1. INTRODUCTION

Thank you for choosing the Lemax Village Collection Shop Signs #14363. This decorative accessory is designed to enhance your miniature village display, adding character and detail. This manual provides essential information for the proper placement, care, and maintenance of your shop signs to ensure its longevity and enjoyment.

The Lemax Village Collection is renowned for its intricate details and quality craftsmanship, bringing your miniature world to life. This specific item, model #14363, features a classic design suitable for various village themes.

2. PRODUCT OVERVIEW

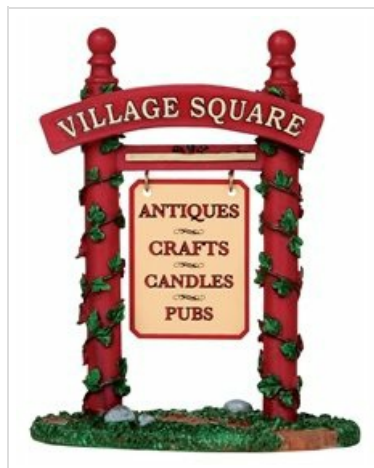

Image 1: Lemax Village Collection Shop Signs #14363. This image displays the complete decorative shop sign accessory, highlighting its detailed design and vibrant colors.

The Lemax Village Collection Shop Signs #14363 is a static decorative piece. It features a red archway structure with a sign at the top reading "Village Square." Below this, a hanging sign lists various establishments: "Antiques," "Crafts," "Candles," and "Pubs." The structure is embellished with green ivy details, adding to its rustic charm. This accessory is designed to complement other items within the Lemax Village Collection.

- **Model Number:** 14363

- **Theme:** Village
- **Style:** Modern Novelty
- **Primary Use:** Decorative accessory for miniature village displays.

3. PLACEMENT AND DISPLAY

Proper placement of your Lemax Shop Signs ensures optimal visual appeal and stability within your village display.

1. **Unpacking:** Carefully remove the shop signs from its packaging. Inspect for any damage that may have occurred during transit.
2. **Surface Preparation:** Choose a flat, stable surface for your village display. Ensure the area is clean and free of debris.
3. **Positioning:** Place the shop signs in a prominent location within your village, such as at the entrance to a town square, near other shops, or as a central landmark. Consider its scale relative to other village buildings and figures.
4. **Stability:** Gently press the base of the shop signs onto the display surface to ensure it is stable and does not wobble. If necessary, use a small amount of non-permanent adhesive (e.g., museum putty) to secure it, especially if the display is in an area prone to vibrations.
5. **Lighting:** Position the shop signs where it can be well-lit, enhancing its details and overall presence in your display.

4. CARE AND MAINTENANCE

To maintain the appearance and extend the life of your Lemax Shop Signs, follow these care instructions:

- **Cleaning:** Dust the shop signs regularly with a soft, dry brush or a clean, lint-free cloth. For more stubborn dirt, lightly dampen a cloth with water (do not use harsh chemicals or abrasive cleaners) and gently wipe the surface. Ensure the item is completely dry before returning it to display or storage.
- **Handling:** Always handle the shop signs by its base to avoid damaging delicate parts. Avoid dropping or subjecting the item to strong impacts.
- **Storage:** When not on display, store the shop signs in its original packaging or a protective container. Keep it in a cool, dry place away from direct sunlight and extreme temperatures, which can cause fading or material degradation.
- **Avoid Moisture:** This item is not designed for outdoor use or exposure to high humidity. Keep it away from water sources.

5. TROUBLESHOOTING

This section addresses common concerns you might encounter with your decorative shop signs.

- **Item is unstable:** Ensure the display surface is completely flat. If the item still wobbles, try repositioning it or using a small amount of museum putty or a similar temporary adhesive under the base to secure it.
- **Dust accumulation:** Refer to the "Care and Maintenance" section for proper cleaning instructions. Regular, gentle dusting is recommended.
- **Minor damage (e.g., small chip):** For minor cosmetic damage, hobby-grade paints can sometimes

be used for touch-ups. Always test on an inconspicuous area first. For significant damage, contact a specialized repair service if desired, as Lemax does not typically offer repair services for individual pieces.
