Homeland: The Complete First Season - Instruction Manual

Model: 309884098

1. PRODUCT OVERVIEW

Hailed as TV's best new drama by critics everywhere, the award-winning HOMELAND delivers compelling characters, thrilling twists and breathtaking suspense. Carrie Mathison (Golden Globe winner Claire Danes), a brilliant but volatile CIA agent, suspects that a rescued American POW may not be what he seems. Is Marine Sgt. Nicholas Brody (Damian Lewis) a war hero...or an Al Qaeda sleeper agent plotting a spectacular terrorist attack on U.S. soil? Following her instincts, Mathison will risk everything to uncover the truth her reputation, her career and even her sanity. Packed with multiple layers and hidden clues, Season One offers something new every time you see it...watch carefully.

The focus here is on the specter of domestic terrorism. When Marine Sgt. Nicholas Brody (Damian Lewis), missing and presumed dead for some eight years, is found disheveled, disoriented, and alive in Iraq, he's regarded as a hero back in the States. But Agent Carrie Mathison (Danes) isn't so sure; in fact, she's convinced that Brody was "turned" by the notorious, bin Laden-like terrorist leader Abu Nazir, and is now part of an ambitious scheme to kill Americans on their own soil. The fact that she has no proof and precious little support within the CIA--only mentor Saul Berenson (Mandy Patinkin) and a couple of others give the slightest credence to her theory--hardly deters Mathison. She's persistent, to say the least. But she's also obsessive, unstable (bipolar, to be precise), and reckless, all too willing to do things illegally and prone to making choices throughout the season that put herself and those around her in serious jeopardy, both physically and psychologically. Brody, meanwhile, has a tough time readjusting to normal life, what with the obnoxious glare of the media spotlight and the awkwardness of the reunion with his family, including wife Jessica (Morena Baccarin, very different from her role as the icy alien leader in V) and their two kids.

So what is Brody's real agenda, if he even has one? There are plenty of indications early on that Mathison's suspicions about him are correct. But are his visions memories, or simply hallucinations? Does even the fact that Brody kneels on a prayer rug in his garage, chanting in Arabic, mean he's a bad guy, or merely a zealous convert to Islam? This show is too smart to give away too much too soon; red herrings abound, and the season ends with a cliffhanger sure to leave Homeland adherents salivating for more. In the meantime, those looking for a marginally more credible and only slightly less entertaining alternative to 24 are in for a treat.
