

Lansinoh 10020

Lansinoh Lanolin Nipple Cream Instruction Manual

MODEL: 10020

1. Product Overview

Lansinoh Lanolin Nipple Cream is a 100% natural solution designed to soothe and protect sore nipples, a common concern for breastfeeding mothers. Trusted by healthcare providers for over 40 years, this ultra-purified cream is safe for both mother and baby, eliminating the need for removal prior to breastfeeding. It is free from petroleum, parabens, additives, preservatives, fragrance, and taste, making it suitable for sensitive skin. Beyond nipple care, it can also be used to moisturize lips, cuticles, and dry heels.

Safe for your baby

No need to
remove before
breastfeeding

No petroleum,
parabens,
fragrance, or
taste

2. Safety Information and Ingredients

Lansinoh Lanolin Nipple Cream is formulated with a single, natural ingredient: 100% HPA Modified Lanolin, USP. This ultra-purified and hypoallergenic composition ensures safety for both mother and baby. There is no need to remove the cream before breastfeeding.

3. Usage Instructions

3.1. Preparation

- Wash hands thoroughly before handling the cream.
- For prenatal use: Lansinoh Lanolin may be applied twice daily during pregnancy to condition nipples, easing dryness and promoting healthy, supple skin.

3.2. Application

1. Soften a pea-sized amount of Lansinoh Lanolin Nipple Cream between your fingers.
2. Apply the softened cream to the entire nipple area after each feeding or as needed.
3. For added protection, apply the cream before showering to safeguard sensitive nipples.

The natural texture of Lansinoh Lanolin is part of its effectiveness. It may be necessary to gently knead the tube prior to dispensing, especially in cooler temperatures.

4. Maintenance

Store Lansinoh Lanolin Nipple Cream at room temperature. Ensure the cap is securely closed after each use to maintain product integrity. No special cleaning procedures are required for the cream itself.

5. Troubleshooting

If you experience persistent nipple soreness, cracking, or discomfort despite regular use of Lansinoh Lanolin Nipple Cream, it is recommended to consult a lactation consultant or healthcare professional. They can assess your latch, feeding technique, or other potential issues and provide personalized advice.
