Foscarini 20000125

Foscarini Binic Table Lamp User Manual

Model: 20000125

INTRODUCTION

This manual provides essential information for the setup, operation, and maintenance of your Foscarini Binic Table Lamp. Designed by Ionna Vautrin in 2010, the Binic lamp is a distinctive lighting fixture crafted from polycarbonate and ABS materials, intended for indoor use.

PRODUCT OVERVIEW

Figure 1: The Foscarini Binic Table Lamp in Grey. This image displays the lamp's unique design, featuring a grey conical base and a rounded, grey and white head that directs light. The lamp is shown against a plain white background, highlighting its form and color.

The Foscarini Binic Table Lamp is characterized by its compact and playful design. It features a sturdy base and a directional head, providing focused illumination. Its construction utilizes durable polycarbonate and ABS, ensuring longevity and a smooth finish.

SETUP INSTRUCTIONS

1. **Unpack the Lamp:** Carefully remove all components from the packaging. Ensure all parts are present and undamaged.

2. **Select Location:** Choose a stable, flat surface for the lamp, away from moisture and direct heat sources.

3. **Install Bulb:** The lamp accommodates one 12W E14 or E12 Candelabra Fluorescent Bulb (not included). Gently screw the bulb into the lamp's socket until secure. *Do not overtighten.*

4. **Connect to Power:** Plug the lamp's cord into a standard 120V electrical outlet.

> **Important Note:** Ensure the power outlet matches the lamp's voltage requirements (120V) to prevent damage or electrical hazards.

OPERATING INSTRUCTIONS

The Foscarini Binic Table Lamp is designed for simple operation.

- **Power On/Off:** The lamp features a touch control method. Gently touch the designated area on the lamp to turn it on or off.

- **Dimmable Feature:** If using a dimmable bulb and compatible dimmer (not included), the lamp supports dimming functionality. Refer to the dimmer's instructions for operation.

MAINTENANCE

Regular maintenance will help preserve the appearance and functionality of your lamp.

- **Cleaning:** Disconnect the lamp from the power source before cleaning. Use a soft, dry cloth to wipe the lamp's surfaces. For stubborn marks, a slightly damp cloth with mild soap can be used, followed by immediate drying. Avoid abrasive cleaners or solvents.

- **Bulb Replacement:** Ensure the lamp is unplugged and the bulb has cooled completely before attempting to replace it. Unscrew the old bulb and screw in a new 12W E14 or E12 Candelabra Fluorescent Bulb.

- **Storage:** If storing the lamp for an extended period, disconnect it from power and store it in a dry, cool place, preferably in its original packaging.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Lamp does not turn on.	- Lamp not plugged in. - Power outlet is not active. - Bulb is faulty or not installed correctly.	- Ensure the power cord is securely plugged into a live outlet. - Test the outlet with another device. - Check the bulb; replace if necessary and ensure it is screwed in properly.
Light flickers.	- Loose bulb. - Incorrect bulb type. - Faulty wiring (rare).	- Tighten the bulb. - Ensure the bulb is a 12W E14/E12 Candelabra Fluorescent type. - If issues persist, consult a qualified electrician.
Lamp gets too hot.	Incorrect bulb wattage.	Ensure the bulb does not exceed 12W.

SPECIFICATIONS

Feature	Detail
Brand	Foscarini
Model Number	20000125

| Feature	Detail
Product Dimensions	5.34"D x 5.5"W x 8"H
