

Bobrick B-398

Bobrick B-398 Medicine Cabinet User Manual

Model: B-398

INTRODUCTION

Thank you for choosing the Bobrick B-398 Medicine Cabinet. This manual provides essential information for the safe and proper installation, operation, and maintenance of your new cabinet. Please read these instructions thoroughly before installation and retain them for future reference.

SAFETY INFORMATION

- Always ensure power is disconnected before working near electrical outlets or wiring, if applicable.
- Wear appropriate personal protective equipment (PPE) such as safety glasses and gloves during installation.
- Ensure the mounting surface is structurally sound and capable of supporting the weight of the cabinet and its contents.
- Keep small parts and packaging materials away from children to prevent choking hazards.
- Handle glass components (mirror) with care to avoid breakage and injury.

PACKAGE CONTENTS

Please verify that all components are present before beginning installation:

- Bobrick B-398 Medicine Cabinet Assembly
- Adjustable Shelves (Quantity: As specified for model)
- Mounting Hardware (Screws, anchors, etc.)
- Installation Template (if included)

Figure 1: Bobrick B-398 Medicine Cabinet. This image shows the cabinet with its mirrored door slightly open, revealing the interior storage shelves. The cabinet is designed for recessed mounting.

SETUP AND INSTALLATION

Tools Required:

- Measuring Tape
- Pencil
- Level
- Drill with appropriate drill bits
- Screwdriver (Phillips or Flathead, as needed)
- Stud Finder (recommended for wall mounting)

Recessed Mount Installation (Wall Mount)

1. **Prepare the Opening:** For recessed mounting, a rough opening in the wall is required. The dimensions for the rough opening should be slightly larger than the cabinet's recessed body dimensions. Refer to the specifications section for exact dimensions. Ensure there are no electrical wires or plumbing in the wall cavity where the cabinet will be installed.
2. **Positioning:** Determine the desired height and location for the cabinet. Use a level to mark the precise outline of the rough opening on the wall.
3. **Cut the Opening:** Carefully cut the marked opening in the drywall or plaster. If cutting into studs, ensure proper framing is added to support the cabinet.
4. **Insert Cabinet:** Gently slide the cabinet body into the prepared wall opening. Ensure the front flange of the cabinet sits flush against the wall surface.
5. **Secure Cabinet:** Use the provided mounting screws to secure the cabinet to the wall studs or framing through the pre-drilled holes inside the cabinet. Ensure the cabinet is level and plumb before tightening all screws.
6. **Install Shelves:** Insert the adjustable shelves into the desired positions using the shelf clips or supports provided.

OPERATING INSTRUCTIONS

Opening and Closing the Door:

The Bobrick B-398 features a swing-out door. To open, gently pull the door handle or edge. To close, push the door until it is fully seated and flush with the cabinet frame.

Adjusting Shelves:

The cabinet includes adjustable shelves. To reposition a shelf, carefully lift it from its current supports, move the supports to the desired height, and then re-insert the shelf. Ensure shelves are securely seated before placing items on them.

MAINTENANCE

Cleaning the Cabinet:

- **Stainless Steel Finish:** Wipe surfaces with a soft, damp cloth and a mild, non-abrasive cleaner. For stubborn spots, use a stainless steel cleaner. Always wipe in the direction of the grain. Avoid abrasive pads or harsh chemicals.
- **Mirror:** Clean the mirror with a glass cleaner and a lint-free cloth. Spray cleaner onto the cloth, not directly onto the mirror, to prevent liquid from seeping into edges.
- **General:** Regularly dust the interior and exterior of the cabinet. Ensure the cabinet remains dry to prevent rust, especially in humid bathroom environments.

Inspections:

Periodically check all mounting screws to ensure they are tight. Inspect hinges for smooth operation and lubricate if necessary with a silicone-based lubricant.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Door does not close flush.	Misaligned hinges or obstruction.	Check hinges for tightness and alignment. Remove any obstructions.
Cabinet feels loose on wall.	Mounting screws are loose.	Tighten all mounting screws. Ensure cabinet is properly secured to wall studs/framing.
Shelves are wobbly.	Shelves not seated correctly on clips.	Ensure shelf clips are fully inserted and shelves are resting securely on them.

SPECIFICATIONS

Brand: Bobrick

Model: B-398

Product Dimensions: 5"D x 17"W x 27"H

Rough Wall Opening: Approximately 15-3/4" W x 25-3/4" H x 3-3/4" D *(Note: Always measure actual unit for precise rough opening.)*

Item Weight: 32 pounds

Mounting Type: Recessed Mount

Door Style: Swing Out

Finish Type: Stainless Steel

Special Feature: Rust Resistant

Included Components: Shelves

Recommended Uses: Bathroom accessories

Color: Red *(Note: Color may vary by specific product variant)*

ASIN: B005LTM9G8

Date First Available: February 24, 2010

Advisory Bulletin		BOBRICK			
TB-88 Washroom Accessories LEED Information					
Bobrick uses Type-304 stainless steel in the manufacture of its washroom accessories. The stainless steel material source contains a significant amount of post industrial recycled stainless steel content balanced with virgin iron and ferron alloys. The recycled stainless steel content varies between Bobrick sources stainless steel washrooms and Bobrick products are manufactured in different locations. The following material list of Bobrick models indicates the percentage content of recycled stainless steel in each product.

Product Country-of-Origin List			
Many of Bobrick's products comply with the requirements of the Buy American Act, Trade Agreements Act, American Recovery and Reinvestment Act, Buy America Provision, Federal Transportation Administration's Buy America Act, Federal Highway Administration's Buy America Provision, and/or Federal Acquisition Administration's Buy America Provision. The Country-of-Origin of the Bobrick products provided in this list were determined solely by applying the U.S. Customs and Border Protection's substantial transformation test.			
By providing this list Bobrick is not expressly or implicitly certifying that the products comply with any particular Country-of-Origin requirement imposed by Federal, state or local governments. This list is provided for information purposes only.

Advisory Bulletin	
TB-88 Washroom Accessories LEED Information	
Bobrick uses Type-304 stainless steel in the manufacture of its washroom accessories. The stainless steel used is composed of a minimum of 90% recycled stainless steel content (based on weight) and is balanced with virgin steel and chrome alloys.	
The recycled stainless steel content varies because Bobrick sources stainless steel washrooms and bathroom products are manufactured in different locations.	
The following supplemental list of Bobrick models indicates the percentage content of recycled stainless steel in each product.	
Model No.	Recycled Content (%)
B-155A (25)	60-70%
B-155B (30)	60-70%
B-155C (28)	60-70%
B-158	60-70%
B-161 (14)	60-70%
B-161 (14A)	60-70%
