Bulbrite 40W G25 Incandescent Globe Light Bulbs Instruction Manual

Model: 330040-15PK

1. INTRODUCTION

This manual provides essential information for the safe and effective use of your Bulbrite 40W G25 Incandescent Globe Light Bulbs. These bulbs are designed for various household fixtures, including bathroom vanities and open chandeliers, offering a warm 2600K light. Please read these instructions carefully before installation and retain them for future reference.

2. SAFETY INFORMATION

- **WARNING: Risk of Electric Shock.** Always turn off power to the fixture at the circuit breaker or fuse box before installing or replacing bulbs.
- Do not use in totally enclosed fixtures as this may shorten bulb life.
- Do not exceed the maximum wattage rating of the fixture.
- Incandescent bulbs generate heat. Allow bulbs to cool completely before handling.
- Handle bulbs carefully. Do not drop or subject to excessive force.
- Dispose of used bulbs according to local regulations.

3. SETUP AND INSTALLATION

Follow these steps to safely install your Bulbrite G25 Incandescent Globe Light Bulb:

1. **Ensure Power is Off:** Before beginning installation, turn off the power to the light fixture at the circuit breaker or fuse box. This prevents electrical shock.
2. **Remove Old Bulb (if applicable):** If replacing an existing bulb, allow it to cool completely before carefully unscrewing it counter-clockwise from the socket.
3. **Inspect Fixture:** Check the light fixture for any damage or loose wiring. Ensure the socket is clean and dry.
4. **Install New Bulb:** Carefully screw the Bulbrite G25 bulb clockwise into the medium (E26) base

socket until it is snug. Do not overtighten.

5. **Restore Power:** Once the bulb is securely installed, restore power to the fixture at the circuit breaker or fuse box.

4. OPERATING INSTRUCTIONS

These Bulbrite G25 Incandescent Globe Light Bulbs are designed for simple operation.

- **Turning On/Off:** Use the standard wall switch connected to your light fixture to turn the bulb on or off.
- **Dimming Functionality:** These bulbs are fully dimmable. If your fixture is connected to a compatible dimmer switch, you can adjust the light output from 0% to 100% brightness. Ensure your dimmer switch is rated for incandescent loads.

5. MAINTENANCE

- **Cleaning:** To clean the bulb, ensure the power is off and the bulb is cool. Wipe gently with a soft, dry cloth. Do not use liquid cleaners or abrasive materials.
- **Replacement:** When the bulb reaches the end of its average rated life (approximately 3,000 hours) or burns out, replace it following the installation steps outlined in Section 3. Always ensure the power is off before replacing.

6. TROUBLESHOOTING

If your Bulbrite G25 Incandescent Globe Light Bulb is not functioning as expected, consider the following:

Problem	Possible Cause	Solution
Bulb does not light up.	<ul style="list-style-type: none">◦ Power is off at the switch or circuit breaker.◦ Bulb is not screwed in properly.◦ Bulb has reached end of life.◦ Fixture or wiring issue.	<ul style="list-style-type: none">◦ Check wall switch and circuit breaker.◦ Turn off power, then re-screw bulb firmly.◦ Replace bulb with a new one.◦ Consult a qualified electrician if fixture or wiring is suspected.
Bulb flickers or dims inconsistently.	<ul style="list-style-type: none">◦ Loose connection in socket.◦ Incompatible or faulty dimmer switch.◦ Voltage fluctuations.	<ul style="list-style-type: none">◦ Turn off power, then re-screw bulb firmly.◦ Ensure dimmer is compatible and functioning correctly.◦ Consult an electrician for voltage issues.

7. SPECIFICATIONS

Model Number	330040-15PK (Part Number: 40G25WH3)
Bulb Type	Incandescent Globe
Shape Size	G25
Wattage	40 Watts
Voltage	130 Volts
Base Type	Medium (E26)
Brightness	290 Lumens
Color Temperature	2600 Kelvin (Warm White)
Color Rendering Index (CRI)	100
Average Rated Life	3,000 Hours
Dimmable	Yes, fully dimmable
Beam Angle	360 Degrees
Product Dimensions	4.5 x 3.5 x 3.5 inches
Item Weight	3.12 pounds (for 15-pack)
