

Pirelli Scorpion Verde AS (2056000)

Pirelli Scorpion Verde All Season Tire User Manual

Model: Scorpion Verde AS (2056000)

INTRODUCTION

This manual provides essential information for the proper installation, operation, and maintenance of your Pirelli Scorpion Verde All Season 235/60R18 107V SUV/Crossover Tire. Adhering to these guidelines will help ensure optimal performance, safety, and longevity of your tires.

SETUP AND INSTALLATION

Proper installation is critical for tire performance and safety. It is strongly recommended that tire installation be performed by a qualified professional.

- Vehicle Compatibility:** Ensure the tire size 235/60R18 and load/speed rating 107V are compatible with your vehicle's specifications as recommended by the vehicle manufacturer.
- Professional Mounting:** Tires should be mounted on approved rims by trained technicians using appropriate equipment. Incorrect mounting can lead to tire damage or failure.
- Balancing:** After mounting, tires must be properly balanced to prevent vibrations and ensure even wear.
- Wheel Alignment:** Verify that your vehicle's wheel alignment is within manufacturer specifications. Improper alignment can cause rapid and uneven tire wear.

OPERATING GUIDELINES

To maximize the life and performance of your Pirelli Scorpion Verde All Season tires, follow these operating recommendations:

- **Tire Pressure:** Maintain the tire pressure recommended by your vehicle manufacturer, typically found on a placard inside the driver's side door jamb, glove compartment, or owner's manual. Check pressure regularly when tires are cold.

- **Load Capacity:** Do not exceed the maximum load capacity indicated on the tire sidewall (107V, equivalent to 2149 pounds per tire). Overloading can lead to tire failure.
- **Speed Rating:** The 'V' speed rating indicates a maximum speed of 149 mph (240 km/h) under specified conditions. Always adhere to legal speed limits and adjust driving speed to road and weather conditions.
- **All-Season Performance:** These tires are designed for all-season use, offering reliable performance in various conditions, including light snow. However, they are not intended for severe winter conditions or deep snow/ice.

MAINTENANCE

Regular maintenance extends tire life and ensures safety.

- **Tire Rotation:** Rotate your tires every 5,000 to 7,500 miles (8,000 to 12,000 km) or as recommended by your vehicle manufacturer to promote even wear.
- **Tread Depth Inspection:** Regularly check tread depth. Tires should be replaced when tread depth reaches 2/32 inch (1.6 mm), indicated by the tread wear indicators (Tread Wear Indicator - TWI).
- **Visual Inspection:** Periodically inspect tires for cuts, punctures, bulges, or other damage. Any damage should be inspected by a tire professional immediately.
- **Cleaning:** Clean tires with mild soap and water. Avoid harsh chemicals that can degrade rubber.

TROUBLESHOOTING

If you experience any issues with your tires, consult a qualified tire professional.

- **Uneven Wear:** Can indicate improper inflation, misalignment, or imbalance. Have your vehicle and tires inspected.
- **Vibration:** Often caused by unbalanced tires, bent rims, or suspension issues. Seek professional diagnosis.
- **Loss of Pressure:** Check for punctures, valve stem leaks, or bead leaks. Do not drive on a significantly underinflated tire.
- **Bulges or Cracks:** These are signs of internal damage and require immediate professional inspection. Do not drive on a tire with visible bulges or deep cracks.

SPECIFICATIONS

Key specifications for the Pirelli Scorpion Verde All Season 235/60R18 107V SUV/Crossover Tire:

Specification	Value
Brand	Pirelli
Model	Scorpion Verde AS
Item Model Number	2056000
Size	235/60R18
Load Capacity	107 (2149 Pounds)
Speed Rating	V (149 mph / 240 km/h)
Seasons	Year Round
Tread Type	Asymmetrical
Section Width	235 Millimeters
Rim Width	235 Millimeters
Tire Diameter	369 hundredths_inches
Item Weight	6.3 Kilograms (13.86 pounds)
Construction Type	R (Radial)
UTQG	600AA

WARRANTY INFORMATION

For detailed warranty information regarding your Pirelli Scorpion Verde All Season tire, please refer to the official Pirelli website or contact your authorized Pirelli dealer. Warranty terms and conditions typically cover manufacturing defects and may vary by region and retailer.

CUSTOMER SUPPORT

If you have further questions or require assistance, please contact Pirelli customer service or visit an authorized Pirelli service center. Contact information can typically be found on the official Pirelli website.
