareness.
- **Adjustable Headband:** The headband can be adjusted to fit various head sizes securely.

Noise Control	Active Noise Cancellation (Microphone)
Frequency Response	42 - 17000 Hz
Impedance	32 Ohms
Item Weight	2.19 Ounces

Material	Plastic
Color	Black
Compatible Devices	Computers (Windows, macOS, Chromebook)

7. MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to clean the headset. Avoid using harsh chemicals or abrasive materials.
- **Storage:** Store the headset in a cool, dry place when not in use. Avoid extreme temperatures and direct sunlight.
- **Cable Care:** Do not excessively bend or pull the cable to prevent damage.

8. TROUBLESHOOTING

- **No Sound/Microphone Not Working:**
  - Ensure the USB connector is fully inserted into the port.
  - Check your computer's audio settings to confirm the EPOS PC 7 USB is selected as the default input/output device.
  - Verify that the microphone is not muted via the inline control unit or your computer's software.
  - Try connecting the headset to a different USB port or another computer to rule out port or system issues.

- **Poor Audio Quality:**
  - Adjust the microphone boom arm closer to your mouth.
  - Ensure the earpad is properly positioned on your ear.
  - Check for any software conflicts or outdated audio drivers on your computer.
