ABC DESIGN 101045219

ABC Design Risus Infant Car Seat Instruction Manual

Model: 101045219

1. PRODUCT OVERVIEW

The ABC Design Risus is a Group 0+ infant car seat designed for safe and comfortable travel for newborns up to 13 kg (approximately 0-1 year). It features a removable sun canopy with UV 50+ protection and water-resistant fabric. The car seat includes extra padding and a reducer cushion to support the baby's spine during development. It is approved by INMETRO and international safety standards, ensuring high safety compliance.

This car seat can be adapted to various ABC Design stroller models, including 3tec, Salsa 3, Salsa 4, Condor 4, Mint, Okini, Merano 4, Avito, Como 4, and Zoom, by using a separately sold adapter to create a convenient travel system.

2. SAFETY INFORMATION

- Always read and follow all instructions in this manual carefully before installation and use.

- Ensure the car seat is correctly installed and secured in the vehicle at all times.

- Never place the infant car seat on the front passenger seat if the vehicle is equipped with an active airbag.

- Regularly check that the 3-point harness is properly adjusted and snug against your child, without twisting.

- Do not modify the car seat, its components, or use accessories not approved by ABC Design.

- In the event of an accident, even a minor one, the car seat must be replaced as its structural integrity may be compromised.

3. SETUP AND INSTALLATION

3.1 Vehicle Installation (3-Point Seat Belt)

The ABC Design Risus car seat can be installed directly in the rear seat of your vehicle using the vehicle's 3-point seat belt. Ensure the car seat is rear-facing. Follow these general steps:

1. Place the car seat rear-facing on the vehicle seat.

2. Route the vehicle's 3-point seat belt through the designated blue belt guides on the car seat.

3. Buckle the seat belt and pull the shoulder strap firmly to remove all slack, ensuring the car seat is tightly secured and moves no more than 1 inch (2.5 cm) at the belt path.

4. Ensure the carry handle is in the correct upright or rearward position as indicated in the detailed diagrams.

3.2 ISOFIX Base Installation

The Risus car seat can also be mounted on the ABC Design ISOFIX base, which is sold separately. Refer to the ISOFIX base manual for specific installation instructions.

3.3 Stroller Compatibility (Travel System)

To transform your stroller into a travel system, the Risus car seat can be securely attached to compatible ABC Design strollers using the appropriate adapter, which is sold separately. Consult your stroller's manual and the adapter's instructions for proper attachment.

4. OPERATING INSTRUCTIONS

4.1 Securing Your Child

1. Place your child in the car seat.

2. Ensure the shoulder straps of the 3-point harness are positioned at or slightly below your child's shoulders.

3. Fasten the buckle.

4. Pull the adjustment strap to tighten the harness until it is snug against your child's body, ensuring you cannot pinch any slack at the shoulder.

4.2 Adjusting the Sun Canopy

The sun canopy is removable and can be adjusted to provide optimal shade for your child. Simply pull it forward or push it back as needed. To remove, follow the instructions in the detailed manual.

5. MAINTENANCE

5.1 Cleaning the Fabric

The fabric cover of the ABC Design Risus car seat is removable and washable. Refer to the care label on the fabric for specific washing instructions. Generally, it is recommended to machine wash on a gentle cycle with mild detergent and air dry. Do not bleach or tumble dry.

5.2 General Care

- Regularly inspect all parts of the car seat for wear, damage, or loose components.

- Clean plastic and metal parts with a damp cloth and mild soap. Do not use abrasive cleaners or solvents.

- Ensure the harness straps are clean and free from debris that could impede their function.

6. TROUBLESHOOTING

- **Harness too loose:** Ensure the harness straps are correctly routed through the slots and are not twisted. Pull the adjustment strap firmly until the harness is snug.

- **Car seat not stable in vehicle:** Re-check the vehicle seat belt installation or ISOFIX connection. Ensure all slack is removed from the seat belt and the car seat moves no more than 1 inch at the belt path.

- **Sun canopy not staying in place:** Verify that the canopy is correctly attached to the car seat frame.

- **Difficulty with buckle:** Ensure no debris is obstructing the buckle mechanism. If the issue persists, contact customer support.

For further assistance or issues not covered here, please contact ABC Design customer support.

7. SPECIFICATIONS

Model Number	101045219
Certification	002091/2018
Target Gender	Unisex
Materials	Metal, Plastic, Polyester
Battery Required	No
Orientation	Rear-facing
Harness Type	3-point
Color	Black

Manufacturer	ABC Design
