IMPORTANT SAFETY INFORMATION

Always follow basic safety precautions when using electrical appliances to reduce the risk of fire, electric shock, and/or injury to persons, including the following:

- Read all instructions.
- Do not immerse the motor unit, cord, or plug in water or other liquids.
- Close supervision is necessary when any appliance is used by or near children.
- Unplug from outlet when not in use, before putting on or taking off parts, and before cleaning.
- Avoid contact with moving parts.
- Do not operate any appliance with a damaged cord or plug or after the appliance malfunctions or has been dropped or damaged in any manner.
- The use of attachments not recommended or sold by the manufacturer may cause fire, electric shock, or injury.
- Do not use outdoors.
- Do not let cord hang over edge of table or counter, or touch hot surfaces.

- Do not place on or near a hot gas or electric burner, or in a heated oven.
- Check that the lid is securely locked in place before operating the appliance.
- Do not attempt to defeat the lid interlock mechanism.
- Do not use the appliance for other than intended use.
- Do not operate for more than 30 seconds continuously. Allow the motor to cool for at least 1 minute between cycles.

PRODUCT OVERVIEW

The KitchenPerfected Spice & Coffee Grinder is designed for efficient grinding of coffee beans, spices, and herbs. It features a compact design with durable stainless steel components.

- 1. Transparent Lid:** Allows visibility during grinding and features a safety locking mechanism.
- 2. Stainless Steel Blades:** Durable and efficient for grinding.
- 3. Grinding Chamber:** Stainless steel interior for easy cleaning.
- 4. One-Touch Pulse Button:** Simple operation for controlled grinding.
- 5. Motor Unit:** Houses the powerful 150W motor.

SETUP

- Unpack:** Carefully remove all components from the packaging. Retain packaging for future storage or transport.
- Inspect:** Check the grinder for any signs of damage. Do not use if damaged.
- Clean:** Before first use, wipe the exterior of the motor unit with a damp cloth. Clean the transparent lid and the grinding chamber (refer to "Maintenance and Cleaning" section). Ensure all parts are completely dry before assembly.
- Placement:** Place the grinder on a stable, flat, and dry surface. Ensure it is away from heat sources and water.

OPERATING INSTRUCTIONS

Follow these steps to grind coffee beans or spices:

- 1. Prepare Ingredients:** Ensure coffee beans or spices are dry. Do not fill the grinding chamber beyond the maximum fill line (approximately 50g capacity).
- 2. Load Grinder:** Place the desired amount of ingredients into the stainless steel grinding chamber.
- 3. Secure Lid:** Place the transparent lid onto the grinder and twist or press down firmly until it clicks into place. The grinder will not operate unless the lid is properly secured due to the safety locking mechanism.
- 4. Plug In:** Connect the power cord to a standard electrical outlet.
- 5. Grind:** Press and hold the one-touch pulse button. The blades will begin to rotate.

- For a coarser grind, pulse the button in short bursts.
- For a finer powder, hold the button down for a longer duration.

Note: Do not operate continuously for more than 30 seconds. Allow the motor to rest for at least 1 minute between grinding cycles to prevent overheating.

6. **Check Consistency:** Release the button to stop grinding. Unplug the grinder from the outlet. Carefully remove the lid to check the consistency of the grind.
7. **Empty Contents:** Pour the ground ingredients from the grinding chamber.

MAINTENANCE AND CLEANING

Regular cleaning ensures optimal performance and extends the life of your grinder.

1. **Unplug:** Always ensure the grinder is unplugged from the power outlet before cleaning.

2. **Clean Lid:** The transparent lid can be washed with warm, soapy water. Rinse thoroughly and dry completely.
3. **Clean Grinding Chamber:** The stainless steel grinding chamber and blades are not removable. Use a small brush (e.g., a stiff pastry brush or a dedicated cleaning brush) to remove any remaining coffee grounds or spice residue. For stubborn residue, wipe with a damp cloth, then immediately dry thoroughly with a clean, dry cloth. Do not immerse the motor unit in water.
4. **Clean Exterior:** Wipe the exterior of the motor unit with a soft, damp cloth. Do not use abrasive cleaners or scouring pads.
5. **Storage:** Once clean and completely dry, store the grinder in a cool, dry place. The power cord can be wrapped around the base for tidy storage.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Grinder does not turn on.	<ul style="list-style-type: none"> • Lid not properly secured. • Not plugged in. • Power outage. 	<ul style="list-style-type: none"> • Ensure lid is twisted/pressed down until it clicks. • Check if the power cord is securely plugged into a working outlet. • Check household circuit breaker.
Grinding is inconsistent.	<ul style="list-style-type: none"> • Insufficient grinding time. • Overfilling the chamber. 	<ul style="list-style-type: none"> • Hold the pulse button for a longer duration for finer results. • Do not exceed the 50g capacity. Grind in smaller batches if necessary.
Motor smells or overheats.	<ul style="list-style-type: none"> • Continuous operation for too long. 	<ul style="list-style-type: none"> • Do not operate for more than 30 seconds continuously. Allow the motor to cool for at least 1 minute between cycles.

SPECIFICATIONS

Brand: Kitchen Perfected

Model Number: E5602SS

Power: 150W

Capacity: 50g (approx.)

Voltage: 230 Volts

Colour: Stainless Steel

Product Dimensions: 10.01 x 37.49 x 10.01 cm (L x W x H)

Item Weight: 200 g

Features: One-touch operation, quiet motor, stainless steel blades, transparent lid, safety cut-off, safety locking lid.
